DOMINION OF CANADA.

CHAMBER OF THE SENATE,

Ottawa, Thursday, 2nd January, 1896.

This day, at Three o'clock P.M., His Excellency the Governor General proceeded in state to the Chamber of the Senate, in the Parliament Buildings, and took his seat upon the Throne. The Members of the Senate being assembled, His Excellency was pleased to command the attendance of the House of Commons, and that House being present, His Excellency was pleased to open the Sixth Session of the Seventh Parliament of the Dominion of Canada, with the following Speech :—

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

In accordance with the announcement made during the last session, Parliament has been summoned somewhat in advance of the usual period.

The bountiful harvest with which Canada has been blessed is a cause for the deepest thankfulness to the Giver of all good.

I congratulate you upon the evidence of increased activity in the various branches of commerce and industry.

Several such indications have come under my personal observation during a tour made recently in the North-west Territories and British Columbia. In particular, I noticed the extension of mining enterprise in British Columbia, where the vast mineral resources are in certain localities being now developed and utilized upon something like an adequate scale.

PUISSANCE DU CANADA.

SALLE DU SÉNAT,

Ottawa, jeudi, 2 janvier 1896.

Aujourd'hui à Trois heures P.M., Son Excellence le Gouverneur Général s'est rendu, avec le cérémonial ordinaire, à la Chambre du Sénat, dans l'édifice du Parlement, et a pris son siège sur le Trône. Les membres du Sénat s'étant assemblés, il a plu à Son Excellence d'y faire requérir la présence de la Chambre des Communes, et cette Chambre s'y étant rendue, Son Excellence a ouvert la Sixième Session du Septième Parlement de la Puissance du Canada, par le discours suivant :—

Honorables Messieurs du Sénat:

Messieurs de la Chambre des Communes:

Conformément à la déclaration faite durant la dernière session, le parlement a été convoqué un peu plus tôt que de coutume.

L'abondante moisson dont le Canada a été béni est une cause de sincères remercîments envers le Dispensateur de tous bienfaits.

Je vous félicite sur les preuves d'activité croissante dans les diverses branches du commerce et de l'industrie.

J'ai remarqué plusieurs indices de cette nature dans une tournée que j'ai faite récemment dans les Territoires du Nord-Ouest et la Colombie-Britannique. Le développement des entreprises minières dans la Colombie-Britannique m'a surtout frappé ; dans certaines localités les ressources minérales sont aujourd'hui développées et utilisées sur un pied convenable.

A special feature of the same tour consisted in the opportunities obtained for visiting a number of the Indian Reservations and also the Indian Industrial Schools. On the former I was received with hearty demonstrations of loyalty and good will, while in connection with the latter the proofs of proficiency and intelligence on the part of the children were highly encouraging.

As to the work of the Indian Department as a whole, the manner in which it is directed and administered appears to be very satisfactory.

A reference to these topics would be incomplete without an allusion to the valuable services of the North-west Mounted Police, which may justly be regarded by Canadians generally as indispensable, under present conditions, to the well-being of those extensive and promising portions of the Dominion in which they are stationed.

Immediately after the prorogation of Parliament my Government communicated through the Lieutenant-Governor of Manitoba with the Government of that province, in order to ascertain upon what lines the local authorities of Manitoba would be prepared to promote amendments to the Acts respecting education in schools in that province, and whether any arrangement was possible with the Manitoba Government which would render action by the Federal Parliament in this connection unnecessary. I regret to say that the advisers of the Lieutenant-Governor have declined to entertain favourably these suggestions, thereby rendering it necessary for my Government in pursuance of its declared policy to introduce legislation in regard to this subject. The papers will be laid before you.

I am happy to inform you that the representations of my Government and the suggestions of the Ottawa Conference respecting steamship communication have resulted in an announcement by the Imperial authorities of their willingness to grant a substantial subvention towards the Atlantic portion of the scheme. This will, I trust, ensure the successful establishment of a line of steamers between the United Kingdom and Canada, which, in point of speed and equipment, shall fully meet all requirements.

My Government have also learned with satisfaction that it is the intention of the Secretary of State for the Colonies to appoint a Committee to consider a proposed Pacific Cable to connect Canada with Australasia. You will, I am sure, share the gratification with which my advisers welcome these announcements as affording further evidence of the desire of Her Majesty's Government to draw closer to each other and to the motherland the outlying portions of the Queen's Dominions. The papers on these subjects will also be submitted to you.

Your attention will be asked to measures intended to provide for the better arming of our militia and the strengthening of Canadian defences.

The growth of population in the North-west Territories as disclosed by the last enumeration calls for additional representation in Parliament. A bill for this purpose will be laid before you.

I am happy to be able to inform you that the Commissioners appointed by Great Britain and the United States for the purpose of delimiting the boundary between Alaska and Canada have concluded their labours and have signed a joint report for presentation to their respective governments. This report will be laid before Parliament in due time.

Cette tournée m'a aussi fourni l'occasion de visiter plusieurs des réserves indiennes, et aussi les écoles industrielles des Sauvages. Chez les premiers j'ai été reçu avec de vives démonstrations de loyauté et d'amitié ; dans les écoles les preuves d'avancement et d'intelligence démontrées chez les élèves sont très encourageantes.

Quant au travail du département des Sauvages, comme tout, la manière dont il est conduit et administré semble très satisfaisante.

En parlant des Territoires du Nord-Ouest il n'est que juste de faire mention des précieux services de la police à cheval du Nord-Ouest ; dans les circonstances actuelles ce corps peut justement être considéré par les Canadiens en général comme indispensable au bien-être de ces vastes et riches parties du Canada où il est stationné.

Immédiatement après la prorogation du parlement, mon gouvernement s'est mis, par la voie du lieutenant-gouverneur du Manitoba, en communication avec le gouvernement de cette province, afin de s'assurer dans quel sens les autorités locales du Manitoba seraient prêtes à apporter des modifications aux actes concernant l'éducation dans les écoles de cette province, et savoir s'il serait possible de faire quelque arrangement avec le gouvernement du Manitoba qui éviterait au parlement fédéral la nécessité de s'occuper de la chose. Je regrette de dire que les aviseurs du lieutenant-gouverneur ont refusé d'admettre favorablement ces suggestions, ce qui a obligé mon gouvernement, conformément à sa politique déjà déclarée, d'introduire une législation à ce sujet. Les documents vous seront soumis.

Je suis heureux de vous apprendre que grâce aux représentations de mon gouvernement et aux suggestions de la Conférence d'Ottawa relative aux communications par vapeurs, les autorités impériales ont annoncé qu'elles étaient prêtes à accorder une subvention matérielle pour la partie atlantique du projet. Ceci aura l'effet, j'en suis convaincu, d'assurer le succès de l'établissement d'une ligne de vapeurs entre le Royaume-Uni et le Canada, laquelle en fait de vitesse et d'équipement, fera face à toutes les exigences.

Mon gouvernement a aussi appris avec satisfaction que le Secrétaire d'Etat pour les colonies avait l'intention de nommer un comité chargé d'étudier le projet d'un câble Pacifique reliant le Canada avec l'Australasie. Je suis convaincu que vous partagerez la satisfaction avec laquelle mes aviseurs ont acclamé cette nouvelle preuve du désir du gouvernement de Sa Majesté de réunir plus intimement les liens qui unissent la mère patrie et les parties éloignées des possessions de la Reine. Les documents relatifs à ces sujets vous seront aussi soumis.

Vous serez invités à étudier des mesures destinées à mieux armer notre milice et renforcer les défenses canadiennes.

L'accroissement de la population dans les Territoires du Nord-Ouest, que le dernier recensement a dévoilé, exige une représentation plus nombreuse en parlement. Un projet de loi à cet effet vous sera soumis.

Je suis heureux de pouvoir vous informer que les commissaires nommés par la Grande-Bretagne et les Etats-Unis dans le but de délimiter la frontière entre l'Alaska et le Canada, ont fini leurs travaux et ont signé un rapport conjoint pour présenter à leurs gouvernements respectifs. Ce rapport sera soumis au parlement en temps propice.

At the request of the Right Honourable the Secretary of State for the Colonies a delegate of my Government visited England last summer to confer with the Imperial authorities upon the question of Copyright. His report will be laid before you, and I doubt not that this subject will again receive your earnest attention.

You will also be asked to consider measures for the extension and development of our trade in agricultural products with the United Kingdom, and other markets.

Gentlemen of the House of Commons:

The accounts of the past and the estimates for the ensuing year will be laid before you. The latter have been framed with every regard for economy consistent with the requirements of the public service.

You will be pleased to learn that the revenues of the country show a gradual and continuous increase, and that the promised equilibrium between income and expenditure on Consolidated Fund account for the current year bids fair to be realized.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

I commend these subjects and others which may come before you to your earnest consideration, relying upon your wisdom and prudence under the Divine guidance to discharge with dignity and effect the high trust committed to your care.

A la prière du Très-honorable Secrétaire d'Etat pour les Colonies, un délégué de mon gouvernement a visité l'Angleterre l'été dernier, à l'effet de s'entendre avec les autorités impériales sur la question des droits d'auteurs. Son rapport vous sera soumis, et je ne doute pas que cette question recevra encore votre sérieuse attention.

Vous aurez aussi à vous occuper de mesures pour le développement de notre commerce en produits agricoles avec le Royaume-Uni, et autres pays.

Messieurs de la Chambre des Communes:

Les comptes de l'année dernière et les estimations pour l'année prochaine vous seront soumis. Les estimations ont été préparées avec toute l'économie compatible avec les exigences du service public.

Vous apprendrez avec plaisir que les revenus du pays indiquent une augmentation graduelle et continue, et que l'équilibre que l'on vous avait promis entre les recettes et les dépenses à compte du Fonds consolidé pour l'année courante sont en bonne voie de se réaliser.

Honorables Messieurs du Sénat:

Messieurs de la Chambre des Communes:

Je recommande ces sujets et les autres dont vous aurez à vous occuper à votre sérieuse considération, confiant que dans votre sagesse et votre prudence et guidés par la grâce de Dieu vous remplirez dignement la haute mission qui vous est confiée.

The 3rd day of October, 1895.

PRESENT:

The Queen's Most Excellent Majesty in Council.

WHEREAS by an Order in Council, dated 30th July, 1868, made by Her Majesty in exercise of the powers conferred upon Her by The Merchant Shipping Act Amendment Act, 1862, Her Majesty was pleased to direct that the merchant ships of the United States of America, the measurement whereof should after the 1st January, 1865, have been ascertained and denoted on the registers and other national papers of such ships, testified by the dates thereof, should be deemed to be of the tonnage denoted in such registers or other national papers, in the same manner, to the same extent, and for the same purpose, in, to, and for which the tonnage denoted in the certificate of registry of British ships is deemed to be the tonnage of such ships, after making therefrom the same deductions in respect of crew space and engine room, as would, if such ships were British, be made from their gross tonnage under the laws relating to British ships;

And whereas by another Order in Council, dated 19th March, 1883, made in exercise of the aforesaid powers, Her Majesty was pleased to direct as follows:—

1. As regards sailing ships:—that merchant sailing ships of the United States of America, the measurement whereof after the 5th August, 1882, has been ascertained and denoted in the registers and other national papers of such sailing ships, testified by the date thereof, shall be deemed to be of the tonnage denoted in such registers and other national papers in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British sailing ships is deemed to be the tonnage of such ships.
2. As regards steamships:—that merchant ships belonging to the United States of America, which are propelled by steam or any other power requiring engine room, the measurement whereof shall, after the said 5th day of August, 1882, have been ascertained and denoted in the registers and other national papers of such steamships, testified by the dates thereof, shall be deemed to be of the tonnage denoted in such registers or other national papers in the same manner, to the same extent, and for the same purpose in, to and for which the tonnage denoted in the certificate of registry of British ships is deemed to be the tonnage of such ships. Provided nevertheless that if the owner or master of any such American steamship desires the deduction for engine room in his ship to be estimated under the rules for engine room measurement and deduction applicable to British ships, instead of under the American rule, the engine room shall be measured and the deduction calculated according to the British rules.

And whereas by section 84 of The Merchant Shipping Act, 1894, it is enacted that, whenever it appears to Her Majesty the Queen in Council, that the tonnage regulations of that Act have been adopted by any foreign country, and are in force there, Her Majesty in Council may order that the ships of that country shall, without being remeasured in Her Majesty's dominions, be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship;

And whereas it has been made to appear to Her Majesty in Council that the tonnage regulations of The Merchant Shipping Act, 1894, have been adopted by the United States of America, and such regulations are now in force there, having come into operation on the 1st day of April, 1895;

And whereas there still are or may be ships belonging to the United States of America to which the hereinbefore recited Orders of the 30th July, 1868, and the 19th March, 1883, may respectively apply, and it is expedient not to revoke the same, but to let the said recited Orders remain in force so long as there are any ships to which the same may so respectively apply;

And whereas the provisions of section one of The Rules of Publication Act, 1893, have been complied with:

Now therefore Her Majesty, in pursuance and exercise of the powers hereinbefore mentioned, is hereby pleased, by and with the advice of Her Privy Council, to direct that the merchant ships of the United States of America the measurement whereof shall, after the 1st day of April, 1895, have been ascertained and denoted in the registers and other national papers of such ships, shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent and for the same purposes as the tonnage denoted in the certificates of registry of a British ship is deemed to be the tonnage of that ship.

Monday, the 18th day of November, 1895.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 11th November, 1895, from the Minister of the Interior, submitting that by an Order in Council of 10th January, 1895, authority was granted for the sale to Mrs. Margaret Gunn, of the north-west quarter of Section 16, Township 10, Range 18 west of the 1st Meridian, at one dollar an acre. Mrs. Gunn now represents that she is not in a position to avail herself of this privilege, and asks that, instead thereof, the whole half-section be sold to a person named by her, the price to be $1.25 an acre.

The Minister submits a report upon the case by the Deputy Minister of the Interior wherein the facts are recited, and the application recommended, and he, the Minister, is of opinion that this case is one which comes within the class of those which it has been customary, in the past, to dispose of in the manner suggested.

The Minister recommends that, under section 41 of The Dominion Lands Act, he be authorized to cancel Mrs. Gunn's homestead and pre-emption entries for the west half of Section 16, Township 10, Range 18 west of the 1st Meridian, and to sell the half-section to her nominee at $1.25 an acre.

The Committee submit the foregoing recommendation for Your Excellency's approval.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 2nd December, 1895, from the Minister of the Interior, submitting that the Windsor School District No. 265, of the North-west Territories, have applied for one acre of land in the north-west corner of the north-east quarter of Section 31, Township 26, Range 6 west of the 2nd Meridian, being a parcel of land five chains due south by two chains due west, for the purpose of a school site upon which to erect a school-house.

The Minister states that the land forms a portion of the grant to the Manitoba and North-western Railway Company, which company has relinquished its right to the one acre in question, and he therefore recommends that he be authorized to issue to the said School District letters patent for the acre of land applied for, under the terms and conditions imposed by clause 31 of The Dominion Lands Act.

The Committee submit the above recommendation for Your Excellency's approval.

Saturday, the 14th day of December, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th December, 1895, from the Minister of the Interior, stating that on the 18th day of May, 1892, Mr. D. Maloney, of St. Albert, a member of the Legislative Assembly of the North-west Territories, made a Military Homestead entry for the east half of Section 14, Township 52, Range 25, west of the 4th Meridian. Mr. Maloney now represents that on account of the nature of his duties as a member of the North-west Assembly, he has been unable to complete the performance of the residence and cultivation prescribed by the law, and he asks that he be permitted to purchase the half-section mentioned for the sum of $480, being one-half of the regulation price of $3 per acre.

The Minister is of opinion that Mr. Maloney's request is a reasonable one, and he recommends that he be authorized to sell the land to any person who may be named for that purpose by Mr. Maloney at the price mentioned, namely $480.

The Committee advise that the requisite authority be granted.

JOHN J. McGEE,
Clerk of the Privy Council.

Saturday, the 14th day of December, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 7th December, 1895, from the Minister of the Interior, stating that Mr. W. B. Scarth, then agent of Lord Mount Stephen, made certain advances during the years 1886, 1887, 1888 and 1889, to Count Paul O. D'Esterhazy, amounting with interest to the 30th September last, to $653.83 under the plan sanctioned by the Minister of the Interior, for the purpose of assisting Count D'Esterhazy to settle on the south-east quarter of Section 7, Township 19, Range 1 west of the 2nd Meridian. Attached hereto are a statutory declaration made by Mr. Scarth of the facts of the case and a statement of the indebtedness, the declaration setting forth that Count d'Esterhazy has never discharged the debt and has left the country.

The Minister further states that Mr. L A. Hamilton, the Land Commissioner of the Canada North-west Land Company, has now made application to the Minister of the Interior, on behalf of Lord Mount Stephen, for the issue of a patent in the latter's name for the above mentioned land, stating that after receiving the advances shown in the statement of indebtedness above mentioned Count d'Esterhazy refused to execute the lien necessary under The Dominion Lands Act to create a charge against the land as a security for the advance.

The Minister, after a very careful consideration of the provisions of The Dominion Lands Act under which liens for advances to settlers may be recognized by the Minister of the Interior, and patents may be issued to the lien holders in the cases of delinquent settlers, is of the opinion that the application for the issue of a patent to Lord Mount Stephen for the south-east quarter of Section 7, Township 19, Range 1 west of the 2nd Meridian, cannot be granted; for, although there is sufficient evidence to establish an advance by Lord Mount Stephen to Count d'Esterhazy, notwithstanding statements to the contrary made by the latter, two of the most important conditions precedent to the recognition by the Minister of the Interior of the advances have not been complied with, Count d'Esterhazy never having made a homestead entry for the land for which the issue of a patent is now asked, and never having executed the lien in the form required by The Dominion Lands Act, or in any other form.

The Minister desires to point out in connection with the statement of account that the amount of the advance is in excess of the $600 limited by The Dominion Lands Act, and also contains items which do not fall within the class of items mentioned in the Act, or in the Schedule to the form of acknowledgement.

The Minister, while he does not consider that a patent under the provisions of The Dominion Lands Act, relating to advances to settlers could be issued to Lord Mount Stephen in this case, is nevertheless of opinion that the circumstances above set forth would amply justify the sale of the quarter-section at the minimum rate of Dominion lands, as set forth in clause 29 of The Dominion Lands Act.

The Minister, therefore, recommends that he be authorized to sell to Lord Mount Stephen the south-east quarter of Section 7, Township 19, Range 1 west of the 2nd Meridian, at the rate of $1 per acre, and issue a patent therefor, upon the completion of the purchase.

The Committee advise that the requisite authority be granted as above recommended.

Clerk of the Privy Council.

Monday, the 2nd day of December, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 15th November, 1895, from the Minister of the Interior, submitting that the north-west quarter of Section 7, Township 4, Range 14 west of the 1st Meridian, containing an area of 162·47 acres, was sold to the late Andrew Mabon, of Roseberry, Manitoba, on the 6th July, 1880, at $2.00 per acre, and that the purchaser paid one instalment of $33.00 leaving a balance due of $291.94.

The Minister states that Mr. Andrew Mabon died on the 3rd of February, 1894, and he has received an application from Mr. John Mabon, of St. Louis Station, County of Beauharnois, the father of the deceased purchaser, stating that he has come into possession of all his son's property and desires to acquire the above mentioned land at the lowest rate at which the Department of the Interior will dispose of it to him.

The Minister states that it is represented to him that the deceased purchaser had been in actual occupation of the land, but had been unfortunate in the matter of losing his crops and in consequence did not fulfil his purchase.

The Minister therefore recommends that, under the circumstances, he be authorized to cancel the original sale, and sell the quarter-section to Mr. John Mabon, at the rate of $2.00 per acre, the price at which the sale was originally made to the late Andrew Mabon.

The Committee submit the above recommendation for Your Excellency's approval.

Clerk of the Privy Council.

WHEREAS permission has been asked to fish for Steel-head Salmon in the Fraser River, until the 15th of February; and, as little is known of the habits of these fish, the Minister of Marine and Fisheries is of opinion that, with due safe-guards, such fishing might be permitted during the present season as an experiment, and for the purpose of collecting evidence regarding the winter migration of fish in the Fraser River.

His Excellency, in virtue of the powers conferred upon him by The Fisheries Act, (chapter 95 of the Revised Statutes), and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that section 4 of the General Fishery Regulations for British Columbia, as approved by Order in Council of the 3rd of March, 1894, be amended by adding the following clause thereto, viz. :—

" Provided that the use of drift-nets, having an " extension measure of not less than seven and three " quarters $(7\frac{3}{4})$ inches be permitted in fishing for " Steel-head Salmon in the Fraser River, from the 1st " December, 1895, to the 15th of February, 1896."

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 12th November, 1895, from the Minister of the Interior, submitting that in the year 1878, the Department of Indian Affairs allotted to the Nicomen Band of Indians, in Yale District, British Columbia, two small reserves to be known as the Put-kwa and Shu-ouch-ten Reserves, containing an area of 10·50 acres each. These Reserves were surveyed in the year 1886, and were found to lie within the railway belt ceded to the Dominion by the Province of British Columbia, and have been located in Township 15, Range 26 west of the 6th Meridian, in the Dominion Lands System of Survey.

The Minister further states that the Department of Indian Affairs has submitted a plan and descriptions of the Reserves in question, and desires the assent of Your Excellency thereto.

The Minister, on examination, finds that the lands desired are vacant and available for the purpose mentioned, and he, therefore, recommends that the areas of 10·50 acres each, coloured pink on the accompanying map and in accordance with the descriptions furnished (copies of which, approved by the Surveyor General, are also hereto attached) be set apart and reserved for the purposes of the Nicomen Band of Indians in British Columbia.

The Committee submit the foregoing for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

Description of the Put-kwa Indian Reserve.

Those certain tracts or parcels of land situate in Sections 11 and 14, in Township 15, in Range 26 west of the 6th Meridian, in the Railway Belt, British Columbia, and which may be more particularly described as follows ;—

1. Commencing at a point on the north boundary of said Section 11, distant easterly twenty-five chains and seventeen links from the north-west corner of the same ; thence southerly parallel to the west boundary of said Section, a distance of thirteen chains and twenty-four links ; thence easterly parallel to the north boundary of said Section, a distance of two chains and sixty-nine links, more or less, to the right bank of the Thompson River ; thence northerly following upon said bank to its intersection with the north boundary of said Section ; thence westerly along the said north boundary to the point of commencement.

2. Commencing at the point on the south boundary of said Section 14, distant easterly twenty-five chains and seventeen links from the south-west corner of the same ; thence northerly parallel to the west boundary of said Section 14, a distance of six chains and seventy-six links ; thence easterly parallel to the south boundary of said Section 14, a distance of seven chains and seventy-seven links, more or less, to the right bank of the Thompson River ; thence southerly following upon said bank to its intersection with the said south boundary ; thence westerly along said south boundary to the point of commencement ; containing together an area of ten and a half acres, be the same, more or less.

Description for the Shu-ouch-ten Indian Reserve.

Those certain tracts or parcels of land situate in Sections 13 and 14, in Township 15, in Range 26 west of the 6th Meridian, in the Railway Belt, British Columbia, and which may be more particularly described as follows ;—

1. Commencing at a point on the west boundary of said Section 13, distant southerly thirty-nine chains and ninety links from the north-west corner of the same ; thence easterly parallel to the south boundary of said Section 13, a distance of five chains and eighty-one links ; thence southerly parallel to said west boundary, a distance of twelve chains and thirty-three links, more or less, to the north bank of the Thompson River ; thence westerly along said bank to its intersection with the said west boundary ; thence northerly along said west boundary to the point of commencement.

2. Commencing at a point on the east boundary of said Section 14, distant southerly thirty-nine chains and ninety links from the north-east corner of the same ; thence westerly parallel to the south boundary of said Section 14, a distance of four chains and nineteen links ; thence southerly parallel to the said east boundary, a distance of ten chains and fifty links, more or less, to the north bank of the Thompson River ; thence easterly following along said bank to its intersection with the said east boundary ; thence northerly along said east boundary to the point of commencement ; containing together an area of ten acres and a half, more or less. 25-4

Saturday, the 3rd day of August, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 25th July, 1895, from the Minister of the Interior, submitting that through the instrumentality of the Reverend Dom Paul Benoit, the Reverend Armano M. Mourez, and the Reverend A. H. Chalumeau, two very successful colonies of agriculturists from France have been established at Notre-Dame de Lourdes, in Townships 6 and 7, Ranges 8 and 9 west of the 1st Meridian, and at St. Claude, in Townships 7 and 8 in the same ranges. These gentlemen have made several trips from Canada to France and from France to Canada, in order to induce people to settle in Manitoba. The section of country which they selected, while it appears to be very suitable to the class of farmers whom they have been successful in inducing to settle in the two parishes mentioned, was passed over by other land seekers. By their efforts, however, almost all the homesteads available in that section of Manitoba have been taken up.

The Minister states that at the initiation of the settlement in 1893, there were as many as 120 settlers in Notre-Dame de Lourdes, and 55 in St. Claude, and the population in the meantime has greatly increased not only by natural causes, but also by immigration from France. The three gentlemen named obtained each a homestead entry shortly after their arrival in this country, the Reverend Dom Paul Benoit obtaining an entry for the north-west quarter of Section 32, Township 6, Range 8 west of the 1st Meridian, on the 21st May, 1891, the Reverend A. H. Chalumeau, for the north-east quarter of Section 20, Township 8, Range 7, on the 21st April, 1893, and the Reverend A. M. Mourez for Legal Subdivisions 9, 10 and 16 of the north-east quarter of Section 36, Township 6, Range 9 west of the 1st Meridian, on the 6th December, 1894. They have substantially complied with all the conditions of the homestead law, except as to residence, which the nature of their duties and the rules of their Order will not permit to be made upon their respective homesteads, as they are required to live in the community.

The Minister, under the circumstances, and in view of their energetic and successful efforts on behalf of immigration, recommends that upon satisfactory proof being given that they have become naturalized British subjects, they be permitted to acquire their respective homesteads on payment of the minimum price fixed by the law for Dominion lands, namely, at $1.00 per acre.

The Minister further adds that the area and the amount of purchase money resulting from the sale of these homesteads at the above named price will be as follows :—

Legal Subdivisions 9, 10 and 16 of the north-east quarter of Section 36, Township 6, Range 9 west of the 1st Meridian, containing 120 acres, $120 ; the north-west quarter of Section 32, Township 6, Range 8 west of the 1st Meridian, containing 159·32 acres, $159.32 ; and the north-east quarter of Section 20, Township 8, Range 7 west of the 1st Meridian, containing an area of 160 acres, $160, making the total amount of purchase money $439.32.

The Committee submit the above recommendation for Your Excellency's approval.

REGULATIONS.

1. Every person appointed as Official Weigher under the provisions of the said Act, shall have sole control of the scales and weights at any elevator for which he is authorized to act, and may require the said scales and weights to be tested and inspected whenever he may have reason to doubt their accuracy.

2. He may appoint such Assistant Weighers subject to confirmation by the Department of Inland Revenue, as may be required, for whose official acts he shall be responsible as if done by himself.

3. On every car load he is required to weigh he may collect a fee of twenty-five cents.

4. He shall be subject to the same penalties in respect of incorrect weighing as are imposed upon Inspectors of Grain under The Inspection Act.

5. Before entering upon his duties as official weigher he shall give such bonds for the proper performance of his duties and that of his assistants as may be required by the Department of Inland Revenue.

6. He shall, before entering upon his duties, take before a Notary or Justice of the Peace the following oath, viz. :—

I   solemnly swear that I will faithfully, truly and honestly, to the best of my skill and understanding execute the office and perform the duties of Official Weigher, and that I will not, directly or indirectly or by means of any other person or persons on my behalf receive any fee, reward or gratuity whatever (except such as are allowed me by law) by reason of any function of my office as Official Weigher.

ON a Memorandum, dated 18th November, 1895, from the Superintendent General of Indian Affairs submitting herewith regulations passed by the Council of the Saugeen Band of Indians under section 76 of The Indian Act.

The Minister states that the regulations are framed on a model furnished by the Department of Indian Affairs, and he recommends that they be confirmed under the aforesaid section.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

REGULATIONS.

The Council of the Saugeen Band of Indians in the Province of Ontario, enact, subject to confirmation by the Governor General in Council, under section 76 of The Indian Act, the following regulations :—

1. The Council may appoint by resolution one or more persons to visit each Indian residence within the reserve during the first week of every month, and to notify each owner or occupant on whose premises there is found any filth, offal, or carcass, to remove or bury the same ; and every Indian who on being so notified fails within twenty-four hours to remove or bury any such filth, offal or carcass shall be liable to a penalty of $2 or to a term of imprisonment not exceeding ten days.

2. Every Indian owner or occupant shall keep his premises clear of all noxious weeds; and any such owner or occupant who fails to remove any such noxious weeds found growing upon his premises within fourteen days of his being notified so to do by

the Indian Agent or any person thereunto authorized by the Council, shall be liable to a penalty of not more than $2 or to a term of imprisonment not exceeding ten days.

3. Every able-bodied Indian resident upon the reserve and every non-resident owner shall at a time appointed by the Council, contribute three days labour on public work of the nature described in paragraphs (*f*) and (*g*) of section 76 of The Indian Act, upon the reserve, or as may be indicated by a supervisor appointed by the Council; and every Indian resident upon the reserve and every non-resident owner who fails or refuses to contribute such three days labour when called upon to do so under the authority of the Council shall be liable to a penalty of $3 or to a term of imprisonment not exceeding fifteen days.

We hereby certify that the above regulations were passed by the Saugeen Indian Council, November 4, 1895.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 2nd day of December, 1895.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 14th November, 1895, from the Minister of the Interior, submitting that by Order in Council of the 28th March, 1891, the north-west quarter of Section 18, Township 17, Range 19 west of the 2nd Principal Meridian, was reserved from sale and settlement for the purpose of enabling the Minister of Justice to select the whole or such portion thereof as he might find necessary for the purposes of the Regina Jail, and stating that the Deputy Minister of Justice now reports that this quarter-section is required for the purposes of the jail at Regina, and that it is desirable that the title should be transferred to the Department of Justice in order that the jail reserve may be defined and proclaimed as such.

The Minister therefore recommends that the said north-west quarter of Section 18, Township 17, Range 19 west of the 2nd Principal Meridian, excepting thereout one chain in width extending along the eastern boundary thereof, which had been sold to Mr. George A. Montgomery before the passage of the Order in Council of 28th March, 1891, be transferred to the Department of Justice for the purposes of the Regina jail.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 2nd day of December, 1895.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a report, dated 13th November 1895, from the Minister of the Interior, submitting that an application has been received from the Qu'Appelle Agricultural Society, of Fort Qu'Appelle, Assiniboia, for a grant of land as a site for the society's buildings.

The Minister recommends, it having been ascertained from the society that that portion of the north-west quarter of Section 7, Township 21, Range 13 west of the 2nd Meridian, lying north of the Qu'Appelle River, which was at one time included within the Mounted Police Reserve, and containing about 12 acres more or less, would be suitable for the purpose, and the land being available, that he be authorized to make a free grant of the same in favour of the society, under clause 31 of The Dominion Lands Act, chapter 54 of the Revised Statutes of Canada, and to issue letters patent for the land, the conditions and uses to which it is to be subject being expressed in such letters patent.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
24-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 7th day of December, 1895.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 14th November, 1895, from the Minister of the Interior, stating that he has received an application from the Deputy Superintendent General of Indian Affairs, for the reservation of portions of Sections 4, 5 and 6, all of Sections 7, 8 and 9, in Township 27, Range 16, and portions of Sections 13, 14 and 15, and all of Sections 22, 23 and 24, in Township 27, Range 17, all west of the 2nd Meridian, for Hay Lands for the use of the Indians of the George Gordon and Muscowequan Bands.

The Minister observes, that the Deputy Superintendent General of Indian Affairs has reported that these Indians have been compelled to cut hay off their reserve in order to winter their stock, there not being sufficient on the reserve for their purpose, as they are engaged to a large extent in cattle raising.

The Minister recommends that, as the lands in question are vacant and available, they be reserved for Hay Lands for the use of the Indians of the George Gordon and Muscowequan Bands.

The Committee submit the foregoing recommendation for Your Excellency's approval.

JOHN J. McGEE,
24-4 Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 63 of 1895.

I. REMOVAL OF WHISTLING BUOY FROM NORTH POINT TO WEST POINT, PRINCE EDWARD ISLAND.

It is proposed, on the opening of navigation next spring, to remove the whistling buoy established in 1894 off the North Point of Prince Edward Island, to a position at the Western entrance of Northumberland Strait, off the West Point of Prince Edward Island.

It will probably be placed in the fairway of steamers in about 15 fathoms water, about 7½ miles N.W. of West Point ligthouse, and about 3 miles outside of the 2¾ fathom patch on West Reef, shown on chart No. 2034.

Further notice respecting the position of this buoy will be published when it is placed.

This notice affects Admiralty charts Nos. 1651, 2034 and 2666, and Canadian List of Lights and Fog Signals No. 385.

II. SOURIS EAST BREAKWATER LIGHT DISCONTINUED, AND RED SECTOR REPLACED IN KNIGHTS POINT LIGHT.

Information has been received by this department that a storm on the 6th instant carried away the mast and shelter shed from which a light was exhibited on the outer end of Souris East Breakwater, on the east coast of Prince Edward Island. It will be impossible to re-establish this light before next spring. In the interval a red sector will be shown from the lighthouse on Knights Point, 300 feet S.E. from the breakwater, similar to that established in 1881 and afterwards discontinued, to indicate the anchorage ground under the shelter of the breakwater.

Vessels running for shelter will stand in until they bring the light to bear S.E. by S. when they open the red light. They are then inside the breakwater and by rounding up and keeping the red light open they will come to safe anchorage off the head of the railway wharf.

This notice affects Admiralty charts Nos. 2034 and 2666, and Canadian List of Lights and Fog Signals, Nos. 349 and 350.

III. COLOUR OF SHIP HARBOUR LIGHT.

In Notice to Mariners No. 41 of 1895, no mention is made of the colour of the light recently established on Wolf Point, Ship Harbour. It is a fixed white or bright light.

This notice affects Canadian List of Lights No. 210.

WM. SMITH,
Deputy-Minister of Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 10th December, 1895. 25–3

PUBLIC Notice is hereby given that under The Companies Act letters patent have been issued under the Great Seal of Canada, bearing date the 14th day of December, 1895, incorporating William Yuile, manufacturer, John Winer Wardrope, accountant, David George Wardrope, accountant, William Frederic Thomas Storey, clerk, all of the City and District of Montreal, in the Province of Quebec; William Lough, lumber merchant, of the City of Ottawa, in the Province of Ontario, for the following purposes, viz:—(*a.*) To purchase, lease, and acquire and own mills, timber lands, and licenses, and to acquire and own licenses to cut timber on Government and other lands, and also to purchase, acquire and own land and property and water privileges connected with the purposes of constructing wood mills, piling grounds and other buildings and constructions necessary for the carrying on of the business of lumber manufacturers, and for the manufacturing of all kinds of timber, railway ties, logs, sawn and planed lumber, laths, shingles, pulp, and other goods manufactured from wood; (*b.*) To carry on the business of general merchants so far as necessary to supply their workmen and employees with such goods, wares and merchandise as they may from time to time require; (*c.*) To acquire, and operate such steamers and barges, as may be necessary for the transport of their timber, lumber, ties and other articles mentioned in clause (*a*),—by the name of "The New Richmond Lumber Company" (Limited), with a total capital stock of ten thousand dollars divided into one thousand shares of ten dollars.

Dated at the office of the Secretary of State of Canada, this 20th day of December, 1895.

W. H. MONTAGUE,
Secretary of State.

NOTICE TO MARINERS.

No. 64 of 1895.

I. INCREASED HEIGHT OF LIGHT ON COBURG EAST PIER HEAD.

The mast from which a light is shown on the east pier head at the entrance to Coburg Harbour, on Lake Ontario, was lately replaced by a higher mast. The new mast rises 19 feet above the deck of the pier. The light is elevated 23 feet above the level of the lake and should be visible 9 miles from all points of approach.

This Notice affects Admiralty Charts No. 797 and 1152, and Canadian List of Lights and Fog Signals No. 911.

II. CHANGE IN ILLUMINATING APPARATUS AT PRESQU'ILE.

In May, 1895, the illuminating apparatus at Presqu'Ile main light station, on the north shore of Lake Ontario, was changed by substituting for the reflectors previously used three 7th order dioptric lenses, arranged one above the other.

The character of the light remains as previously, fixed white. The light is elevated 67 feet above the lake and should be visible from all points seaward 13 miles.

This Notice affects Canadian List of Lights No. 908.

III. CHANGE IN ILLUMINATING APPARATUS AT SULPHUR ISLAND.

In October, 1894, the illuminating apparatus at Sulphur Island light station, in North Channel, Lake Huron, was changed by replacing the lamps and reflectors previously usud by a 7th order dioptric apparatus. The light, as previously, remains fixed white, elevated 45 feet above the level of the water, and should be visible 12 miles from all points of approach.

This Notice affects Canadian List of Lights and Fog Signals No. 1078.

WM. SMITH,
Deputy-Minister of Marine and Fisheries.
Department of Marine and Fisheries,
Ottawa, Canada, 10th December, 1895.

☞ All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Deputy-Minister of Marine and Fisheries, Ottawa, Canada. 25-3

TO ADVERTISERS IN THE *GAZETTE*.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules:

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. Invariably remit the fees for such advertisements, together with the price of one Gazette, as below. Otherwise they will not be inserted. The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions:—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent—6 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped from them at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application; such notice except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz:

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No Petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

EDOUARD J. LANGEVIN,
Clerk of the Senate.
JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51*a*. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b*. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill:—

(*a.*) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or autho-

rized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b.*) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

—

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :--

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed, and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Act respecting Extra-Judicial Oaths.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

NOTICE is hereby given that application will be made to the Parliament of the Dominion of Canada, at its next session, for an Act to incorporate a company for the purpose of constructing, equipping, maintaining and operating a railway from a point at or near the mouth of Trail Creek, on the Columbia River, extending through or near the towns of Rossland and Midway, to a point on the Okanagan Lake at or near the town of Penticton, in the Districts of West Kootenay and Osoyoos, British Columbia ; with powers to construct, equip, maintain and operate branch lines therefrom to all mines lying in the vicinity thereof ; and also to construct, equip, maintain and operate telegraph and telephone lines ; and to build wharves and docks in connection therewith ; together with the powers of acquiring lands, privileges, bonuses or other aids from any Government, municipal corporation or other persons or bodies, and to make traffic or other arrangements with railway, steamboat or other companies ; and for all other usual, necessary or incidental rights, powers and privileges in that behalf.

LAWRENCE LYNCH,
24-5 Sec. Q. M. and C. Railway Co.

NOTICE is hereby given in accordance with the provisions of section 15 of The North-west Irrigation Act, as amended, that the application of The Calgary Irrigation Company for the right to divert sufficient water from the Elbow River, on the S. E. ¼ of Section 4, Township 24, Range 4, W. of 5th Meridian, and on the N. E. ¼ of Section 10, Township 24, Range 1, W. of 5th Meridian, to irrigate some 45,000 acres of land as shown upon the plans filed by the company and to construct the necessary works to enable the water so diverted to be used for irrigation and power purposes, has received the approval of the Governor in Council, and that the company have been granted ten years from the 23rd July, 1894, within which to complete the construction of their works, and further, that the Governor in Council has not seen fit to order any changes or variations in the works as proposed by the company.

The memorial of the company was filed with the Minister of the Interior on the twenty-seventh day of November, 1894, and with the Agent on the fifth day of September, 1894, and an amended memorial was filed with the Minister of the Interior on the 26th day of October, 1895, and with the Agent on the 22nd day of October, 1895.

The particulars as to the company and its works are as follows:—

The company was incorporated by Act of Parliament, 56 Vic., chap. 71, which Act was amended by Act 57-58 Vic., chap. 106.

The authorized capital of the company is $100,000, of which $40,000 has been subscribed, 60 per cent of this amount having been paid up. As soon as 50 per cent of the capital stock has been paid up, it can be increased by by-law of the company to $200,000. The company are granted power to issue bonds to the extent of double the paid-up capital, or to the extent of the subscribed capital, whichever may be the smaller amount.

PUISSANCE DU CANADA.

SALLE DU SÉNAT,

OTTAWA, jeudi, 2 janvier 1896.

Aujourd'hui à TROIS heures P.M., SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL s'est rendu, avec le cérémonial ordinaire, à la Chambre du Sénat, dans l'édifice du Parlement, et a pris son siège sur le Trône. Les membres du Sénat s'étant assemblés, il a plu à Son Excellence d'y faire requérir la présence de la Chambre des Communes, et cette Chambre s'y étant rendue, Son Excellence a ouvert la SIXIÈME SESSION du SEPTIÈME PARLEMENT DE LA PUISSANCE DU CANADA, par le discours suivant :—

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

Conformément à la déclaration faite durant la dernière session, le parlement a été convoqué un peu plus tôt que de coutume.

L'abondante moisson dont le Canada a été béni est une cause de sincères remercîments envers le Dispensateur de tous bienfaits.

Je vous félicite sur les preuves d'activité croissante dans les diverses branches du commerce et de l'industrie.

J'ai remarqué plusieurs indices de cette nature dans une tournée que j'ai faite récemment dans les Territoires du Nord-Ouest et la Colombie-Britannique. Le développement des entreprises minières dans la Colombie-Britannique m'a surtout frappé ; dans certaines localités les ressources minérales sont aujourd'hui développées et utilisées sur un pied convenable.

Cette tournée m'a aussi fourni l'occasion de visiter plusieurs des réserves indiennes, et aussi les écoles industrielles des Sauvages. Chez les premiers j'ai été reçu avec de vives démonstrations de loyauté et d'amitié ; dans les écoles les preuves d'avancement et d'intelligence démontrées chez les élèves sont très encourageantes.

Quant au travail du département des Sauvages, comme tout, la manière dont il est conduit et administré semble très satisfaisante.

En parlant des Territoires du Nord-Ouest il n'est que juste de faire mention des précieux services de la police à cheval du Nord-Ouest ; dans les circonstances actuelles ce corps peut justement être considéré par les Canadiens en général comme indispensable au bien-être de ces vastes et riches parties du Canada où il est stationné.

Immédiatement après la prorogation du parlement, mon gouvernement s'est mis, par la voie du lieutenant-gouverneur du Manitoba, en communication avec le gouvernement de cette province, afin de s'assurer dans quel sens les autorités locales du Manitoba seraient prêtes à apporter des modifications aux actes concernant l'éducation dans les écoles de cette province, et savoir s'il serait possible de faire quelque arrangement avec le gouvernement du Manitoba qui éviterait au parlement fédéral la nécessité de s'occuper de la chose. Je regrette de dire que les aviseurs du lieutenant-gouverneur ont refusé d'admettre favorablement ces suggestions, ce qui a obligé mon gouvernement, conformément à sa politique déjà déclarée, d'introduire une législation à ce sujet. Les documents vous seront soumis.

Je suis heureux de vous apprendre que grâce aux représentations de mon gouvernement et aux suggestions de la Conférence d'Ottawa relative aux communications par vapeurs, les autorités impériales ont annoncé qu'elles étaient prêtes à accorder une subvention matérielle pour la partie atlantique du projet. Ceci aura l'effet, j'en suis convaincu, d'assurer le succès de l'établissement d'une ligne de vapeurs entre le Royaume-Uni et le Canada, laquelle en fait de vitesse et d'équipement, fera face à toutes les exigences.

Mon gouvernement a aussi appris avec satisfaction que le Secrétaire d'Etat pour les colonies avait l'intention de nommer un comité chargé d'étudier le projet d'un câble Pacifique reliant le Canada avec l'Australasie. Je suis convaincu que vous partagerez la satisfaction avec laquelle mes aviseurs ont acclamé cette nouvelle preuve du désir du gouvernement de Sa Majesté de réunir plus intimement les liens qui unissent la mère patrie et les parties éloignées des possessions de la Reine. Les documents relatifs à ces sujets vous seront aussi soumis.

Vous serez invités à étudier des mesures destinées à mieux armer notre milice et renforcer les défenses canadiennes.

L'accroissement de la population dans les Territoires du Nord-Ouest, que le dernier recensement a dévoilé, exige une représentation plus nombreuse en parlement. Un projet de loi à cet effet vous sera soumis.

Je suis heureux de pouvoir vous informer que les commissaires nommés par la Grande-Bretagne et les Etats-Unis dans le but de délimiter la frontière entre l'Alaska et le Canada, ont fini leurs travaux et ont signé un rapport conjoint pour présenter à leurs gouvernements respectifs. Ce rapport sera soumis au parlement en temps propice.

A la prière du Très-honorable Secrétaire d'Etat pour les Colonies, un délégué de mon gouvernement a visité l'Angleterre l'été dernier, à l'effet de s'entendre avec les autorités impériales sur la question des droits d'auteurs. Son rapport vous sera soumis, et je ne doute pas que cette question recevra encore votre sérieuse attention.

Vous aurez aussi à vous occuper de mesures pour le développement de notre commerce en produits agricoles avec le Royaume-Uni, et autres pays.

Messieurs de la Chambre des Communes:

Les comptes de l'année dernière et les estimations pour l'année prochaine vous seront soumis. Les estimations ont été préparées avec toute l'économie compatible avec les exigences du service public.

Vous apprendrez avec plaisir que les revenus du pays indiquent une augmentation graduelle et continue, et que l'équilibre que l'on vous avait promis entre les recettes et les dépenses à compte du Fonds consolidé pour l'année courante sont en bonne voie de se réaliser.

Honorables Messieurs du Senat :

Messieurs de la Chambre des Communes :

Je recommande ces sujets et les autres dont vous aurez à vous occuper à votre sérieuse considération, confiant que dans votre sagesse et votre prudence et guidés par la grâce de Dieu vous remplirez dignement la haute mission qui vous est confiée.

DÉPÊCHES.

AU CHATEAU DE BALMORAL,

3 d'octobre 1895.

PRÉSENTE :

Sa Très Excellente Majesté la Reine en conseil.

CONSIDÉRANT que par un arrêté daté le 30 de juillet 1868, rendu par Sa Majesté dans l'exercice des pouvoirs qui lui sont conférés par l'*Acte modifiant l'Acte de la marine marchande*, 1862, il a plu à Sa Majesté d'ordonner que les navires marchands appartenant aux Etats-Unis d'Amérique, dont le jaugeage, après le 1er de janvier 1865, aura été déterminé et inscrit sur les registres et autres papiers nationaux de ces navires, attestés par leurs dates, seront censés être du tonnage inscrit dans leurs registres ou autres papiers nationaux, de la même manière, au même degré et pour les mêmes fins que le tonnage inscrit dans les registres du bord est censé pour les navires britanniques être le tonnage de ces navires, après en avoir fait les mêmes déductions pour l'espace réservé à l'équipage et à la chambre des machines qui seraient faites sur leur tonnage brut en vertu des lois relatives aux navires britanniques, si les dits navires étaient des navires britanniques ;

Et considérant que par un autre arrêté en conseil daté le 19 de mars 1883, rendu dans l'exercice des susdits pouvoirs, il a plu à Sa Majesté d'ordonner ce qui suit :—

1. En ce qui concerne les navires à voiles : Que les navires marchands à voiles des Etats-Unis d'Amérique dont le mesurage, le et après le 5e jour d'août 1882, a été déterminé et inscrit dans les registres et autres documents nationaux du bord, attestés par leurs dates, seront censés être du tonnage inscrit dans ces registres et autres documents nationaux, de la même manière, au même degré et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des navires marchands britanniques est censé être le tonnage de ces navires ;

2. En ce qui concerne les navires à vapeur : Que les navires marchands appartenant aux Etats-Unis d'Amérique, et mûs par la vapeur ou autre force motrice, exigeant une chambre des machines, et dont le mesurage, le et après le 5e jour d'août 1882, a été terminé et inscrit dans les registres et autres documents nationaux du bord, attestés par leurs dates, seront censés être du tonnage inscrit dans ces registres ou autres documents nationaux, de la même manière, au même degré, et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement des navires britanniques est censé être le tonnage de ces navires ; pourvu, toutefois, que si le propriétaire ou capitaine d'un navire à vapeur américain désire que la déduction pour la chambre des machines dans son navire soit évaluée suivant les règlements concernant le mesurage de la chambre des machines et la déduction applicables aux vapeurs britanniques, plutôt que d'après les règlements américains, la chambre des machines sera mesurée et la déduction sera calculée suivant les règlements britanniques.

Et considérant que par l'article 84 de l'*Acte de la marine marchande* 1894, il est statué que lorsqu'il appert à Sa Majesté la Reine en conseil que les règlements de tonnage du dit acte ont été adoptés par un pays étranger, et y sont en force, Sa Majesté en conseil pourra ordonner que les navires du dit pays, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage indiqué dans leurs certificats d'enregistrement ou autres papiers nationaux, de la même manière, au même degré et pour les mêmes fins que le tonnage indiqué dans le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire.

Et considérant qu'il a été démontré à Sa Majesté en conseil que les règlements de tonnage de l'*Acte de la marine marchande*, 1894, ont été adoptés par les Etats-Unis d'Amérique, et que ces règlements y sont en vigueur, étant devenus exécutoires le 1er jour d'avril 1895 ;

Et considérant qu'il existe ou peut encore exister des navires appartenant aux Etats-Unis d'Amérique auxquels les arrêtés précités du 30 de juillet 1868 et du 19 de mars 1883 peuvent s'appliquer respectivement, et qu'il n'est pas à propos de révoquer ces arrêtés, mais de les laisser en vigueur aussi longtemps qu'il restera des navires auxquels ces arrêtés peuvent s'appliquer respectivement ;

Et considérant que les dispositions du premier article de l'*Acte concernant les règles de publication*, 1883, ont été remplies :

Sachez donc qu'il plaît à Sa Majesté, en vertu des pouvoirs ci-dessus mentionnés, et par et avec l'avis de Son Conseil privé, d'ordonner que les navires marchands des Etats-Unis d'Amérique, dont le mesurage le 1er jour d'août 1895, a été déterminé et inscrit dans les registres et autres documents nationaux du bord, attestés par leurs dates, seront censés être du tonnage inscrit dans ces registres ou autres documents nationaux, de la même manière, au même degré, et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire.

ARRÊTÉS EN CONSEIL.

[2394]

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 3e jour d'août 1895.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport, en date du 25 de juillet 1895, du Ministre de l'Intérieur, exposant que par l'entremise du Révérend Dom Paul Benoit, du Révérend Armano M. Mourez, et du Révérend A. H. Chalumeau, deux belles colonies d'agriculteurs de France ont été établies à Notre-Dame de Lourdes, dans les townships 6 et 7, rangs 8 et 9 à l'ouest du 1er méridien, et à St. Claude, dans les townships 7 et 8 dans les mêmes rangs. Ces messieurs ont fait plusieurs traversées du Canada en France et de France au Canada, afin d'encourager les gens à venir s'établir au Manitoba. La région du pays qu'ils ont choisie, bien qu'elle semble très propre à la catégorie de cultivateurs qu'ils ont réussi à amener s'établir dans les deux paroisses déjà mentionnées, a été laissée de côté par d'autres chercheurs de terres. Toutefois, grâce à leurs efforts, presque tous les établissements disponibles dans cette partie du Manitoba ont été pris.

Le Ministre dit qu'à l'initiation de l'établissement en 1893, il y avait 120 colons dans Notre-Dame de Lourdes, et 55 dans St. Claude, et dans l'intervalle la population a beaucoup augmenté, non seulement par accroissement naturel mais aussi par immigration de France. Ces trois messieurs ont obtenu chacun une inscription de homestead peu après leur arrivée en ce pays, le Révérend Dom Paul Benoit obtenant une inscription pour le quart nord-ouest de la section 32, township 6, rang 8 à l'ouest du 1er méridien, le 21 de mai 1891, le Révérend A. H. Chalumeau pour le quart nord-est de la section 20, township 8, rang 7, le 21 d'avril 1893, et le Révérend A. M. Mourez pour les subdivisions légales 9, 10 et 16 du quart nord-est de la section 36, township 6, rang 9 à l'ouest du 1er méridien, le 6 de décembre 1894. Ils se sont en substance conformés à toutes les conditions de la loi des homesteads, sauf quant à la résidence, que la nature de leurs devoirs et les règlements de leur ordre ne leur permettent pas de faire sur leurs homesteads respectifs, vu qu'ils sont tenus de vivre dans la communauté.

Dans ces circonstances, et vu leurs efforts énergiques et heureux en faveur de l'immigration, le Ministre recommande que sur preuve satisfaisante qu'ils sont devenus sujets britanniques naturalisés, il leur soit permis d'acquérir leurs homesteads respectifs au prix minimum fixé par la loi pour les terres fédérales, savoir, $1 l'acre.

Le Ministre ajoute de plus que l'étendue et le montant du prix d'achat provenant de la vente de ces homesteads au prix ci-dessus nommé seront comme suit :—

Subdivisions légales 9, 10 et 16 du quart nord-est de la section 36, township 6, rang 9 à l'ouest du 1er méridien, contenant 120 acres, $120 ; le quart nord-ouest de la section 32, township 6, rang 8 à l'ouest du 1er méridien, contenant 159·32 acres, $159.32, et le quart nord-est de la section 20, township 8, rang 7 à l'ouest du 1er méridien, contenant une étendue de 160 acres, $160, faisant un total du prix d'achat de $439.32.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
25-4 Greffier du Conseil privé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL a plu à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'approuver les règlements suivants pour la gouverne des peseurs officiels nommés en vertu de l'acte 54-55 Victoria, chap. 47, savoir :—

RÈGLEMENTS.

1. Chaque personne nommée peseur officiel en vertu des dispositions du dit acte, aura le contrôle exclusif des balances et poids à tout élévateur pour lequel il est autorisé à agir, et il pourra exiger que les dites balances et poids soient vérifiés et inspectés chaque fois qu'il aura raison de douter de leur exactitude.

2. Il pourra nommer tels aides-peseurs, sauf confirmation par le Ministère du Revenu de l'Intérieur, qui pourront être nécessaires, et il sera tenu responsable de leurs actes officiels, au même degré que s'il avait agi en personne.

3. Sur chaque chargement de wagon qu'il est obligé de peser il pourra prélever un honoraire de vingt-cinq centins.

4. Dans le cas de pesage inexact il sera assujéti aux mêmes peines que celles imposées aux inspecteurs des grains en vertu de l'Acte d'inspection.

5. Avant d'entrer en fonctions comme peseur officiel il fournira les cautions qu'exigera le Ministère du Revenu de l'Intérieur pour le fidèle accomplissement de ses devoirs et de ceux de ses aides.

6. Avant d'entrer en fonctions il prêtera devant un notaire ou un juge de paix, le serment suivant, savoir :—

Je, jure solennellement que je remplirai et exécuterai fidèlement et honnêtement, au meilleur de mon habileté et de mon intelligence, la charge et les devoirs de peseur officiel, et que je ne recevrai ni directement ni indirectement ni par l'entremise d'aucune autre personne ou autres personnes pour moi, aucun honoraire, récompense ou gratification que ce soit (sauf ceux qui me sont attribués par la loi), en raison de toute fonction de ma charge comme peseur officiel.

7. Pour chaque pesage il délivrera un certificat dans la forme suivante—ou en telle autre forme que pourra prescrire de temps à autre le Ministère du Revenu de l'Intérieur :—

AUX ANNONCEURS DANS LA *GAZETTE.*

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.
3. Transmettre invariablement le prix de l'annonce ainsi que le prix d'un exemplaire de la *Gazette*, tels que donnés plus bas ; sans cela l'annonce ne sera pas publiée. Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 nsertions.

Les avis de demandes de lettres patentes—6 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

—

RÈGLE SPÉCIALE DU SÉNAT.

Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

—

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage a 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

ORDERS IN COUNCIL.

[8]
AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 7th day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 27th December, 1895, from the Minister of the Interior, stating that on the 10th January, 1885, the Honourable Sir David Macpherson, acting for the Minister of the Interior, authorized the reopening to general settlement of the lands comprised in the Regina Reserve. The withdrawal of these lands from homesteading was originally made by Departmental order, but was subsequently confirmed by the Order in Council of the 29th November, 1883, which defined the terms and conditions on which the even-numbered sections therein might be sold. In view of the provisions of that Order in Council it would seem that the reopening of this Reserve to general settlement, authorized by the Acting Minister of the Interior as above mentioned, should have been sanctioned by Order in Council.

The Minister, therefore, recommends that the action taken on the 10th January, 1885, in throwing open the lands known as the Regina Reserve to general settlement upon the ordinary terms then in force, be confirmed.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
28-4 Clerk of the Privy Council.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

His Excellency, in virtue of the provisions of "The Harbour Masters Act," and by and with the advice of the Queen's Privy Council for Canada, is pleased to appoint Mr. Lemuel Sims, of French River, to be Harbour Master for the Port of New London, Queen's County, P.E.I., *vice* George MacKenzie.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

His Excellency, in virtue of the provisions of section 307 of "The Inland Revenue Act," chapter 34 of the Revised Statutes, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that Granby, in the Province of Quebec, shall be and the same is hereby made a port of entry at which raw leaf tobacco may be imported into Canada.

JOHN J. McGEE,
28-4 Clerk of the Privy Council.

[3646]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 3rd day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Memorandum dated 10th December 1895, from the Minister of the Interior, submitting that by the Order in Council of the 25th of July last, the licensees of timber berths situate in the Railway Belt in the Province of British Columbia were permitted to pay dues on the timber cut by them at the rate of fifty cents per thousand feet B.M. instead of a royalty of five per cent on the sales of lumber, and they were also entitled to receive a rebate of forty cents per thousand feet on manufactured lumber exported from the Province, except upon lumber shipped to Manitoba or the North-west Territories.

That representations have been made to the Minister of the Interior by the licensees, that this new regulation makes the dues on the lumber sold in the Province and shipped to Manitoba and the North-west Territories, higher than formerly when they paid a royalty of five per cent on the sales, instead of a fixed rate of fifty cents per thousand feet.

The Minister states that lumber at the present time is selling in the Province of British Columbia at from $7 to $9 per thousand feet. The royalty thereon at five per cent would therefore amount to from thirty-five to forty-five cents per thousand feet, being from five to ten cents per thousand feet less than the dues of fifty cents per thousand prescribed by the Order in Council of 25th July last, above referred to.

The Minister recommends, as it was the intention in passing the said Order to give relief to the licensees instead of burdening them with an additional tax on the lumber cut by them, that the dues on lumber sold in the Province and exported to Manitoba and the North-west Territories be five per cent royalty on the sales, and that the dues on lumber otherwise exported from the Province be at the same rate less a rebate of forty cents per thousand feet.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
28-4 Clerk of the Privy Council.

Tuesday, the 17th day of December, 1895.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

The Committee, on the recommendation of the Minister of the Interior, advise that the Order in Council of the 25th of July, 1895, granting to the Municipality of the Town of Macleod, in the District of Alberta, certain lands in the vicinity thereof for park purposes, be amended by substituting in the description of the said lands the word "South" for the word "North" used in error, and so that the said description of the lands so granted shall read to include "a portion of the South half of Section 14, "Township 9, Range 26 west of the 4th Meridian," instead of "a portion of the North half of Section "14, Township 9, Range 26 west of the 4th Meridian."

JOHN J. McGEE,
26-4 Clerk of the Privy Council.

[3584]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 14th day of December, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th December, 1895, from the Minister of the Interior, stating that on the 18th day of May, 1892, Mr. D. Maloney, of St. Albert, a member of the Legislative Assembly of the North-west Territories, made a Military Homestead entry for the east half of Section 14, Township 52, Range 25, west of the 4th Meridian. Mr. Maloney now represents that on account of the nature of his duties as a member of the North-west Assembly, he has been unable to complete the performance of the residence and cultivation prescribed by the law, and he asks that he be permitted to purchase the half-section mentioned for the sum of $480, being one-half of the regulation price of $3 per acre.

The Minister is of opinion that Mr. Maloney's request is a reasonable one, and he recommends that he be authorized to sell the land to any person who may be named for that purpose by Mr. Maloney at the price mentioned, namely $480.

The Committee advise that the requisite authority be granted.

JOHN J. McGEE,
Clerk of the Privy Council.

[3614]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 14th day of December, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 7th December, 1895, from the Minister of the Interior, stating that Mr. W. B. Scarth, then agent of Lord Mount Stephen, made certain advances during the years 1886, 1887, 1888 and 1889, to Count Paul O. D'Esterhazy, amounting with interest to the 30th September last, to $653.83 under the plan sanctioned by the Minister of the Interior, for the purpose of assisting Count D'Esterhazy to settle on the south-east quarter of Section 7, Township 19, Range 1 west of the 2nd Meridian. Attached hereto are a statutory declaration made by Mr. Scarth of the facts of the case and a statement of the indebtedness, the declaration setting forth that Count d'Esterhazy has never discharged the debt and has left the country.

The Minister further states that Mr. L. A. Hamilton, the Land Commissioner of the Canada North-west Land Company, has now made application to the Minister of the Interior, on behalf of Lord Mount Stephen, for the issue of a patent in the latter's name for the above mentioned land, stating that after receiving the advances shown in the statement of indebtedness above mentioned Count d'Esterhazy refused to execute the lien necessary under The Dominion Lands Act to create a charge against the land as a security for the advance.

The Minister, after a very careful consideration of the provisions of The Dominion Lands Act under which liens for advances to settlers may be recognized by the Minister of the Interior, and patents may be issued to the lien holders in the cases of delinquent settlers, is of the opinion that the application for the issue of a patent to Lord Mount Stephen for the south-east quarter of Section 7, Township 19, Range 1 west of the 2nd Meridian, cannot be granted ; for, although there is sufficient evidence to establish an advance by Lord Mount Stephen to Count d'Esterhazy, notwithstanding statements to the contrary made by the latter, two of the most important conditions precedent to the recognition by the Minister of the Interior of the advances have not been complied with, Count d'Esterhazy never having made a homestead entry for the land for which the issue of a patent is now asked, and never having executed the lien in the form required by The Dominion Lands Act, or in any other form.

The Minister desires to point out in connection with the statement of account that the amount of the advance is in excess of the $600 limited by The Dominion Lands Act, and also contains items which do not fall within the class of items mentioned in the Act, or in the Schedule to the form of acknowledgement.

The Minister, while he does not consider that a patent under the provisions of The Dominion Lands Act, relating to advances to settlers could be issued to Lord Mount Stephen in this case, is nevertheless of opinion that the circumstances above set forth would amply justify the sale of the quarter-section at the minimum rate of Dominion lands, as set forth in clause 29 of The Dominion Lands Act.

The Minister, therefore, recommends that he be authorized to sell to Lord Mount Stephen the south-east quarter of Section 7, Township 19, Range 1 west of the 2nd Meridian, at the rate of $1 per acre, and issue a patent therefor, upon the completion of the purchase.

The Committee advise that the requisite authority be granted as above recommended.

Clerk of the Privy Council.

WHEREAS permission has been asked to fish for Steel-head Salmon in the Fraser River, until the 15th of February ; and, as little is known of the habits of these fish, the Minister of Marine and Fisheries is of opinion that, with due safe-guards, such fishing might be permitted during the present season as an experiment, and for the purpose of collecting evidence regarding the winter migration of fish in the Fraser River.

His Excellency, in virtue of the powers conferred upon him by The Fisheries Act, (chapter 95 of the Revised Statutes), and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that section 4 of the General Fishery Regulations for British Columbia, as approved by Order in Council of the 3rd of March, 1894, be amended by adding the following clause thereto, viz. :—

" Provided that the use of drift-nets, having an
" extension measure of not less than seven and three
" quarters (7¾) inches be permitted in fishing for
" Steel-head Salmon in the Fraser River, from the 1st

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 2nd day of December, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 12th November, 1895, from the Minister of the Interior, submitting that in the year 1878, the Department of Indian Affairs allotted to the Nicomen Band of Indians, in Yale District, British Columbia, two small reserves to be known as the Put-kwa and Shu-ouch-ten Reserves, containing an area of 10·50 acres each. These Reserves were surveyed in the year 1886, and were found to lie within the railway belt ceded to the Dominion by the Province of British Columbia, and have been located in Township 15, Range 26 west of the 6th Meridian, in the Dominion Lands System of Survey.

The Minister further states that the Department of Indian Affairs has submitted a plan and descriptions of the Reserves in question, and desires the assent of Your Excellency thereto.

The Minister, on examination, finds that the lands desired are vacant and available for the purpose mentioned, and he, therefore, recommends that the areas of 10·50 acres each, coloured pink on the accompanying map and in accordance with the descriptions furnished (copies of which, approved by the Surveyor General, are also hereto attached) be set apart and reserved for the purposes of the Nicomen Band of Indians in British Columbia.

The Committee submit the foregoing for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

Description of the Put-kwa Indian Reserve.

Those certain tracts or parcels of land situate in Sections 11 and 14, in Township 15, in Range 26 west of the 6th Meridian, in the Railway Belt, British Columbia, and which may be more particularly described as follows ;—

1. Commencing at a point on the north boundary of said Section 11, distant easterly twenty-five chains and seventeen links from the north-west corner of the same ; thence southerly parallel to the west boundary of said Section, a distance of thirteen chains and twenty-four links ; thence easterly parallel to the north boundary of said Section, a distance of two chains and sixty-nine links, more or less, to the right bank of the Thompson River ; thence northerly following upon said bank to its intersection with the north boundary of said Section ; thence westerly along the said north boundary to the point of commencement.

2. Commencing at the point on the south boundary of said Section 14, distant easterly twenty-five chains and seventeen links from the south-west corner of the same ; thence northerly parallel to the west boundary of said Section 14, a distance of six chains and seventy-six links ; thence easterly parallel to the south boundary of said Section 14, a distance of seven chains and seventy-seven links, more or less, to the right bank of the Thompson River ; thence southerly following upon said bank to its intersection with the said south boundary ; thence westerly along said south boundary to the point of commencement ; containing together an area of ten and a half acres, be the same, more or less.

Description for the Shu-ouch-ten Indian Reserve.

Those certain tracts or parcels of land situate in Sections 13 and 14, in Township 15, in Range 26 west of the 6th Meridian, in the Railway Belt, British Columbia, and which may be more particularly described as follows ;—

1. Commencing at a point on the west boundary of said Section 13, distant southerly thirty-nine chains and ninety links from the north-west corner of the same ; thence easterly parallel to the south boundary of said Section 13, a distance of five chains and eighty-one links ; thence southerly parallel to said west boundary, a distance of twelve chains and thirty-three links, more or less, to the north bank of the Thompson River ; thence westerly along said bank to its intersection with the said west boundary ; thence northerly along said west boundary to the point of commencement.

2. AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 3rd day of August, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 25th July, 1895, from the Minister of the Interior, submitting that through the instrumentality of the Reverend Dom Paul Benoit, the Reverend Armano M. Mourez, and the Reverend A. H. Chalumeau, two very successful colonies of agriculturists from France have been established at Notre-Dame de Lourdes, in Townships 6 and 7, Ranges 8 and 9 west of the 1st Meridian, and at St. Claude, in Townships 7 and 8 in the same ranges. These gentlemen have made several trips from Canada to France and from France to Canada, in order to induce people to settle in Manitoba. The section of country which they selected, while it appears to be very suitable to the class of farmers whom they have been successful in inducing to settle in the two parishes mentioned, was passed over by other land seekers. By their efforts, however, almost all the homesteads available in that section of Manitoba have been taken up.

The Minister states that at the initiation of the settlement in 1893, there were as many as 120 settlers in Notre-Dame de Lourdes, and 55 in St. Claude, and the population in the meantime has greatly increased not only by natural causes, but also by immigration from France. The three gentlemen named obtained each a homestead entry shortly after their arrival in this country, the Reverend Dom Paul Benoit obtaining an entry for the north-west quarter of Section 32, Township 6, Range 8 west of the 1st Meridian, on the 21st May, 1891, the Reverend A. H. Chalumeau, for the north-east quarter of Section 20, Township 8, Range 7, on the 21st April, 1893, and the Reverend A. M. Mourez for Legal Subdivisions 9, 10 and 16 of the north-east quarter of Section 36, Township 6, Range 9 west of the 1st Meridian, on the 6th December, 1894. They have substantially complied with all the conditions of the homestead law, except as to residence, which the nature of their duties and the rules of their Order will not permit to be made upon their respective homesteads, as they are required to live in the community.

The Minister, under the circumstances, and in view of their energetic and successful efforts on behalf of immigration, recommends that upon satisfactory proof being given that they have become naturalized British subjects, they be permitted to acquire their respective homesteads on payment of the minimum price fixed by the law for Dominion lands, namely, at $1.00 per acre.

The Minister further adds that the area and the amount of purchase money resulting from the sale of these homesteads at the above named price will be as follows :—

Legal Subdivisions 9, 10 and 16 of the north-east quarter of Section 36, Township 6, Range 9 west of the 1st Meridian, containing 120 acres, $120 ; the north-west quarter of Section 32, Township 6, Range 8 west of the 1st Meridian, containing 159·32 acres, $159.32 ; and the north-east quarter of Section 20, Township 8, Range 7 west of the 1st Meridian, containing an area of 160 acres, $160, making the total amount of purchase money $439.32.

The Committee submit the above recommendation for Your Excellency's approval.

Asst. Clerk of the Privy Council.

HIS Excellency, by and with the advice of the Queen's Privy Council for Canada, has been pleased to approve of the following regulations for the governance of Official Weighers appointed under the Act 54-55 Victoria, chap. 47, viz. :—

REGULATIONS.

1. Every person appointed as Official Weigher under the provisions of the said Act, shall have sole control of the scales and weights at any elevator for which he is authorized to act, and may require the said scales and weights to be tested and inspected whenever he may have reason to doubt their accuracy.

2. He may appoint such Assistant Weighers subject to confirmation by the Department of Inland Revenue, as may be required, for whose official acts he shall be responsible as if done by himself.

3. On every car load he is required to weigh he may collect a fee of twenty-five cents.

4. He shall be subject to the same penalties in respect of incorrect weighing as are imposed upon Inspectors of Grain under The Inspection Act.

5. Before entering upon his duties as official weigher he shall give such bonds for the proper performance of his duties and that of his assistants as may be required by the Department of Inland Revenue.

6. He shall, before entering upon his duties, take before a Notary or Justice of the Peace the following oath, viz. :—

I   solemnly swear that I will faithfully, truly and honestly, to the best of my skill and understanding execute the office and perform the duties of Official Weigher, and that I will not, directly or indirectly or by means of any other person or persons on my behalf receive any fee, reward or gratuity whatever (except such as are allowed me by law) by reason of any function of my office as Official Weigher.

7. For each weighing he shall issue a certificate in the following form—or such other form as may from time to time be prescribed by the Department of Inland Revenue :—

ON a Memorandum, dated 18th November, 1895, from the Superintendent General of Indian Affairs submitting herewith regulations passed by the Council of the Saugeen Band of Indians under section 76 of The Indian Act.

The Minister states that the regulations are framed on a model furnished by the Department of Indian Affairs, and he recommends that they be confirmed under the aforesaid section.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

REGULATIONS.

The Council of the Saugeen Band of Indians in the Province of Ontario, enact, subject to confirmation by the Governor General in Council, under section 76 of The Indian Act, the following regulations :—

1. The Council may appoint by resolution one or more persons to visit each Indian residence within the reserve during the first week of every month, and to notify each owner or occupant on whose premises there is found any filth, offal, or carcass, to remove or bury the same ; and every Indian who on being so notified fails within twenty-four hours to remove or bury any such filth, offal or carcass shall be liable to a penalty of $2 or to a term of imprisonment not exceeding ten days.

2. Every Indian owner or occupant shall keep his premises clear of all noxious weeds ; and any such owner or occupant who fails to remove any such noxious weeds found growing upon his premises within fourteen days of his being notified so to do by

the Indian Agent or any person thereunto authorized by the Council, shall be liable to a penalty of not more than $2 or to a term of imprisonment not exceeding ten days.

3. Every able-bodied Indian resident upon the reserve and every non-resident owner shall at a time appointed by the Council, contribute three days labour on public work of the nature described in paragraphs (*f*) and (*g*) of section 76 of The Indian Act, upon the reserve, or as may be indicated by a supervisor appointed by the Council; and every Indian resident upon the reserve and every non-resident owner who fails or refuses to contribute such three days labour when called upon to do so under the authority of the Council shall be liable to a penalty of $3 or to a term of imprisonment not exceeding fifteen days.

We hereby certify that the above regulations were passed by the Saugeen Indian Council, November 4, 1895.

[3331]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 18th day of November, 1895.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 11th November, 1895, from the Minister of the Interior, submitting that by an Order in Council of 10th January, 1895, authority was granted for the sale to Mrs. Margaret Gunn, of the north-west quarter of Section 16, Township 10, Range 18 west of the 1st Meridian, at one dollar an acre. Mrs. Gunn now represents that she is not in a position to avail herself of this privilege, and asks that, instead thereof, the whole half-section be sold to a person named by her, the price to be $1.25 an acre.

The Minister submits a report upon the case by the Deputy Minister of the Interior wherein the facts are recited, and the application recommended, and he, the Minister, is of opinion that this case is one which comes within the class of those which it has been customary, in the past, to dispose of in the manner suggested.

The Minister recommends that, under section 41 of The Dominion Lands Act, he be authorized to cancel Mrs. Gunn's homestead and pre-emption entries for the west half of Section 16, Township 10, Range 18 west of the 1st Meridian, and to sell the half-section to her nominee at $1.25 an acre.

The Committee submit the foregoing recommendation for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

Thursday, the 12th day of December, 1895.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 2nd December, 1895, from the Minister of the Interior, submitting that the Windsor School District No. 265, of the North-west Territories, have applied for one acre of land in the north-west corner of the north-east quarter of Section 31, Township 26, Range 6 west of the 2nd Meridian, being a parcel of land five chains due south by two chains due west, for the purpose of a school site upon which to erect a school-house.

The Minister states that the land forms a portion of the grant to the Manitoba and North-western Railway Company, which company has relinquished its right to the one acre in question, and he therefore recommends that he be authorized to issue to the said School District letters patent for the acre of land applied for, under the terms and conditions imposed by clause 31 of The Dominion Lands Act.

The Committee submit the above recommendation for Your Excellency's approval.

MILITIA GENERAL ORDERS.

1896.

HEAD QUARTERS,
8th January, 1896.

Special G. O. 1.

HEAD QUARTERS STAFF.

Colonel Walker Powell, Adjutant General of Militia, has been permitted to retire from the Active Force with a Retiring Allowance and the rank of Colonel on the Retired List.

The Major General Commanding cannot permit Colonel Powell to retire without recording the high esteem and respect, entertained by all ranks of the Militia, which that officer has earned by long and faithful service to his Queen and Country.

The Major General feels that he is but giving expression to the sentiments of the entire Force when he states that the announcement of the severance of Colonel Powell's connection with the Active Militia is received with universal regret.

By command,

M. AYLMER, Lieut.-Colonel,
Assistant Adjutant General of Militia,
Canada.

NOTICE TO MARINERS.

No. 62 of 1895.

NOTE ON CURRENTS IN THE GULF OF ST. LAWRENCE AND STRAIT OF BELLE ISLE.

The attention of mariners is directed to the following results obtained in the Survey of the Tides and Currents in Canadian waters, conducted by Mr. W. Bell Dawson, C. E., for the Department of Marine and Fisheries of the Dominion of Canada:—

Current in the Strait of Belle Isle.

This Strait lies east and west (magnetic); and the Strait proper extends for a length of 50 miles, with a width of 10 to 15 miles. The current in this Strait has the following characteristics in the summer season, as shown by observations throughout the months of July and September, 1894:—

The current is fondamentally tidal in its nature; and under normal conditions it turns regularly with the tide, and runs east and west through the Strait with velocities which are nearly equal. The conditions are normal in moderate weather, and during the prevalence of moderate westerly winds. At such times the current attains a velocity of about two knots per hour in each direction.

During heavy winds, especially when easterly or westerly in direction, the current which runs with the wind becomes stronger than the current against it; and eventually the current may come to be continuous in the same direction as the wind. It may thus run in the one direction for two or three days at a time. The greatest velocities of the current which were observed during heavy winds were as follows: From the east 3·15 knots; and from the west 2·50 knots per hour.

There is little appreciable difference in the current at the opposite sides of the Strait; except that towards the north side the current may be a little stronger, or more persistent, in the one direction.

While normal conditions prevail, the difference of flow in the two directions is in favour of a greater inward flow from the east. Also, the actual flow throughout the year, when the influence of the wind is included, appears to be greater in the inward direction from the east than outward from the west.

The presence of icebergs in the Strait and the temperature of the water have also a relation to the predominant direction of the current; but they cannot be relied upon as affording an indication of its actual direction at the time.

From the above characteristics of the current in this Strait, it is clearly possible for a vessel to over-run its reckoning in either direction through the Strait. Also, vessels entering through the Strait must not assume that the current is necessarily in their favour in making the run westward to round the eastern end of Anticosti; as the observations show that it is possible for the set in the Strait itself and also in the north-eastern end of the Gulf of St. Lawrence, to be against them on that course.

Currents between the Gaspé Coast and Anticosti.

On the Admiralty chart entitled "Entrance to the River St. Lawrence," No. 1621, a current is shown to run constantly along the Gaspé coast from a north-westerly direction at about three miles off shore. Another line of constant current is also shown as lying along a line from Cape Magdalen to the South-west Point of Anticosti, which thus traverses the middle of the passage between the Gaspé coast and Anticosti. It is this central line of current which is alone represented on the General chart of the Gulf of St. Lawrence, No. 2516. It is explained, however, in the Sailing Directions, that the current does not follow both these lines at the same time. (See "St. Lawrence Pilot," Vol. I., p. 20, edition of 1894.)

These lines therefore are properly to be regarded as alternative routes which the current may take. The first of these lines represents fairly the usual direction of the current along the Gaspé coast. The greatest velocity of this current during the months of July and September, 1895, was 2·80 knots per hour, as observed five miles off Fame Point.

When the current follows the other route along the middle of the passage, the direction of the current along the Gaspé coast may even be reversed. This occurred on July 27th and 30th, 1895. The current in the offing of Fame Point was then found to run inwards from the south-east with a velocity of nearly 1½ knots, or contrary to its usual direction.

It is probable that this change in the position of the current may prove to be due to the influence of the wind; but the relation between the current and the wind has not yet been definitely ascertained.

The velocity of the current is subject to a fluctuation which appears to correspond with the tide. There are times also at which it veers in direction in such a way as to run directly on or off shore for a period of 2 to 4 hours. This was observed both on the Gaspé side of the passage, south-east of Fame Point; and on the Anticosti side, between South-west Point and West Point, at distances of 4 to 7 miles from shore. The current at such times had a velocity which ranged from half a knot to nearly 1½ knots per hour, with a direction which was either on or off shore.

This notice affects Admiralty Charts Nos. 232*b* and 282 of the Strait of Belle Isle; and Nos. 1621 and 2516 of the St. Lawrence. Also "St. Lawrence Pilot," 6th edition, 1894, Vol. I. Currents, pp. 17 and 20.

NOTICE TO MARINERS.

No. 66 of 1895.

I. IMPROVEMENT IN LES EBOULEMENTS WHARF LIGHT.

In June, 1894, the light on Les Eboulements wharf, on the north shore of the River St. Lawrence below Quebec, was improved.

The mast light theretofore used was abandoned and the mast removed, and the light was shown from a square wooden lantern built on the roof of the shed which covers the slip at the outer end of the wharf.

The light remains, as before, fixed white. It is elevated 23 feet above high water mark and should be visible 5 miles from all points of approach by water. The illuminating apparatus consists of a pressed glass lens.

The shed and waiting room near by, as well as the new lantern, are painted brown with white trimmings.

The height from the deck of the pier to the vane of the lantern is 20 feet.

This Notice affects Admiralty charts Nos. 314 and 2516, and Canadian List of Lights No. 622.

II. CHANGE IN FRONT RANGE LIGHT TOWER, GEORGETOWN, P.E.I.

The front tower of the Georgetown, P.E.I., range lights, destroyed by fire on the 18th October, 1894, was replaced in February last by a new building differing in design from the old one.

Lat. N. 46° 9' 57"
Long. W. 62° 31' 30"

The light remains, as before, fixed white in the harbour and red seaward, is elevated 50 feet above high water mark and should be visible for a distance of 8 miles.

The building is of wood, square in plan, painted white, with a galvanized iron lantern painted red rising from the middle of the roof. It is 34 feet in height from base to vane.

This Notice affects Admiralty charts Nos. 1651, 2029 and 2034, and Canadian List of Lights and Fog Signals No. 354.

III. BEACONS IN ATLANTIC COVE, ST. PAUL ISLAND.

A tidal gauge house, painted white, erected about 40 feet above high water mark in the bight of Atlantic Cove, St. Paul Island, in the entrance to the Gulf of St. Lawrence, now forms a conspicuous landmark on the coast of the island.

Lat. N. 47° 12' 7"
Long. W. 60° 9' 0"

A circular white beacon has been placed on the side of the hill above the gauge; these two objects in line, bearing N. W. ¼ N. (N. 69° 56' W. true) lead clear to the southward of "Big Dick," a dangerous detached rock on which the sea breaks very heavily, off the north-east horn of the cove.

The above alignment affords a good guide to vessels anchoring off the cove in 15 fathoms.

This Notice affects Admiralty chart No. 2727.

IV. ERRATUM IN NOTICE TO MARINERS No. 31 OF 1895.

Notice to Mariners No. 31 of 1895, headed "Darnley Point," should be "Darnley Basin" Range Light.

This light is distant 400 feet S. by E. ½ E. from the present main light on Fish Island or Bill Hook Island and not from either of the lights of the Darnley Point Range, which are 2½ miles distant.

NOTICE TO MARINERS.

No. 67 of 1895.

I.—FOG SIGNAL, GAP ROCK, HONG KONG.

The Colonial Secretary of Hong Kong gives notice that, on and after the 1st January, 1896, a twelve-pounder gun will be fired every ten minutes at the Gap Rock Station, Hong Kong, in lieu of the fog signal now in use.

II.—HIMESAKI LIGHTHOUSE, JAPAN.

The Government of Japan announce the establishment of a fixed white light at the Southern head of the entrance to Yebisu Bay, Sado Island, West coast of Japan.

The light will illuminate an arc of 230° 30', between the bearings of N. 79° 30' E. true, and N. 50° W. true, except that over a small arc the light will not be seen for 1 or 1½ miles from the lighthouse, being obscured by the point Torikakehana, South of the Lighthouse. The elevation of the light above the sea will be 136 feet, and in clear weather it will be seen from a distance of 10 miles.

The lighthouse is built of iron, hexagonal in shape, and is painted white. It is 40 feet high from the base to the centre of the lantern.

The position of the lighthouse, according to the Japanese Admiralty Chart No. 248, is:—

Latitude 38° 5' 15" North.
Longitude 138 33 35 East of Greenwich.

III.—OGISHIMA LIGHTHOUSE, JAPAN.

Also, that a 6th order light, flashing every 15 seconds, has been established at the northern extremity of Ogishima, Inland Sea.

The arc of illumination will be 229° 10' between the bearings of N. 52° 25' E. true, and N. 78° 25' W. true. The light will show a green sector covering Atsusa rock and Nakase, and a red sector covering Ozonose. The remainder of the arc is white.

The elevation of the light above the sea will be 48 feet, and in clear weather it will be seen from a distance of 12 nautical miles.

The lighthouse is built of granite, circular in shape and is 41 feet high from the base to the centre of the lantern.

The position of the lighthouse, according to the Japanese Admiralty Chart No. 50, is:—

Latitude 30° 26' 10" North.
Longitude 134 3 30 East of Greenwich.

IV.—BUOY AT FUNAKAWA ANCHORAGE, JAPAN.

Also, that a buoy has been placed in 4 fathoms to mark the position of the sunken rock which lies to E.S.E. of Funakawa Lighthouse.

The cross-bearings taken from the buoy are as follows:—

Funakawa Lighthouse....	N. 76° 50' W. true.
Chausu-yama..............	N. 13 15 E. true.
Oyehana-saki.........	N. 36 0 E. true.

The buoy is a pyramidal wooden framework painted white and is surmounted by a triangular top-mark standing 14 feet above the sea.

WM. SMITH,
Deputy-Minister of Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 24th December, 1895.

☞ All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested, are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Deputy-Minister of Marine and Fisheries, Ottawa, Canada. 28–3

TO ADVERTISERS IN THE *GAZETTE.*

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. Invariably remit the fees for such advertisements, together with the price of one Gazette, as below. Otherwise they will not be inserted. The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent—6 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped from them at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz :

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No Petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

EDOUARD J. LANGEVIN,
Clerk of the Senate.
JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51*a*. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b*. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a.*) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or autho-

rized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b.*) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :--

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed, and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Act respecting Extra-Judicial Oaths.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

NOTICE is hereby given in accordance with the provisions of section 15 of The North-west Irrigation Act, as amended, that the application of The Calgary Irrigation Company for the right to divert sufficient water from the Elbow River, on the S. E. ¼ of Section 4, Township 24, Range 4, W. of 5th Meridian, and on the N. E. ¼ of Section 10, Township 24, Range 1, W. of 5th Meridian, to irrigate some 45,000 acres of land as shown upon the plans filed by the company and to construct the necessary works to enable the water so diverted to be used for irrigation and power purposes, has received the approval of the Governor in Council, and that the company have been granted ten years from the 23rd July, 1894, within which to complete the construction of their works, and further, that the Governor in Council has not seen fit to order any changes or variations in the works as proposed by the company.

The memorial of the company was filed with the Minister of the Interior on the twenty-seventh day of November, 1894, and with the Agent on the fifth day of September, 1894, and an amended memorial was filed with the Minister of the Interior on the 26th day of October, 1895, and with the Agent on the 22nd day of October, 1895.

The particulars as to the company and its works are as follows:—

The company was incorporated by Act of Parliament, 56 Vic., chap. 71, which Act was amended by Act 57-58 Vic., chap. 106.

The authorized capital of the company is $100,000, of which $40,000 has been subscribed, 60 per cent of this amount having been paid up. As soon as 50 per cent of the capital stock has been paid up, it can be increased by by-law of the company to $200,000. The company are granted power to issue bonds to the extent of double the paid-up capital, or to the extent of the subscribed capital, whichever may be the smaller amount.

The stockholders of the company are as follows:—

Name.	Amount subscribed.
P. Turner Bone	$13,800
William Pearce	13,800
Margaret A. Pearce	6,900
Louisa W. Meyer	5,500
Total subscribed	$40,000

The directors of the company are William Pearce, P. Turner Bone, and Louisa W. Meyer, of whom William Pearce is president, L. W. Meyer, secretary, and P. Turner Bone, managing director.

The company is incorporated principally as an irrigation company, but has been granted the right to use water for power purposes, so long as its use for such purposes does not interfere with its use for irrigation. It has also been granted the right to purchase lands, and to improve these lands by irrigation, and to dispose of the same.

The probable number of consumers of the water to be diverted is stated in the company's memorial to be 300. The lands to be irrigated, in their present condition are stated to be probably worth from $1 to $3 per acre, and the soil of the district which it is proposed to irrigate is stated to be generally a good loam with clay and gravel subsoil.

The rates to be charged by the company for water supplied for irrigation purposes are not to exceed $1.50 per acre per annum. 24-6

NOTICE is hereby given that a special general meeting of shareholders of the Quebec, Montmorency and Charlevoix Railway Company will be held at the office of the company, in St. Andrew Street, in the City of Quebec, on Tuesday, the fourteenth day of January, 1896, at 2.30 P.M., for the purpose of taking into consideration the expediency of issuing the bonds authorized by the Statute of the Dominion of Canada, 58-59 Victoria, chap. 59, intituled "An Act respecting the Quebec, Montmorency and Charlevoix Railway Company," and further, to authorize the directors of the said company to enter into arrangements with the different corporations as mentioned in section fifteen and subsections thereof of the above mentioned Act, in the manner authorized by the said Act.

Samedi, le 3e jour d'août 1895.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport, en date du 25 de juillet 1895, du Ministre de l'Intérieur, exposant que par l'entremise du Révérend Dom Paul Benoit, du Révérend Armano M. Mourez, et du Révérend A. H. Chalumeau, deux belles colonies d'agriculteurs de France ont été établies à Notre-Dame de Lourdes, dans les townships 6 et 7, rangs 8 et 9 à l'ouest du 1er méridien, et à St. Claude, dans les townships 7 et 8 dans les mêmes rangs. Ces messieurs ont fait plusieurs traversées du Canada en France et de France au Canada, afin d'encourager les gens à venir s'établir au Manitoba. La région du pays qu'ils ont choisie, bien qu'elle semble très propre à la catégorie de cultivateurs qu'ils ont réussi à amener s'établir dans les deux paroisses déjà mentionnées, a été laissée de côté par d'autres chercheurs de terres. Toutefois, grâce à leurs efforts, presque tous les établissements disponibles dans cette partie du Manitoba ont été pris.

Le Ministre dit qu'à l'initiation de l'établissement en 1893, il y avait 120 colons dans Notre-Dame de Lourdes, et 55 dans St. Claude, et dans l'intervalle la population a beaucoup augmenté, non seulement par accroissement naturel mais aussi par immigration de France. Ces trois messieurs ont obtenu chacun une inscription de homestead peu après leur arrivée en ce pays, le Révérend Dom Paul Benoit obtenant une inscription pour le quart nord-ouest de la section 32, township 6, rang 8 à l'ouest du 1er méridien, le 21 de mai 1891, le Révérend A. H. Chalumeau pour le quart nord-est de la section 20, township 8, rang 7, le 21 d'avril 1893, et le Révérend A. M. Mourez pour les subdivisions légales 9, 10 et 16 du quart nord-est de la section 36, township 6, rang 9 à l'ouest du 1er méridien, le 6 de décembre 1894. Ils se sont en substance conformés à toutes les conditions de la loi des homesteads, sauf quant à la résidence, que la nature de leurs devoirs et les règlements de leur ordre ne leur permettent pas de faire sur leurs homesteads respectifs, vu qu'ils sont tenus de vivre dans la communauté.

Dans ces circonstances, et vu leurs efforts énergiques et heureux en faveur de l'immigration, le Ministre recommande que sur preuve satisfaisante qu'ils sont devenus sujets britanniques naturalisés, il leur soit permis d'acquérir leurs homesteads respectifs au prix minimum fixé par la loi pour les terres fédérales, savoir, $1 l'acre.

Le Ministre ajoute de plus que l'étendue et le montant du prix d'achat provenant de la vente de ces homesteads au prix ci-dessus nommé seront comme suit :—

Subdivisions légales 9, 10 et 16 du quart nord-est de la section 36, township 6, rang 9 à l'ouest du 1er méridien, contenant 120 acres, $120 ; le quart nord-ouest de la section 32, township 6, rang 8 à l'ouest du 1er méridien, contenant 159·32 acres, $159.32, et le quart nord-est de la section 20, township 8, rang 7 à l'ouest du 1er méridien, contenant une étendue de 160 acres, $160, faisant un total du prix d'achat de $439.32.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il a plu à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'approuver les règlements suivants pour la gouverne des peseurs officiels nommés en vertu de l'acte 54-55 Victoria, chap. 47, savoir :—

RÈGLEMENTS.

1. Chaque personne nommée peseur officiel en vertu des dispositions du dit acte, aura le contrôle exclusif des balances et poids à tout élévateur pour lequel il est autorisé à agir, et il pourra exiger que les dites balances et poids soient vérifiés et inspectés chaque fois qu'il aura raison de douter de leur exactitude.

2. Il pourra nommer tels aides-peseurs, sauf confirmation par le Ministère du Revenu de l'Intérieur, qui pourront être nécessaires, et il sera tenu responsable de leurs actes officiels, au même degré que s'il avait agi en personne.

3. Sur chaque chargement de wagon qu'il est obligé de peser il pourra prélever un honoraire de vingt-cinq centins.

4. Dans le cas de pesage inexact il sera assujéti aux mêmes peines que celles imposées aux inspecteurs des grains en vertu de l'Acte d'inspection.

5. Avant d'entrer en fonctions comme peseur officiel il fournira les cautions qu'exigera le Ministère du Revenu de l'Intérieur pour le fidèle accomplissement de ses devoirs et de ceux de ses aides.

6. Avant d'entrer en fonctions il prêtera devant un notaire ou un juge de paix, le serment suivant, savoir :—

Je,   jure solennellement que je remplirai et exécuterai fidèlement et honnêtement, au meilleur de mon habileté et de mon intelligence, la charge et les devoirs de peseur officiel, et que je ne recevrai ni directement ni indirectement ni par l'entremise d'aucune autre personne ou autres personnes pour moi, aucun honoraire, récompense ou gratification que ce soit (sauf ceux qui me sont attribués par la loi), en raison de toute fonction de ma charge comme peseur officiel.

7. Pour chaque pesage il délivrera un certificat dans la forme suivante—ou en telle autre forme que pourra prescrire de temps à autre le Ministère du Revenu de l'Intérieur :—

AVIS AUX MARINS.

No. 65 de 1895.

NOTE SUR LES COURANTS DANS LE GOLFE SAINT-LAURENT ET LE DÉTROIT DE BELLE-ILE.

L'attention des marins est attirée sur les résultats suivants qu'a donnés le Relevé des marées et courants dans les eaux canadiennes, conduit par M. W. Bell Dawson, I. C., pour le ministère de la Marine et des Pêcheries du Canada :—

Courant dans le détroit de Belle-Ile.

Le détroit proprement dit s'étend sur une longueur de 50 milles, avec une largeur de 10 à 15 milles, et va de l'est à l'ouest (magnétiquement). En été le courant dans ce détroit a les traits caractéristiques suivants, comme le font voir des observations faites dans dans les mois de juillet et septembre 1894 :—

Le courant est essentiellement de marée dans sa nature ; dans des conditions normales il tourne régulièrement avec la marée, et coule est et ouest dans le détroit avec des vitesses à peu près égales. Les conditions sont normales dans le temps modéré et durant les légers vents d'ouest. A ces époques-là le courant atteint une vitesse d'environ deux nœuds à l'heure dans chaque direction.

Durant ces gros vents, surtout ceux d'est et ouest, le courant qui suit le vent devient plus fort que celui qui va à l'encontre ; et éventuellement le courant peut devenir continu dans la même direction que le vent. Il peut ainsi courir dans une même direction pendant deux ou trois jours de suite. Les plus grandes vitesses du courant qui ont été observées pendant les gros vents, sont comme suit : De l'est, 3·15 nœuds ; et de l'ouest 2·50 nœuds à l'heure.

La différence dans le courant aux côtés opposés du détroit est à peine appréciable, sauf que vers le côté nord le courant serait un peu plus fort, ou plus persistant, dans une même direction.

Tant que des conditions normales prévalent, la différence du flux dans les deux directions est qu'il est plus considérable venant de l'est. Aussi, le flux réel dans toute l'année, en tenant compte de l'influence du vent, semble être plus grand en entrant de l'est qu'en sortant de l'ouest.

La présence de banquises dans le détroit et la température de l'eau ont aussi un rapport avec la direction prédominante du courant, mais ils n'offrent pas un indice sûr de la direction réelle du courant dans le moment.

D'après ces traits caractéristiques du courant dans ce détroit, il est clair qu'un navire peut dépasser son estime dans l'une ou l'autre direction dans le détroit. Encore, les vaisseaux entrant par le détroit ne doivent pas compter que le courant est nécessairement en leur faveur en courant vers l'ouest pour doubler l'extrémité est d'Anticosti, car les observations indiquent qu'il est possible pour le courant dans le détroit même et aussi à l'extrémité nord-est du golfe Saint-Laurent d'être contre eux dans cette direction.

Courants entre la côte de Gaspé et Anticosti.

Sur la carte de l'Amirauté intitulée : "Entrée au fleuve Saint-Laurent," No 1621, un courant est représenté comme coulant constamment du nord-ouest le long de la côte de Gaspé, à trois milles environ du rivage. Une autre ligne de courant constant est aussi tirée depuis le Cap Madeleine jusqu'à un point sud-ouest d'Anticosti, et se trouve à croiser le milieu du passage entre la côte de Gaspé et Anticosti. C'est cette ligne centrale de courant qui est seule représentée sur la carte générale du Golfe Saint-Laurent, No 2516. Toutefois, les "Sailing Directions" expliquent que le courant ne suit pas ces deux lignes en même temps. (*Voir* St. Lawrence Pilot" vol. I, p. 20, édition de 1894.)

Ainsi donc, l'on peut considérer ces lignes comme routes alternatives que le courant peut prendre. La première de ces lignes représente assez bien la direction ordinaire du courant sur la côte de Gaspé. La plus grande vitesse de ce courant durant les mois de juillet et septembre 1895, a été de 2·80 nœuds à l'heure, d'après des observations prises à cinq milles de la Pointe Renommée.

Lorsque le courant suit l'autre route au milieu du passage, la direction du courant le long de la côte de Gaspé peut même être renversée. Ce fait est arrivé les 27 et 30 de juillet 1895. L'on constata alors que le courant à la hauteur de la Pointe Renommée venait du sud-est avec une vitesse de près de 1½ nœuds, ou contrairement à sa direction ordinaire.

Ce changement dans la direction du courant est probablement dû à l'influence du vent, mais le rapport entre le courant et le vent n'a pas encore été définitivement établi.

La vitesse du courant est sujette à une fluctuation qui semble correspondre à la marée. Il arrive aussi parfois qu'il change de direction de façon à courir directement à terre ou au large pendant 2 ou 4 heures. Ceci a été observé tant sur le côté de Gaspé au sud-est de la Pointe Renommée que sur le côté d'Anticosti entre les pointes sud-ouest et ouest, à des distances de 4 ou 7 milles du rivage ; le courant avait alors une vitesse variant d'un demi-nœud à près de 1½ nœuds par heure, et se dirigeait soit à terre ou au large.

Cet avis affecte les cartes de l'Amirauté Nos. 232*b* et 282 du détroit de Belle-Ile ; et les Nos. 1621 et 2516 du Saint-Laurent. Aussi, le "St. Lawrence Pilot," 6e édition, 1894, vol. I, Courants, pp. 17 et 20.

No. 66 de 1895.

AMÉLIORATION AU FEU SUR LE QUAI DES ÉBOULEMENTS.

En juin 1894, le feu sur le quai des Eboulements, sur la rive nord du fleuve Saint-Laurent en aval de Québec, a été amélioré.

Le feu de tête de mât jusque là en usage a été abandonné, et le mât enlevé, et le feu a été exhibé d'une lanterne carrée en bois construite sur le toit de l'appenti qui recouvre la descente à l'extrémité du quai.

Le feu reste blanc fixe comme auparavant. Il est à 23 pieds au-dessus de la marque des hautes eaux, et devrait être visible à 5 milles de tous les points d'approche par eau. L'appareil d'éclairage consiste d'une lentille en verre pressé.

L'appenti et la chambre d'attente auprès, ainsi que la nouvelle lanterne sont peinturés en brun avec garnitures en blanc. La hauteur depuis le plancher du quai jusqu'à la girouette de la lanterne est de 20 pieds.

Cet avis affecte les cartes de l'amirauté Nos. 314 et 2516, et la Liste des phares canadiens No. 622.

ORDRES GÉNÉRAUX DE MILICE

1896.

QUARTIERS GÉNÉRAUX,
8 janvier 1896.

O. G. Spécial 1.

ÉTAT-MAJOR AUX QUARTIERS GÉNÉRAUX.

Le Colonel Walker Powell, adjudant général de la Milice, a eu la permission de se retirer de la Milice Active, avec une pension de retraite et le grade de colonel sur la liste des retraités.

Le Major général commandant ne peut laisser le Colonel Powell se retirer sans faire connaître la haute estime et le respect que les miliciens de tous grades ressentent pour cet officier qui a rendu de si longs et si fidèles services à sa reine et à son pays.

Le Major général croit qu'il ne fait qu'exprimer les sentiments de la Milice entière en disant que la séparation du Colonel Powell d'avec la Milice cause un regret universel.

Par ordre,

M. AYLMER, Lieut-colonel,
Aide-adjudant général de la Milice,
Canada.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a*.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b*.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

—

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage a 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a report, dated 20th December 1895, from the Minister of the Interior, stating that a certain Island in the Bow River, comprising parts of Sections 21 and 22, in Township 24, Range 1 west of the 5th Meridian, of the Dominion Lands system of survey, is the property of the Calgary Water Power Company, and that that Company has made application through the Lieutenant-Governor of the North-west Territories, for permission to close up that portion of the road allowance between Sections 21 and 22 which crosses the said Island and likewise the same road allowance lying to the south of the log drive, for a distance of sixty-six feet, as shown on the accompanying plan on which the road allowances proposed to be closed are coloured pink.

The Minister further states that the Calgary Water Power Company owns the land on both sides of the road allowance proposed to be closed, and a description of the same by James A. Macmillan, D.L.S., is hereto attached.

There appears to be no objection to the closing of this road allowance, and the Minister therefore recommends that the assent of Your Excellency be given to the closing of the road in question and its transfer to the Calgary Water Power Company (Limited) under the provisions of clause 21, of the Act 57-58 Victoria, chapter 17.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

DESCRIPTION.

All and singular that certain parcel or tract of land situate, lying and being that part of the road allowance between Sections twenty-one and twenty-two, Township twenty-four, Range one west of the 5th Meridian, lying south of the main channel of Bow River, and north of a line at right angles to the east boundary of said Section twenty-one, from a point on said boundary, seven chains sixty-six links north from the south-east angle of said Section twenty-one.

[3646]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 3rd day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 10th December 1895, from the Minister of the Interior, submitting that by the Order in Council of the 25th of July last, the licensees of timber berths situate in the Railway Belt in the Province of British Columbia were permitted to pay dues on the timber cut by them at the rate of fifty cents per thousand feet B.M. instead of a royalty of five per cent on the sales of lumber, and they were also entitled to receive a rebate of forty cents per thousand feet on manufactured lumber exported from the Province, except upon lumber shipped to Manitoba or the North-west Territories.

That representations have been made to the Minister of the Interior by the licensees, that this new regulation makes the dues on the lumber sold in the Province and shipped to Manitoba and the North-west Territories, higher than formerly when they paid a royalty of five per cent on the sales, instead of a fixed rate of fifty cents per thousand feet.

The Minister states that lumber at the present time is selling in the Province of British Columbia at from $7 to $9 per thousand feet. The royalty thereon at five per cent would therefore amount to from thirty-five to forty-five cents per thousand feet, being from five to ten cents per thousand feet less than the dues of fifty cents per thousand prescribed by the Order in Council of 25th July last, above referred to.

The Minister recommends, as it was the intention in passing the said Order to give relief to the licensees instead of burdening them with an additional tax on the lumber cut by them, that the dues on lumber sold in the Province and exported to Manitoba and the North-west Territories be five per cent royalty on the sales, and that the dues on lumber otherwise exported from the Province be at the same rate less a rebate of forty cents per thousand feet.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

[3584]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 14th day of December, 1895.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 6th December, 1895, from the Minister of the Interior, stating that on the 18th day of May, 1892, Mr. D. Maloney, of St. Albert, a member of the Legislative Assembly of the North-west Territories, made a Military Homestead entry for the east half of Section 14, Township 52, Range 25, west of the 4th Meridian. Mr. Maloney now represents that on account of the nature of his duties as a member of the North-west Assembly, he has been unable to complete the performance of the residence and cultivation prescribed by the law, and he asks that he be permitted to purchase the half-section mentioned for the sum of $480, being one-half of the regulation price of $3 per acre.

The Minister is of opinion that Mr. Maloney's request is a reasonable one, and he recommends that he be authorized to sell the land to any person who may be named for that purpose by Mr. Maloney at the price mentioned, namely $480.

The Committee advise that the requisite authority be granted.

JOHN J. McGEE,
Clerk of the Privy Council.

26-4

[3614]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 14th day of December, 1895.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 7th December, 1895, from the Minister of the Interior, stating that Mr. W. B. Scarth, then agent of Lord Mount Stephen, made certain advances during the years 1886, 1887, 1888 and 1889, to Count Paul O. D'Esterhazy, amounting with interest to the 30th September last, to $653.83 under the plan sanctioned by the Minister of the Interior, for the purpose of assisting Count D'Esterhazy to settle on the south-east quarter of Section 7, Township 19, Range 1 west of the 2nd Meridian. Attached hereto are a statutory declaration made by Mr. Scarth of the facts of the case and a statement of the indebtedness, the declaration setting forth that Count d'Esterhazy has never discharged the debt and has left the country.

The Minister further states that Mr. L. A. Hamilton, the Land Commissioner of the Canada North-west Land Company, has now made application to the Minister of the Interior, on behalf of Lord Mount Stephen, for the issue of a patent in the latter's name for the above mentioned land, stating that after receiving the advances shown in the statement of indebtedness above mentioned Count d'Esterhazy refused to execute the lien necessary under The Dominion Lands Act to create a charge against the land as a security for the advance.

The Minister, after a very careful consideration of the provisions of The Dominion Lands Act under which liens for advances to settlers may be recognized by the Minister of the Interior, and patents may be issued to the lien holders in the cases of delinquent settlers, is of the opinion that the application for the issue of a patent to Lord Mount Stephen for the south-east quarter of Section 7, Township 19, Range 1 west of the 2nd Meridian, cannot be granted; for, although there is sufficient evidence to establish an advance by Lord Mount Stephen to Count d'Esterhazy, notwithstanding statements to the contrary made by the latter, two of the most important conditions precedent to the recognition by the Minister of the Interior of the advances have not been complied with, Count d'Esterhazy never having made a homestead entry for the land for which the issue of a patent is now asked, and never having executed the lien in the form required by The Dominion Lands Act, or in any other form.

The Minister desires to point out in connection with the statement of account that the amount of the advance is in excess of the $600 limited by The Dominion Lands Act, and also contains items which do not fall within the class of items mentioned in the Act, or in the Schedule to the form of acknowledgement.

The Minister, while he does not consider that a patent under the provisions of The Dominion Lands Act, relating to advances to settlers could be issued to Lord Mount Stephen in this case, is nevertheless of opinion that the circumstances above set forth would amply justify the sale of the quarter-section at the minimum rate of Dominion lands, as set forth in clause 29 of The Dominion Lands Act.

The Minister, therefore, recommends that he be authorized to sell to Lord Mount Stephen the south-east quarter of Section 7, Township 19, Range 1 west of the 2nd Meridian, at the rate of $1 per acre, and issue a patent therefor, upon the completion of the purchase.

The Committee advise that the requisite authority be granted as above recommended.

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 7th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 27th December, 1895, from the Minister of the Interior, stating that on the 10th January, 1885, the Honourable Sir David Macpherson, acting for the Minister of the Interior, authorized the reopening to general settlement of the lands comprised in the Regina Reserve. The withdrawal of these lands from homesteading was originally made by Departmental order, but was subsequently confirmed by the Order in Council of the 29th November, 1883, which defined the terms and conditions on which the even-numbered sections therein might be sold. In view of the provisions of that Order in Council it would seem that the reopening of this Reserve to general settlement, authorized by the Acting Minister of the Interior as above mentioned, should have been sanctioned by Order in Council.

The Minister, therefore, recommends that the action taken on the 10th January, 1885, in throwing open the lands known as the Regina Reserve to general settlement upon the ordinary terms then in force, be confirmed.

The Committee submit the same for Your Excellency's approval.

[3331]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 18th day of November, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 11th November, 1895, from the Minister of the Interior, submitting that by an Order in Council of 10th January, 1895, authority was granted for the sale to Mrs. Margaret Gunn, of the north-west quarter of Section 16, Township 10, Range 18 west of the 1st Meridian, at one dollar an acre. Mrs. Gunn now represents that she is not in a position to avail herself of this privilege, and asks that, instead thereof, the whole half-section be sold to a person named by her, the price to be $1.25 an acre.

The Minister submits a report upon the case by the Deputy Minister of the Interior wherein the facts are recited, and the application recommended, and he, the Minister, is of opinion that this case is one which comes within the class of those which it has been customary, in the past, to dispose of in the manner suggested.

The Minister recommends that, under section 41 of The Dominion Lands Act, he be authorized to cancel Mrs. Gunn's homestead and pre-emption entries for the west half of Section 16, Township 10, Range 18 west of the 1st Meridian, and to sell the half-section to her nominee at $1.25 an acre.

The Committee submit the foregoing recommendation for Your Excellency's approval.

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 12th day of December, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 2nd December, 1895, from the Minister of the Interior, submitting that the Windsor School District No. 265, of the North-west Territories, have applied for one acre of land in the north-west corner of the north-east quarter of Section 31, Township 26, Range 6 west of the 2nd Meridian, being a parcel of land five chains due south by two chains due west, for the purpose of a school site upon which to erect a school-house.

The Minister states that the land forms a portion of the grant to the Manitoba and North-western Railway Company, which company has relinquished its right to the one acre in question, and he therefore recommends that he be authorized to issue to the said School District letters patent for the acre of land applied for, under the terms and conditions imposed by clause 31 of The Dominion Lands Act.

The Committee submit the above recommendation for Your Excellency's approval.

NOTICE TO MARINERS.

No. 68 of 1895.

I. IMPROVEMENT OF WESTHAVER ISLAND LIGHT.

The light on Westhaver Island, at the entrance to Mahone Harbour, Mahone Bay, Atlantic Coast of Nova Scotia, is being improved by the substitution for the mast light now maintained, of a more powerful light in an enclosed tower.

Lat. N. 44° 26' 15"
Long. W. 64° 20' 2"

The new tower is erected on the summit of the island, near its south-east end, on a site about 30 feet above high water mark. It is a square wooden building painted white, surmounted by a hexagonal iron lantern painted red, and attached to its north-west side is a small white wooden dwelling. The height of the tower from its base to the vane on the lantern is 27 feet.

The light will be a fixed white light elevated 54 feet above high water mark, and should be visible 12 miles from all points of approach. The illuminating apparatus will be dioptric of the seventh order. The change from the mast to the tower will be made on the 15th January next, and the mast will then be removed.

This notice affects Admiralty charts Nos. 343, 730, 2666 and 2670, and Canadian List of Lights and Fog Signals No. 179.

II. CHANGE IN ILLUMINANT OF REEDS POINT LIGHTS.

The illuminant in the three lights shown from a lamp post on Reeds Point, in the City of St. John, New Brunswick, has been changed from gas to electricity. A 64-candle power incandescent lamp has been placed in each of the three street lanterns heretofore used. In case of any accident happening to the electric supply, illumination by gas will be temporarily resumed.

This notice affects Canadian List of Lights and Fog Signals No. 41.

III. PALMER'S LANDING LIGHT BUILDING BURNT DOWN.

The mast and shed, from which a light was shown, on the outer end of the old wharf at Palmer's Landing, River St. John, New Brunswick, were burnt down on the 19th October last.

From that time till the close of navigation a temporary light, from a lantern on a pole, was maintained.

It is proposed to replace this light next season by a light in an enclosed tower, established near the outer end of a new wharf built by Government about 1,000 feet farther up the river than that on which the light has heretofore been maintained.

This notice affects Canadian List of Lights No. 53.

NOTE.—This will be the last notice issued in 1895.

NOTICE TO MARINERS.

No. 62 of 1895.

NOTE ON CURRENTS IN THE GULF OF ST. LAWRENCE AND STRAIT OF BELLE ISLE.

The attention of mariners is directed to the following results obtained in the Survey of the Tides and Currents in Canadian waters, conducted by Mr. W. Bell Dawson, C. E., for the Department of Marine and Fisheries of the Dominion of Canada :—

Current in the Strait of Belle Isle.

This Strait lies east and west (magnetic) ; and the Strait proper extends for a length of 50 miles, with a width of 10 to 15 miles. The current in this Strait has the following characteristics in the summer season, as shown by observations throughout the months of July and September, 1894 :—

The current is fondamentally tidal in its nature ; and under normal conditions it turns regularly with the tide, and runs east and west through the Strait with velocities which are nearly equal. The conditions are normal in moderate weather, and during the prevalence of moderate westerly winds. At such times the current attains a velocity of about two knots per hour in each direction.

During heavy winds, especially when easterly or westerly in direction, the current which runs with the wind becomes stronger than the current against it ; and eventually the current may come to be continuous in the same direction as the wind. It may thus run in the one direction for two or three days at a time. The greatest velocities of the current which were observed during heavy winds were as follows : From the east 3·15 knots ; and from the west 2·50 knots per hour.

There is little appreciable difference in the current at the opposite sides of the Strait ; except that towards the north side the current may be a little stronger, or more persistent, in the one direction.

While normal conditions prevail, the difference of flow in the two directions is in favour of a greater inward flow from the east. Also, the actual flow throughout the year, when the influence of the wind is included, appears to be greater in the inward direction from the east than outward from the west.

The presence of icebergs in the Strait and the temperature of the water have also a relation to the predominant direction of the current ; but they cannot be relied upon as affording an indication of its actual direction at the time.

From the above characteristics of the current in this Strait, it is clearly possible for a vessel to over-run its reckoning in either direction through the Strait. Also, vessels entering through the Strait must not assume that the current is necessarily in their favour in making the run westward to round the eastern end of Anticosti ; as the observations show that it is possible for the set in the Strait itself and also in the north-eastern end of the Gulf of St. Lawrence, to be against them on that course.

Currents between the Gaspé Coast and Anticosti.

On the Admiralty chart entitled "Entrance to the River St. Lawrence," No. 1621, a current is shown to run constantly along the Gaspé coast from a northwesterly direction at about three miles off shore. Another line of constant current is also shown as lying along a line from Cape Magdalen to the Southwest Point of Anticosti, which thus traverses the middle of the passage between the Gaspé coast and Anticosti. It is this central line of current which is alone represented on the General chart of the Gulf of St. Lawrence, No. 2516. It is explained, however, in the Sailing Directions, that the current does not follow both these lines at the same time. (See "St. Lawrence Pilot," Vol. I., p. 20, edition of 1894.)

These lines therefore are properly to be regarded as alternative routes which the current may take. The first of these lines represents fairly the usual direction of the current along the Gaspé coast. The greatest velocity of this current during the months of July and September, 1895, was 2·80 knots per hour, as observed five miles off Fame Point.

When the current follows the other route along the middle of the passage, the direction of the current along the Gaspé coast may even be reversed. This occurred on July 27th and 30th, 1895. The current in the offing of Fame Point was then found to run inwards from the south-east with a velocity of nearly 1½ knots, or contrary to its usual direction.

It is probable that this change in the position of the current may prove to be due to the influence of the wind; but the relation between the current and the wind has not yet been definitely ascertained.

The velocity of the current is subject to a fluctuation which appears to correspond with the tide. There are times also at which it veers in direction in such a way as to run directly on or off shore for a period of 2 to 4 hours. This was observed both on the Gaspé side of the passage, south-east of Fame Point; and on the Anticosti side, between South-west Point and West Point, at distances of 4 to 7 miles from shore. The current at such times had a velocity which ranged from half a knot to nearly 1½ knots per hour, with a direction which was either on or off shore.

This notice affects Admiralty Charts Nos. 232*b* and 282 of the Strait of Belle Isle; and Nos. 1621 and 2516 of the St. Lawrence. Also "St. Lawrence Pilot," 6th edition, 1894, Vol. I. Currents, pp. 17 and 20.

NOTICE TO MARINERS.

No. 66 of 1895.

I. IMPROVEMENT IN LES ÉBOULEMENTS WHARF LIGHT.

In June, 1894, the light on Les Eboulements wharf, on the north shore of the River St. Lawrence below Quebec, was improved.

The mast light theretofore used was abandoned and the mast removed, and the light was shown from a square wooden lantern built on the roof of the shed which covers the slip at the outer end of the wharf.

The light remains, as before, fixed white. It is elevated 23 feet above high water mark and should be visible 5 miles from all points of approach by water. The illuminating apparatus consists of a pressed glass lens.

The shed and waiting room near by, as well as the new lantern, are painted brown with white trimmings. The height from the deck of the pier to the vane of the lantern is 20 feet.

This Notice affects Admiralty charts Nos. 314 and 2516, and Canadian List of Lights No. 622.

II. CHANGE IN FRONT RANGE LIGHT TOWER, GEORGETOWN, P.E.I.

The front tower of the Georgetown, P.E.I., range lights, destroyed by fire on the 18th October, 1894, was replaced in February last by a new building differing in design from the old one.

Lat. N. 46° 9' 57"
Long. W. 62° 31' 30"

The light remains, as before, fixed white in the harbour and red seaward, is elevated 50 feet above high water mark and should be visible for a distance of 8 miles.

The building is of wood, square in plan, painted white, with a galvanized iron lantern painted red rising from the middle of the roof. It is 34 feet in height from base to vane.

This Notice affects Admiralty charts Nos. 1651, 2029 and 2034, and Canadian List of Lights and Fog Signals No. 354.

III. BEACONS IN ATLANTIC COVE, ST. PAUL ISLAND.

A tidal gauge house, painted white, erected about 40 feet above high water mark in the bight of Atlantic Cove, St. Paul Island, in the entrance to the Gulf of St. Lawrence, now forms a conspicuous landmark on the coast of the island.

Lat. N. 47° 12' 7"
Long. W. 60° 9' 0"

A circular white beacon has been placed on the side of the hill above the gauge; these two objects in line, bearing N. W. ¼ N. (N. 69° 56' W. true) lead clear to the southward of "Big Dick," a dangerous detached rock on which the sea breaks very heavily, off the north-east horn of the cove.

The above alignment affords a good guide to vessels anchoring off the cove in 15 fathoms.

This Notice affects Admiralty chart No. 2727.

IV. ERRATUM IN NOTICE TO MARINERS No. 31 OF 1895.

Notice to Mariners No. 31 of 1895, headed "Darnley Point," should be "Darnley Basin" Range Light.

This light is distant 400 feet S. by E. ½ E. from the present main light on Fish Island or Bill Hook Island and not from either of the lights of the Darnley Point Range, which are 2½ miles distant.

NOTICE TO MARINERS.

No. 67 of 1895.

I.—FOG SIGNAL, GAP ROCK, HONG KONG.

The Colonial Secretary of Hong Kong gives notice that, on and after the 1st January, 1896, a twelve-pounder gun will be fired every ten minutes at the Gap Rock Station, Hong Kong, in lieu of the fog signal now in use.

II.—HIMESAKI LIGHTHOUSE, JAPAN.

The Government of Japan announce the establishment of a fixed white light at the Southern head of the entrance to Yebisu Bay, Sado Island, West coast of Japan.

The light will illuminate an arc of 230° 30', between the bearings of N. 79° 30' E. true, and N. 50° W. true, except that over a small arc the light will not be seen for 1 or 1½ miles from the lighthouse, being obscured by the point Torikakehana, South of the Lighthouse. The elevation of the light above the sea will be 136 feet, and in clear weather it will be seen from a distance of 10 miles.

The lighthouse is built of iron, hexagonal in shape, and is painted white. It is 40 feet high from the base to the centre of the lantern.

The position of the lighthouse, according to the Japanese Admiralty Chart No. 248, is :—

Latitude	38° 5' 15" North.
Longitude	138 33 35 East of Greenwich.

III.—OGISHIMA LIGHTHOUSE, JAPAN.

Also, that a 6th order light, flashing every 15 seconds, has been established at the northern extremity of Ogishima, Inland Sea.

The arc of illumination will be 229° 10' between the bearings of N. 52° 25' E. true, and N. 78° 25' W. true. The light will show a green sector covering Atsusa rock and Nakase, and a red sector covering Ozonose. The remainder of the arc is white.

The elevation of the light above the sea will be 48 feet, and in clear weather it will be seen from a distance of 12 nautical miles.

The lighthouse is built of granite, circular in shape and is 41 feet high from the base to the centre of the lantern.

The position of the lighthouse, according to the Japanese Admiralty Chart No. 50, is :—

Latitude	30° 26' 10" North.
Longitude	134 3 30 East of Greenwich.

IV.—BUOY AT FUNAKAWA ANCHORAGE, JAPAN.

Also, that a buoy has been placed in 4 fathoms to mark the position of the sunken rock which lies to E.S.E. of Funakawa Lighthouse.

The cross-bearings taken from the buoy are as follows :—

Funakawa Lighthouse....	N. 76° 50' W. true.
Chausu-yama	N. 13 15 E. true.
Oyehana-saki.........	N. 36 0 E. true.

The buoy is a pyramidal wooden framework painted white and is surmounted by a triangular top-mark standing 14 feet above the sea.

TO ADVERTISERS IN THE *GAZETTE*.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. Invariably remit the fees for such advertisements, together with the price of one Gazette, as below. Otherwise they will not be inserted. The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent—6 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped from them at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz :

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No Petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

EDOUARD J. LANGEVIN,
Clerk of the Senate.
JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

51*a*. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b*. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a.*) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or autho-

rized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b.*) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

Special Order of the House of Commons.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :—

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

Substance of Rules of the Senate relating to Notices and Applications for Bills of Divorce.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed, and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Act respecting Extra-Judicial Oaths.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

NOTICE is hereby given in accordance with the provisions of section 15 of The North-west Irrigation Act, as amended, that the application of The Calgary Irrigation Company for the right to divert sufficient water from the Elbow River, on the S. E. ¼ of Section 4, Township 24, Range 4, W. of 5th Meridian, and on the N. E. ¼ of Section 10, Township 24, Range 1, W. of 5th Meridian, to irrigate some 45,000 acres of land as shown upon the plans filed by the company and to construct the necessary works to enable the water so diverted to be used for irrigation and power purposes, has received the approval of the Governor in Council, and that the company have been granted ten years from the 23rd July, 1894, within which to complete the construction of their works, and further, that the Governor in Council has not seen fit to order any changes or variations in the works as proposed by the company.

The memorial of the company was filed with the Minister of the Interior on the twenty-seventh day of November, 1894, and with the Agent on the fifth day of September, 1894, and an amended memorial was filed with the Minister of the Interior on the 26th day of October, 1895, and with the Agent on the 22nd day of October, 1895.

The particulars as to the company and its works are as follows:—

The company was incorporated by Act of Parliament, 56 Vic., chap. 71, which Act was amended by Act 57-58 Vic., chap. 106.

The authorized capital of the company is $100,000, of which $40,000 has been subscribed, 60 per cent of this amount having been paid up. As soon as 50 per cent of the capital stock has been paid up, it can be increased by by-law of the company to $200,000. The company are granted power to issue bonds to the extent of double the paid-up capital, or to the extent of the subscribed capital, whichever may be the smaller amount.

The stockholders of the company are as follows:—

Name.	Amount subscribed.
P. Turner Bone	$13,800
William Pearce	13,800
Margaret A. Pearce	6,900
Louisa W. Meyer	5,500
Total subscribed	$40,000

The directors of the company are William Pearce, P. Turner Bone, and Louisa W. Meyer, of whom William Pearce is president, L. W. Meyer, secretary, and P. Turner Bone, managing director.

The company is incorporated principally as an irrigation company, but has been granted the right to use water for power purposes, so long as its use for such purposes does not interfere with its use for irrigation. It has also been granted the right to purchase lands, and to improve these lands by irrigation, and to dispose of the same.

The probable number of consumers of the water to be diverted is stated in the company's memorial to be 300. The lands to be irrigated, in their present condition are stated to be probably worth from $1 to $3 per acre, and the soil of the district which it is proposed to irrigate is stated to be generally a good loam with clay and gravel subsoil.

The rates to be charged by the company for water supplied for irrigation purposes are not to exceed $1.50 per acre per annum. 24–6

AVIS AUX MARINS.

No. 66 de 1895.

AMÉLIORATION AU FEU SUR LE QUAI DES ÉBOULEMENTS.

En juin 1894, le feu sur le quai des Eboulements, sur la rive nord du fleuve Saint-Laurent en aval de Québec, a été amélioré.

Le feu de tête de mât jusque là en usage a été abandonné, et le mât enlevé, et le feu a été exhibé d'une lanterne carrée en bois construite sur le toit de l'appenti qui recouvre la descente à l'extrémité du quai.

Le feu reste blanc fixe comme auparavant. Il est à 23 pieds au-dessus de la marque des hautes eaux, et devrait être visible à 5 milles de tous les points d'approche par eau. L'appareil d'éclairage consiste d'une lentille en verre pressé.

L'appenti et la chambre d'attente auprès, ainsi que la nouvelle lanterne sont peinturés en brun avec garnitures en blanc. La hauteur depuis le plancher du quai jusqu'à la girouette de la lanterne est de 20 pieds.

Cet avis affecte les cartes de l'amirauté Nos. 314 et 2516, et la Liste des phares canadiens No. 622.

AVIS AUX MARINS.

No. 65 de 1895.

NOTE SUR LES COURANTS DANS LE GOLFE SAINT-LAURENT ET LE DÉTROIT DE BELLE-ILE.

L'attention des marins est attirée sur les résultats suivants qu'a donnés le Relevé des marées et courants dans les eaux canadiennes, conduit par M. W. Bell Dawson, I. C., pour le ministère de la Marine et des Pêcheries du Canada :—

Courant dans le détroit de Belle-Ile.

Le détroit proprement dit s'étend sur une longueur de 50 milles, avec une largeur de 10 à 15 milles, et va de l'est à l'ouest (magnétiquement). En été le courant dans ce détroit a les traits caractéristiques suivants, comme le font voir des observations faites dans dans les mois de juillet et septembre 1894 :—

Le courant est essentiellement de marée dans sa nature ; dans des conditions normales il tourne régulièrement avec la marée, et coule est et ouest dans le détroit avec des vitesses à peu près égales. Les conditions sont normales dans le temps modéré et durant les légers vents d'ouest. A ces époques-là le courant atteint une vitesse d'environ deux nœuds à l'heure dans chaque direction.

Durant ces gros vents, surtout ceux d'est et ouest, le courant qui suit le vent devient plus fort que celui qui va à l'encontre; et éventuellement le courant peut devenir continu dans la même direction que le vent. Il peut ainsi courir dans une même direction pendant deux ou trois jours de suite. Les plus grandes vitesses du courant qui ont été observées pendant les gros vents, sont comme suit: De l'est, 3·15 nœuds; et de l'ouest 2·50 nœuds à l'heure.

La différence dans le courant aux côtés opposés du détroit est à peine appréciable, sauf que vers le côté nord le courant serait un peu plus fort, ou plus persistant, dans une même direction.

Tant que des conditions normales prévalent, la différence du flux dans les deux directions est qu'il est plus considérable venant de l'est. Aussi, le flux réel dans toute l'année, en tenant compte de l'influence du vent, semble être plus grand en entrant de l'est qu'en sortant de l'ouest.

La présence de banquises dans le détroit et la température de l'eau ont aussi un rapport avec la direction prédominante du courant, mais ils n'offrent pas un indice sûr de la direction réelle du courant dans le moment.

D'après ces traits caractéristiques du courant dans ce détroit, il est clair qu'un navire peut dépasser son estime dans l'une ou l'autre direction dans le détroit. Encore, les vaisseaux entrant par le détroit ne doivent pas compter que le courant est nécessairement en leur faveur en courant vers l'ouest pour doubler l'extrémité est d'Anticosti, car les observations indiquent qu'il est possible pour le courant dans le détroit même et aussi à l'extrémité nord-est du golfe Saint-Laurent d'être contre eux dans cette direction.

Courants entre la côte de Gaspé et Anticosti.

Sur la carte de l'Amirauté intitulée: "Entrée au fleuve Saint-Laurent," No 1621, un courant est représenté comme coulant constamment du nord-ouest le long de la côte de Gaspé, à trois milles environ du rivage. Une autre ligne de courant constant est aussi tirée depuis le Cap Madeleine jusqu'à un point sud-ouest d'Anticosti, et se trouve à croiser le milieu du passage entre la côte de Gaspé et Anticosti. C'est cette ligne centrale de courant qui est seule représentée sur la carte générale du Golfe Saint-Laurent, No 2516. Toutefois, les "Sailing Directions" expliquent que le courant ne suit pas ces deux lignes en même temps. (*Voir* St. Lawrence Pilot" vol. I, p. 20, édition de 1894.)

Ainsi donc, l'on peut considérer ces lignes comme routes alternatives que le courant peut prendre. La première de ces lignes représente assez bien la direction ordinaire du courant sur la côte de Gaspé. La plus grande vitesse de ce courant durant les mois de juillet et septembre 1895, a été de 2·80 nœuds à l'heure, d'après des observations prises à cinq milles de la Pointe Renommée.

Lorsque le courant suit l'autre route au milieu du passage, la direction du courant le long de la côte de Gaspé peut même être renversée. Ce fait est arrivé les 27 et 30 de juillet 1895. L'on constata alors que le courant à la hauteur de la Pointe Renommée venait du sud-est avec une vitesse de près de 1½ nœuds, ou contrairement à sa direction ordinaire.

Ce changement dans la direction du courant est probablement dû à l'influence du vent, mais le rapport entre le courant et le vent n'a pas encore été définitivement établi.

La vitesse du courant est sujette à une fluctuation qui semble correspondre à la marée. Il arrive aussi parfois qu'il change de direction de façon à courir directement à terre ou au large pendant 2 ou 4 heures. Ceci a été observé tant sur le côté de Gaspé au sud-est de la Pointe Renommée que sur le côté d'Anticosti entre les pointes sud-ouest et ouest, à des distances de 4 ou 7 milles du rivage; le courant avait alors une vitesse variant d'un demi-nœud à près de 1½ nœuds par heure, et se dirigeait soit à terre ou au large.

Cet avis affecte les cartes de l'Amirauté Nos. 232*b* et 282 du détroit de Belle-Ile; et les Nos. 1621 et 2516 du Saint-Laurent. Aussi, le "St. Lawrence Pilot," 6e édition, 1894, vol. I, Courants, pp. 17 et 20.

AUX ANNONCEURS DANS LA *GAZETTE.*

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.
3. Transmettre invariablement le prix de l'annonce ainsi que le prix d'un exemplaire de la *Gazette*, tels que donnés plus bas ; sans cela l'annonce ne sera pas publiée. Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 insertions.

Les avis de demandes de lettres patentes—6 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

Ordre spécial de la Chambre des Communes.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage a 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

PRESENT :

The Queen's Most Excellent Majesty in Council.

WHEREAS by an Order in Council dated the 29th day of February, 1868, made by Her Majesty in exercise of the powers conferred upon Her by The Merchant Shipping Act Amendment Act, 1862, Her Majesty was pleased to direct that the ships of Denmark the certificates of Danish nationality and registry of which were dated on and after the 1st October, 1867, should be deemed to be of the tonnage denoted in the said certificates of Danish nationality and registry ;

And whereas by another Order in Council dated the 30th day of December, 1878, Her Majesty was pleased to direct as regards Danish steamships that if the owner or master of any merchant ship belonging to the Kingdom of Denmark and measured after the 1st day of October, 1878, which is propelled by steam or any other power requiring engine-room, should desire the allowance for engine-room in his ship to be estimated under the rules for engine-room measurement and allowance applicable to British ships instead of under the Danish rule, the engine-room should be measured and the allowance calculated according to the British rules ;

And whereas by another Order in Council dated the 20th day of April, 1883, Her Majesty was further pleased to direct that in the event of the net registered tonnage of merchant ships belonging to the said Kingdom of Denmark, which are propelled by steam or any other power requiring engine-room estimated under the British rules, being denoted in the said certificates of Danish nationality and registry issued on or after the 1st day of September, 1882, such ships should be deemed to be of the tonnage so denoted in the said certificates ;

And whereas by section 84 of The Merchant Shipping Act, 1894, it is enacted that whenever it appears to Her Majesty the Queen in Council that the tonnage regulations of that Act have been adopted by any foreign country and are in force there, Her Majesty in Council may order that the ships of that country shall, without being remeasured in Her Majesty's Dominions be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship ;

And whereas it has been made to appear to Her Majesty that the tonnage regulations of The Merchant Shipping Act, 1894, have been adopted by the Government of His Majesty the King of Denmark, and that such regulations are now in force in that country, having come into operation on the 1st day of April, 1895;

And whereas there still are or may be ships belonging to the King of Denmark to which the hereinbefore recited Orders of the 29th February, 1868, the 30th December, 1878, and the 20th April, 1883, may respectively apply, and it is expedient not to revoke the same, but to let the said recited Orders remain in force so long as there are any ships to which the same may so respectively apply;

And whereas the provisions of section one of The Rules of Publication Act, 1893, have been complied with:

Now, therefore, Her Majesty (in pursuance and exercise of the powers hereinbefore mentioned) is hereby pleased by and with the advice of Her Privy Council, to decree that the merchant ships of the Kingdom of Denmark the measurement whereof shall on or after the 1st day of April, 1895, have been ascertained and denoted in the certificates of registry or other national papers of such ships, shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 17th day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS, in view of the reported presence of Asiatic Cholera in epidemic form in certain districts of Japan from which the importation of bulbs and plants was excluded from vessels bound directly to the United States, and which were subsequently to be sent forward by one of the steamship lines, to a Canadian port, it is advisable that such bulbs and plants, not susceptible of being disinfected, should be prevented from passing through the Canadian Quarantines:—

His Excellency, in virtue of the provisions of chapter 68, Revised Statutes, intituled "An Act respecting Quarantine," and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that the importation into Canada of bulbs and growing plants in earth, from the infected cholera districts of Japan, shall be and the same is hereby prohibited.

His Excellency, is further pleased to order that the present order shall be and the same is hereby declared to be a Quarantine regulation.

JOHN J. McGEE,
30-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 26th December, 1895, from the Minister of the Interior, stating that, by an Order in Council of date the 10th of November, 1863, the Indians of "The Gambler's" Band, resident on their Reserve at Silver Creek, on the east side of the Assiniboine River, about nine miles north of Fort Ellice, made a surrender to the Crown of a portion of that Reserve in consideration of receiving a corresponding area of land on Valley River, lying south of Duck Mountain, in the northern part of Manitoba. At the time when the Reserve for the Indians of "The Gambler's" Band was laid out at Silver Creek, a portion of the Band was residing on this Valley River, and objected to removing to Silver Creek.

The Minister further states that the Department of Indian Affairs has caused a survey to be made of the lands occupied by the Indians at Valley River, and has filed in the Department of the Interior a plan of the same, a copy of which is hereto attached.

The Minister recommends that the area of land bordered with "pink" on the annexed tracing be set apart and reserved for the purposes of "The Gambler's" Band of Indians.

The Committee submit the foregoing recommendation for Your Excellency's approval.

30-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 7th day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 27th December, 1895, from the Minister of the Interior, stating that on the 10th January, 1885, the Honourable Sir David Macpherson, acting for the Minister of the Interior, authorized the reopening to general settlement of the lands comprised in the Regina Reserve. The withdrawal of these lands from homesteading was originally made by Departmental order, but was subsequently confirmed by the Order in Council of the 29th November, 1883, which defined the terms and conditions on which the even-numbered sections therein might be sold. In view of the provisions of that Order in Council it would seem that the reopening of this Reserve to general settlement, authorized by the Acting Minister of the Interior as above mentioned, should have been sanctioned by Order in Council.

The Minister, therefore, recommends that the action taken on the 10th January, 1885, in throwing open the lands known as the Regina Reserve to general settlement upon the ordinary terms then in force, be confirmed.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
28-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report, dated 20th December 1895, from the Minister of the Interior, stating that a certain Island in the Bow River, comprising parts of Sections 21 and

22, in Township 24, Range 1 west of the 5th Meridian, of the Dominion Lands system of survey, is the property of the Calgary Water Power Company, and that that Company has made application through the Lieutenant-Governor of the North-west Territories, for permission to close up that portion of the road allowance between Sections 21 and 22 which crosses the said Island. and likewise the same road allowance lying to the south of the log drive, for a distance of sixty-six feet, as shown on the accompanying plan on which the road allowances proposed to be closed are coloured pink.

The Minister further states that the Calgary Water Power Company owns the land on both sides of the road allowance proposed to be closed, and a description of the same by James A. Macmillan, D.L.S., is hereto attached.

There appears to be no objection to the closing of this road allowance, and the Minister therefore recommends that the assent of Your Excellency be given to the closing of the road in question and its transfer to the Calgary Water Power Company (Limited) under the provisions of clause 21, of the Act 57-58 Victoria, chapter 17.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

DESCRIPTION.

All and singular that certain parcel or tract of land situate, lying and being that part of the road allowance between Sections twenty-one and twenty-two, Township twenty-four, Range one west of the 5th Meridian, lying south of the main channel of Bow River, and north of a line at right angles to the east boundary of said Section twenty-one, from a point on said boundary, seven chains sixty-six links north from the south-east angle of said Section twenty-one.

[3646]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 3rd day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 10th December 1895, from the Minister of the Interior, submitting that by the Order in Council of the 25th of July last, the licensees of timber berths situate in the Railway Belt in the Province of British Columbia were permitted to pay dues on the timber cut by them at the rate of fifty cents per thousand feet B.M. instead of a royalty of five per cent on the sales of lumber, and they were also entitled to receive a rebate of forty cents per thousand feet on manufactured lumber exported from the Province, except upon lumber shipped to Manitoba or the North-west Territories.

That representations have been made to the Minister of the Interior by the licensees, that this new regulation makes the dues on the lumber sold in the Province and shipped to Manitoba and the North-west Territories, higher than formerly when they paid a royalty of five per cent on the sales, instead of a fixed rate of fifty cents per thousand feet.

The Minister states that lumber at the present time is selling in the Province of British Columbia at from $7 to $9 per thousand feet. The royalty thereon at five per cent would therefore amount to from thirty-five to forty-five cents per thousand feet, being from five to ten cents per thousand feet less than the dues of fifty cents per thousand prescribed by the Order in Council of 25th July last, above referred to.

The Minister recommends, as it was the intention in passing the said Order to give relief to the licensees instead of burdening them with an additional tax on the lumber cut by them, that the dues on lumber sold in the Province and exported to Manitoba and the North-west Territories be five per cent royalty on the sales, and that the dues on lumber otherwise exported from the Province be at the same rate less a rebate of forty cents per thousand feet.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
28–4 Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 1 of 1896.

TIDE TABLES FOR HALIFAX AND QUEBEC.

These tide tables are prepared by the Tidal Survey Office of the Department of Marine and Fisheries, Ottawa, and supplied to the leading Almanacs for publication. They are based upon direct observations of the tides at the above harbours, and this is the first time that tables derived from direct observation of the tides have been available for any Canadian ports.

Up to the present time, such tide tables as were published have been based upon fixed differences from distant ports, usually on the other side of the Atlantic; and the time of high water has consequently been seriously in error during the course of the lunar month, more especially at the quadratures. Also the time of high water only has been given, and not the height of the tide.

The records on which the present tables are based, have been obtained from self-registering tide-gauges, which are especially provided with heating to prevent freezing in winter, in order to obtain a continuous record day and night throughout the year. Seven of these gauges have been established by this Department, since 1893. They are situated as follows:—

Quebec Harbour, at the Lévis Dry Dock.
Father Point, near the Lighthouse.
South West Point, Anticosti.
Forteau Bay, Strait of Belle Isle.
St. Paul Island, off Cape Breton.
Halifax, at the Marine and Fisheries wharf.
St. John, N.B., at Reed's wharf.

The records from these gauges, after careful tabulation and reduction to low water datum, are forwarded to the Nautical Almanac Office, London. The tidal constants are there determined from them by the latest methods of analysis, and the tidal predictions for the ensuing year are made by means of a tidal computing machine of special design.

The time used in these tide tables is Standard Time in all cases, which differs from Greenwich Mean Time by an even number of hours. The height of the tide at both high and low water is now given for the first time in these tables; which is valuable with reference to the depth of water available in the tidal portion of the St. Lawrence Ship Channel, and also for vessels entering the dry docks at Halifax and Quebec.

Halifax Tides for 1896. These are based upon records of the tide during the two years 1860 and 1861; and before the calculations are made for 1897 the record of two other years, 1851 and 1852 will be added, to extend the basis from which the predictions are made. These are the only existing records which are known; but when a sufficient record is obtained from the new tide-gauge erected at Halifax this season, a further improvement in closer accuracy will be possible.

The tidal differences from Halifax, which are given for the Atlantic coast of Nova Scotia, are the differences of the Establishments taken from the Admiralty list. They will be correct at full and change of the moon, and should be closely approximate also throughout the course of the month, as the differences themselves are small.

At St. Paul Island, where the tides enter the Gulf of St. Lawrence, they have an unusual amount of diurnal inequality. The two tides of the same day are out of time with respect to each other by more than an hour, early or late, when the moon's declination is at its maximum. This diurnal inequality is also noticeable in the tides at Pictou. It is probably for this reason that tidal differences from Halifax or New York are so unsatisfactory when applied to the Gulf coasts of New Brunswick, Nova Scotia and Prince Edward Island. Tidal differences for these coasts are not therefore given at present with the tables of this Department, until better determinations can be obtained.

Quebec Tides for 1896. These are based upon the record obtained since November, 1893; and their accuracy will be approved as the record becomes longer. As they stand they are far in advance of any tables yet published. The height of the tide is referred to the original low water datum of the Admiralty chart of Quebec harbour.

The tidal differences for the Lower St. Lawrence are derived from the Admiralty list of Establishments; and they have since been compared with the record obtained throughout the year 1895, from the tide gauges at Father Point and Anticosti. From these it appears that the tidal differences from Quebec are remarkably constant throughout the course of the month. Hence the caution that they are correct at full and change only is unnecessary. It is to be noted however that both the time and height of the tide in the Lower St. Lawrence are subject to irregularity during severe storms.

The records from the tide gauges in the Strait of Belle Isle and at St. John, N.B. have not yet been reduced; and no data for the Bay of Fundy have yet been issued by this Department.

The tide tables for Halifax and Quebec have heen supplied to the following Almanacs:—

The Canadian Almanac, published by the Copp, Clark Co., of Toronto.

The Star Almanac, published at the Montreal Star Office, Montreal.

Greenwood's Almanac, published by W. N. Greenwood, Lancaster, England.

Cogswell's Almanac, published by R. H. Cogswell, Halifax; containing the Halifax tables only.

The tide tables for Quebec will also be embodied in the "Tide Tables and other information connected with the Ship Channel between Montreal and Quebec," issued by the Harbour Commissioners of Montreal.

The tide tables were also offered to Belcher's Almanac for 1896, but were not published; and the tables for Halifax in that Almanac are at times in error by as much as 40 minutes, early or late, as compared with the tide tables supplied by this Department.

NOTICE TO MARINERS.

No. 68 of 1895.

I. IMPROVEMENT OF WESTHAVER ISLAND LIGHT.

The light on Westhaver Island, at the entrance to Mahone Harbour, Mahone Bay, Atlantic Coast of Nova Scotia, is being improved by the substitution for the mast light now maintained, of a more powerful light in an enclosed tower.

Lat. N. 44° 26' 15"
Long. W. 64° 20' 2"

The new tower is erected on the summit of the island, near its south-east end, on a site about 30 feet above high water mark. It is a square wooden building painted white, surmounted by a hexagonal iron lantern painted red, and attached to its north-west side is a small white wooden dwelling. The height of the tower from its base to the vane on the lantern is 27 feet.

The light will be a fixed white light elevated 54 feet above high water mark, and should be visible 12 miles from all points of approach. The illuminating apparatus will be dioptric of the seventh order. The change from the mast to the tower will be made on the 15th January next, and the mast will then be removed.

This notice affects Admiralty charts Nos. 343, 730, 2666 and 2670, and Canadian List of Lights and Fog Signals No. 179.

II. CHANGE IN ILLUMINANT OF REEDS POINT LIGHTS.

The illuminant in the three lights shown from a lamp post on Reeds Point, in the City of St. John, New Brunswick, has been changed from gas to electricity. A 64-candle power incandescent lamp has been placed in each of the three street lanterns heretofore used. In case of any accident happening to the electric supply, illumination by gas will be temporarily resumed.

This notice affects Canadian List of Lights and Fog Signals No. 41.

III. PALMER'S LANDING LIGHT BUILDING BURNT DOWN.

The mast and shed, from which a light was shown, on the outer end of the old wharf at Palmer's Landing, River St. John, New Brunswick, were burnt down on the 19th October last.

From that time till the close of navigation a temporary light, from a lantern on a pole, was maintained.

It is proposed to replace this light next season by a light in an enclosed tower, established near the outer end of a new wharf built by Government about 1,000 feet farther up the river than that on which the light has heretofore been maintained.

This notice affects Canadian List of Lights No. 53.

NOTE.—This will be the last notice issued in 1895.

Deputy-Minister of Marine and Fisheries.

NOTICE TO MARINERS.

No. 62 of 1895.

NOTE ON CURRENTS IN THE GULF OF ST. LAWRENCE AND STRAIT OF BELLE ISLE.

The attention of mariners is directed to the following results obtained in the Survey of the Tides and Currents in Canadian waters, conducted by Mr. W. Bell Dawson, C. E., for the Department of Marine and Fisheries of the Dominion of Canada :—

Current in the Strait of Belle Isle.

This Strait lies east and west (magnetic) ; and the Strait proper extends for a length of 50 miles, with a width of 10 to 15 miles. The current in this Strait has the following characteristics in the summer season, as shown by observations throughout the months of July and September, 1894 :—

The current is fondamentally tidal in its nature ; and under normal conditions it turns regularly with the tide, and runs east and west through the Strait with velocities which are nearly equal. The conditions are normal in moderate weather, and during the prevalence of moderate westerly winds. At such times the current attains a velocity of about two knots per hour in each direction.

During heavy winds, especially when easterly or westerly in direction, the current which runs with the wind becomes stronger than the current against it ; and eventually the current may come to be continuous in the same direction as the wind. It may thus run in the one direction for two or three days at a time. The greatest velocities of the current which were observed during heavy winds were as follows : From the east 3·15 knots ; and from the west 2·50 knots per hour.

There is little appreciable difference in the current at the opposite sides of the Strait ; except that towards the north side the current may be a little stronger, or more persistent, in the one direction.

While normal conditions prevail, the difference of flow in the two directions is in favour of a greater inward flow from the east. Also, the actual flow throughout the year, when the influence of the wind is included, appears to be greater in the inward direction from the east than outward from the west.

The presence of icebergs in the Strait and the temperature of the water have also a relation to the predominant direction of the current ; but they cannot be relied upon as affording an indication of its actual direction at the time.

From the above characteristics of the current in this Strait, it is clearly possible for a vessel to over-run its reckoning in either direction through the Strait. Also, vessels entering through the Strait must not assume that the current is necessarily in their favour in making the run westward to round the eastern end of Anticosti ; as the observations show that it is possible for the set in the Strait itself and also in the north-eastern end of the Gulf of St. Lawrence, to be against them on that course.

Currents between the Gaspé Coast and Anticosti.

On the Admiralty chart entitled "Entrance to the River St. Lawrence," No. 1621, a current is shown to run constantly along the Gaspé coast from a north-westerly direction at about three miles off shore. Another line of constant current is also shown as lying along a line from Cape Magdalen to the South-west Point of Anticosti, which thus traverses the middle of the passage between the Gaspé coast and Anticosti. It is this central line of current which is alone represented on the General chart of the Gulf of St. Lawrence, No. 2516. It is explained, however, in the Sailing Directions, that the current does not follow both these lines at the same time. (See "St. Lawrence Pilot," Vol. I., p. 20, edition of 1894.)

These lines therefore are properly to be regarded as alternative routes which the current may take. The first of these lines represents fairly the usual direction of the current along the Gaspé coast. The greatest velocity of this current during the months of July and September, 1895, was 2·80 knots per hour, as observed five miles off Fame Point.

When the current follows the other route along the middle of the passage, the direction of the current along the Gaspé coast may even be reversed. This occurred on July 27th and 30th, 1895. The current in the offing of Fame Point was then found to run inwards from the south-east with a velocity of nearly 1½ knots, or contrary to its usual direction.

It is probable that this change in the position of the current may prove to be due to the influence of the wind ; but the relation between the current and the wind has not yet been definitely ascertained.

The velocity of the current is subject to a fluctuation which appears to correspond with the tide. There are times also at which it veers in direction in such a way as to run directly on or off shore for a period of 2 to 4 hours. This was observed both on the Gaspé side of the passage, south-east of Fame Point ; and on the Anticosti side, between South-west Point and West Point, at distances of 4 to 7 miles from shore. The current at such times had a velocity which ranged from half a knot to nearly 1½ knots per hour, with a direction which was either on or off shore.

This notice affects Admiralty Charts Nos. 232*b* and 282 of the Strait of Belle Isle ; and Nos. 1621 and 2516 of the St. Lawrence. Also "St. Lawrence Pilot," 6th edition, 1894, Vol. I. Currents, pp. 17 and 20.

NOTICE TO MARINERS.

No. 66 of 1895.

I. IMPROVEMENT IN LES EBOULEMENTS WHARF LIGHT.

In June, 1894, the light on Les Eboulements wharf, on the north shore of the River St. Lawrence below Quebec, was improved.

The mast light theretofore used was abandoned and the mast removed, and the light was shown from a square wooden lantern built on the roof of the shed which covers the slip at the outer end of the wharf.

The light remains, as before, fixed white. It is elevated 23 feet above high water mark and should be visible 5 miles from all points of approach by water. The illuminating apparatus consists of a pressed glass lens.

The shed and waiting room near by, as well as the new lantern, are painted brown with white trimmings. The height from the deck of the pier to the vane of the lantern is 20 feet.

This Notice affects Admiralty charts Nos. 314 and 2516, and Canadian List of Lights No. 622.

II. CHANGE IN FRONT RANGE LIGHT TOWER, GEORGETOWN, P.E.I.

The front tower of the Georgetown, P.E.I., range lights, destroyed by fire on the 18th October, 1894, was replaced in February last by a new building differing in design from the old one.

Lat.	N.	46°	9'	57"
Long.	W.	62°	31'	30"

The light remains, as before, fixed white in the harbour and red seaward, is elevated 50 feet above high water mark and should be visible for a distance of 8 miles.

The building is of wood, square in plan, painted white, with a galvanized iron lantern painted red rising from the middle of the roof. It is 34 feet in height from base to vane.

This Notice affects Admiralty charts Nos. 1651, 2029 and 2034, and Canadian List of Lights and Fog Signals No. 354.

III. BEACONS IN ATLANTIC COVE, ST. PAUL ISLAND.

A tidal gauge house, painted white, erected about 40 feet above high water mark in the bight of Atlantic Cove, St. Paul Island, in the entrance to the Gulf of St. Lawrence, now forms a conspicuous landmark on the coast of the island.

Lat.	N.	47°	12'	7"
Long.	W.	60°	9'	0"

A circular white beacon has been placed on the side of the hill above the gauge; these two objects in line, bearing N. W. ¼ N. (N. 69° 56' W. true) lead clear to the southward of "Big Dick," a dangerous detached rock on which the sea breaks very heavily, off the north-east horn of the cove.

The above alignment affords a good guide to vessels anchoring off the cove in 15 fathoms.

This Notice affects Admiralty chart No. 2727.

IV. ERRATUM IN NOTICE TO MARINERS No. 31 OF 1895.

Notice to Mariners No. 31 of 1895, headed "Darnley Point," should be "Darnley Basin" Range Light.

This light is distant 400 feet S. by E. ½ E. from the present main light on Fish Island or Bill Hook Island and not from either of the lights of the Darnley Point Range, which are 2½ miles distant.

Deputy-Minister of Marine and Fisheries.

NOTICE TO MARINERS.

No. 67 of 1895.

I.—FOG SIGNAL, GAP ROCK, HONG KONG.

The Colonial Secretary of Hong Kong gives notice that, on and after the 1st January, 1896, a twelve-pounder gun will be fired every ten minutes at the Gap Rock Station, Hong Kong, in lieu of the fog signal now in use.

II.—HIMESAKI LIGHTHOUSE, JAPAN.

The Government of Japan announce the establishment of a fixed white light at the Southern head of the entrance to Yebisu Bay, Sado Island, West coast of Japan.

The light will illuminate an arc of 230° 30', between the bearings of N. 79° 30' E. true, and N. 50° W. true, except that over a small arc the light will not be seen for 1 or 1½ miles from the lighthouse, being obscured by the point Torikakehana, South of the Lighthouse. The elevation of the light above the sea will be 136 feet, and in clear weather it will be seen from a distance of 10 miles.

The lighthouse is built of iron, hexagonal in shape, and is painted white. It is 40 feet high from the base to the centre of the lantern.

The position of the lighthouse, according to the Japanese Admiralty Chart No. 248, is:—

Latitude	38°	5'	15"	North.
Longitude	138	33	35	East of Greenwich.

III.—OGISHIMA LIGHTHOUSE, JAPAN.

Also, that a 6th order light, flashing every 15 seconds, has been established at the northern extremity of Ogishima, Inland Sea.

The arc of illumination will be 229° 10' between the bearings of N. 52° 25' E. true, and N. 78° 25' W. true. The light will show a green sector covering Atsusa rock and Nakase, and a red sector covering Ozonose. The remainder of the arc is white.

The elevation of the light above the sea will be 48 feet, and in clear weather it will be seen from a distance of 12 nautical miles.

The lighthouse is built of granite, circular in shape and is 41 feet high from the base to the centre of the lantern.

The position of the lighthouse, according to the Japanese Admiralty Chart No. 50, is:—

Latitude	30°	26'	10"	North.
Longitude	134	3	30	East of Greenwich.

IV.—BUOY AT FUNAKAWA ANCHORAGE, JAPAN.

Also, that a buoy has been placed in 4 fathoms to mark the position of the sunken rock which lies to E.S.E. of Funakawa Lighthouse.

The cross-bearings taken from the buoy are as follows:—

Funakawa Lighthouse....	N.	76°	50'	W.	true.
Chausu-yama..............	N.	13	15	E.	true.
Oyehana-saki..............	N.	36	0	E.	true.

The buoy is a pyramidal wooden framework painted white and is surmounted by a triangular top-mark standing 14 feet above the sea.

TO ADVERTISERS IN THE *GAZETTE.*

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. Invariably remit the fees for such advertisements, together with the price of one Gazette, as below. Otherwise they will not be inserted. The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent—6 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped from them at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

S. E. DAWSON,
Queen's Printer and Controller of Stationery.
Department of Public Printing and Stationery,
Ottawa, November, 1891.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz :

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette,* in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette,* and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No Petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

EDOUARD J. LANGEVIN,
Clerk of the Senate.
JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule,* shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses.*

51*a.* All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b.* No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a.*) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or autho-

rized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b*.) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :—

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed, and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Act respecting Extra-Judicial Oaths.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

THE Montreal Park and Island Railway Company will apply to the Parliament of Canada, at its present session, for an amending Act, to enlarge its bonding powers and exercise them in sections, to confirm municipal and other contracts, to authorize preference shares, to carry on enterprises for developing traffic, to authorize a contract with a construction company for the completion and equipment of its lines, with necessary powers to the latter company, also respecting the capacity of the directors, and for other business.

M. S. LONERGAN,
Solicitor for applicant.

Montreal, 15th January, 1896. 29-9

NOTICE is hereby given that application will be made to the Parliament of the Dominion of Canada, at its next session, for an Act to incorporate a company for the purpose of constructing, equipping, maintaining and operating a railway from a point at or near the mouth of Trail Creek, on the Columbia River, extending through or near the towns of Rossland and Midway, to a point on the Okanagan Lake at or near the town of Penticton, in the Districts of West Kootenay and Osoyoos, British Columbia ; with powers to construct, equip, maintain and operate branch lines therefrom to all mines lying in the vicinity thereof ; and also to construct, equip, maintain and operate telegraph and telephone lines ; and to build wharves and docks in connection therewith ; together with the powers of acquiring lands, privileges, bonuses or other aids from any Government, municipal corporation or other persons or bodies, and to make traffic or other arrangements with railway, steamboat or other companies ; and for all other usual, necessary or incidental rights, powers and privileges in that behalf.

F. E. WARD,

DÉPÊCHES.

AU CHATEAU DE WINDSOR.

21 de novembre 1895.

PRÉSENTE :

Sa Très Excellente Majesté la Reine en conseil.

CONSIDÉRANT que par un arrêté daté le 29 de février 1868, rendu par Sa Majesté dans l'exercice des pouvoirs qui lui sont conférés par l'*Acte modifiant l'Acte de la marine marchande*, 1862, il a plu à Sa Majesté d'ordonner que les navires du Danemark dont les certificats de nationalité danoise et d'enregistrement auront été datés dès et après le 1er d'octobre 1867, seront censés être du tonnage inscrit dans les dits certificats de nationalité et d'enregistrement danois ;

Et considérant que par un arrêté en conseil daté le 30e jour de décembre 1878, il a plu à Sa Majesté, au sujet des vapeurs danois, d'ordonner que si le propriétaire ou capitaine d'un navire marchand appartenant au royaume du Danemark, et mesuré après le 1er jour d'octobre 1878, qui est mû par la vapeur ou autre force motrice exigeant un espace pour les machines, désire que la déduction pour la chambre des machines dans son navire soit évaluée suivant les règlements concernant le mesurage de la chambre des machines et la déduction applicables aux navires britanniques, plutôt que d'après les règlements danois, la chambre des machines sera mesurée et la déduction sera calculée suivant les règlements britanniques ;

Et considérant que par un autre arrêté en conseil daté du 20e jour d'avril 1883, il a en outre plu à Sa Majesté d'ordonner que dans le cas où le tonnage de registre net de navires marchands appartenant au dit royaume du Danemark, qui sont mûs par la vapeur ou toute autre force motrice exigeant un espace pour les machines et dont le mesurage est suivant les règlements britanniques serait inscrit sur les dits certificats de nationalité et d'enregistrement danois délivrés le ou avant le 1er de septembre 1882, ces navires seront censés être du tonnage inscrit dans les dits certificats ;

Et considérant que par l'article 84 de l'*Acte de la marine marchande* 1894, il est statué que lorsqu'il appert à Sa Majesté la Reine en conseil que les règlements de tonnage du dit acte ont été adoptés par un pays étranger, et y sont en force, Sa Majesté en conseil pourra ordonner que les navires du dit pays, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage indiqué dans leurs certificats d'enregistrement ou autres papiers nationaux, de la même manière, au même degré et pour les mêmes fins que le tonnage indiqué dans le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire ;

Et considérant qu'il a été démontré à Sa Majesté que les règlements de tonnage de l'*Acte de la marine marchande* 1894, ont été adoptés par le gouvernement de Sa Majesté le roi de Danemark, et que ces règlements y sont actuellement en vigueur, étant devenus exécutoires le 1er jour d'avril 1895 ;

Et considérant qu'il existe ou peut encore exister des navires appartenant au roi de Danemark auxquels les arrêtés précités du 29 de février 1868, du 30 de décembre 1878, et du 20 d'avril 1883, peuvent s'appliquer respectivement, et qu'il est à propos de ne pas révoquer ces arrêtés, mais de les laisser en vigueur aussi longtemps qu'il restera des navires auxquels ces arrêtés peuvent s'appliquer respectivement ;

Et considérant que les dispositions du premier article de l'*Acte concernant les règles de publication*, 1893, ont été remplies :

Sachez donc qu'il plaît à Sa Majesté, en vertu des pouvoirs ci-dessus mentionnés, et par et avec l'avis de Son Conseil privé, de décréter que les navires marchands du royaume de Danemark, dont le mesurage le 1er jour d'avril 1895, a été déterminé et inscrit dans les registres et autres documents nationaux du bord, seront censés être du tonnage inscrit dans ces registres ou autres documents nationaux, de la même manière, au même degré, et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire.

Vendredi, le 17e jour de janvier 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

VU que le choléra asiatique est réputé exister sous forme épidémique dans certaines régions du Japon d'où l'importation de bulbes et de plantes a été exclue de vaisseaux en destination directe des Etats-Unis, et qui devaient être subséquemment expédiés par l'une des lignes de paquebots à un port canadien, il est prudent que ces bulbes et plantes, n'étant pas susceptibles d'être désinfectés, soient empêchés de franchir le cordon quarantenaire canadien,—

Il plaît à Son Excellence, en vertu des dispositions du chapitre 68 des Statuts Revisés, intitulé "Acte concernant la quarantaine," et par et avec l'avis du

Conseil privé de la Reine pour le Canada, d'ordonner, que l'importation en Canada de bulbes et plantes croissantes en terre, des régions du Japon infectées du choléra, soit, et elle est par le présent défendue.

Il plaît en outre à Son Excellence d'ordonner que le présent arrêté soit et il est par le présent déclaré un réglement quarantenaire.

AVIS AUX MARINS.

N° 1 de 1896.

INDICATEURS DES MARÉES POUR HALIFAX ET QUÉBEC.

Ces indicateurs des marées sont préparés par la division hydrographique du ministère de la Marine et des Pêcheries, Ottawa, et sont fournis aux principaux almanachs pour publicité. Ils sont basés sur des observations des marées prises directement aux susdits havres, et c'est la première fois que des indicateurs préparés d'après l'observation directe des marées sont publiés pour des ports canadiens.

Les indicateurs des marées publiés jusqu'ici étaient basés sur des différences fixes de ports éloignés, ordinairement de l'autre côté de l'Atlantique ; et par suite l'époque de l'eau haute a été gravement erronée dans le cours du mois lunaire, plus particulièrement aux quadratures. Aussi l'époque de l'eau haute seule a été donnée, et non la hauteur de la marée.

Les observations sur lesquelles sont basés les présents indicateurs ont été prises des colonnes indicatrices automatiques, spécialement munies d'appareils réchauffants pour les empêcher de geler en hiver, afin d'obtenir une série continue d'observations jour et nuit pendant l'année. Sept de ces colonnes indicatrices ont été établies par ce ministère depuis 1893. Elles sont situées comme suit :—

Havre de Québec, au bassin de radoub de Lévis.
Pointe-au-Père, près du phare.
Pointe Sud-Ouest, Anticosti.
Baie Forteau, détroit de Belle-Ile.
Ile Saint-Paul, au large du Cap-Breton.
Halifax, au quai de la Marine et des Pêcheries.
Saint-Jean, N.-B., au quai de Reed.

Les relevés de ces colonnes indicatrices après avoir été soigneusement mis en tableaux et réduits au niveau de l'eau basse, sont expédiés au *Nautical Almanac Office*, Londres. Là, les constants de marée sont déterminés au moyen des plus récentes méthodes d'analyse, et les prédictions des marées pour l'année suivante sont faites au moyen d'une machine à computer les marées d'une forme spéciale.

Le temps employé dans ces indicateurs des marées est toujours le temps universel, lequel diffère du temps moyen de Greenwich d'un égal nombre d'heures. La hauteur de la marée à l'eau haute de même qu'à l'eau basse est aujourd'hui donnée pour la première fois dans ces indicateurs ; cela est d'un grand avantage pour connaître la profondeur d'eau praticable dans la partie du chenal des navires du Saint-Laurent soumise à la marée, et aussi pour les navires entrant dans les bassins de radoub à Halifax et Québec.

Marées à Halifax pour 1896.—Celles-ci sont basées sur les observations de la marée pendant les deux années 1860 et 1861 ; et avant de faire les calculs pour 1897, les observations de deux autres années 1851 et 1852 seront ajoutées, afin d'étendre la base des prédictions. Ce sont les seules observations connues ; mais avec la nouvelle colonne indicatrice érigée à Halifax cette saison, il sera possible d'arriver à une plus grande exactitude.

Les différences des marées de Halifax, qui sont données pour la côte Atlantique de la Nouvelle-Ecosse, sont les différences des Etablissements prises de la liste de l'Amirauté. Elles seront exactes à la pleine et la nouvelle lune, et seront très approximatives aussi dans tout le cours du mois, vu que les différences mêmes sont minimes.

A l'île Saint-Paul, où la marée entre dans le golfe Saint-Laurent, elles ont une inégalité diurne exceptionnelle. Les deux marées du même jour, varient de plus d'une heure, tôt ou tard, lorsque le déclin de la lune est à son maximum. Cette inégalité diurne est aussi remarquable dans les marées à Pictou. C'est probablement pour cette raison que les différences de marées de Halifax ou New-York sont si imparfaites lorsqu'on les applique aux côtes du Nouveau-Brunswick, de la Nouvelle-Ecosse et de l'Ile du Prince-Edouard. Les différences de marées pour ces côtes ne sont donc pas données aujourd'hui avec les indicateurs de ce ministère, tant que de meilleures déterminations ne pourront être obtenues.

Marées de Quebec pour 1896.—Elles sont basées sur les observations obtenues depuis novembre 1893, et leur exactitude sera perfectionnée à mesure que les observations augmenteront. Telles qu'elles sont elles surpassent de beaucoup les autres tables déjà publiées. La hauteur de la marée est renvoyée au niveau des basses eaux sur la carte de l'Amirauté du havre de Québec.

Les différences des marées pour le bas Saint-Laurent sont prises de la liste des Etablissements de l'Amirauté ; et depuis elles ont été comparées avec les observations obtenues dans l'année 1895, des colonnes indicatrices à la Pointe-au-Père et Anticosti. Elles font voir que les différences de marées de Québec sont remarquablement constantes dans tout le cours du mois. L'avertissement qu'elles ne sont exactes qu'à la pleine et la nouvelle lune seulement est donc inutile. Toutefois il est bon de noter que l'époque et la hauteur de la marée dans le bas Saint-Laurent sont soumises à des irrégularités pendant les fortes tempêtes.

Les observations des colonnes indicatrices dans le district de Belle-Ile et à Saint-Jean, N.-B., n'ont pas encore été réduites ; et ce ministère n'a pas encore publié de données pour la Baie de Fundy.

Les indicateurs des marées pour Halifax et Québec ont été fournis aux almanachs ci-dessous :—

Le *Canadian Almanac*, publié par la Cie Copp-Clark, de Toronto.

Le *Star Almanac*, publié par l'imprimerie du *Star* de Montréal.

Le *Greenwood's Almanac*, publié par W. N. Greenwood, Lancaster, Angleterre.

Le *Cogswell's Almanac*, publié par R. H. Cogswell, contenant les indicateurs de Halifax seulement.

Les indicateurs des marées pour Québec seront aussi incorporés dans les "Indicateurs des marées et autres renseignements relatifs au chenal des navires entre Montréal et Québec," publiés par les Commissaires du Havre de Montréal.

Les indicateurs des marées furent aussi offerts à l'Almanach Belcher pour 1896, mais ne furent pas publiés ; et les indicateurs pour Halifax dans ce même almanach font quelquefois un écart de 40 minutes, tôt ou tard, comparés aux indicateurs fournis par ce ministère.

AVIS AUX MARINS.

No. 65 de 1895.

NOTE SUR LES COURANTS DANS LE GOLFE SAINT-LAURENT ET LE DÉTROIT DE BELLE-ILE.

L'attention des marins est attirée sur les résultats suivants qu'a donnés le Relevé des marées et courants dans les eaux canadiennes, conduit par M. W. Bell Dawson, I. C., pour le ministère de la Marine et des Pêcheries du Canada :—

Courant dans le détroit de Belle-Ile.

Le détroit proprement dit s'étend sur une longueur de 50 milles, avec une largeur de 10 à 15 milles, et va de l'est à l'ouest (magnétiquement). En été le courant dans ce détroit a les traits caractéristiques suivants, comme le font voir des observations faites dans dans les mois de juillet et septembre 1894 :—

Le courant est essentiellement de marée dans sa nature ; dans des conditions normales il tourne régulièrement avec la marée, et coule est et ouest dans le détroit avec des vitesses à peu près égales. Les conditions sont normales dans le temps modéré et durant les légers vents d'ouest. A ces époques-là le courant atteint une vitesse d'environ deux nœuds à l'heure dans chaque direction.

Durant ces gros vents, surtout ceux d'est et ouest, le courant qui suit le vent devient plus fort que celui qui va à l'encontre ; et éventuellement le courant peut devenir continu dans la même direction que le vent. Il peut ainsi courir dans une même direction pendant deux ou trois jours de suite. Les plus grandes vitesses du courant qui ont été observées pendant les gros vents, sont comme suit : De l'est, 3·15 nœuds ; et de l'ouest 2·50 nœuds à l'heure.

La différence dans le courant aux côtés opposés du détroit est à peine appréciable, sauf que vers le côté nord le courant serait un peu plus fort, ou plus persistant, dans une même direction.

Tant que des conditions normales prévalent, la différence du flux dans les deux directions est qu'il est plus considérable venant de l'est. Aussi, le flux réel dans toute l'année, en tenant compte de l'influence du vent, semble être plus grand en entrant de l'est qu'en sortant de l'ouest.

La présence de banquises dans le détroit et la température de l'eau ont aussi un rapport avec la direction prédominante du courant, mais ils n'offrent pas un indice sûr de la direction réelle du courant dans le moment.

D'après ces traits caractéristiques du courant dans ce détroit, il est clair qu'un navire peut dépasser son estime dans l'une ou l'autre direction dans le détroit. Encore, les vaisseaux entrant par le détroit ne doivent pas compter que le courant est nécessairement en leur faveur en courant vers l'ouest pour doubler l'extrémité est d'Anticosti, car les observations indiquent qu'il est possible pour le courant dans le détroit même et aussi à l'extrémité nord-est du golfe Saint-Laurent d'être contre eux dans cette direction.

Courants entre la côte de Gaspé et Anticosti.

Sur la carte de l'Amirauté intitulée : "Entrée au fleuve Saint-Laurent," No 1621, un courant est représenté comme coulant constammant du nord-ouest le long de la côte de Gaspé, à trois milles environ du rivage. Une autre ligne de courant constant est aussi tirée depuis le Cap Madeleine jusqu'à un point sud-ouest d'Anticosti, et se trouve à croiser le milieu du passage entre la côte de Gaspé et Anticosti. C'est cette ligne centrale de courant qui est seule représentée sur la carte générale du Golfe Saint-Laurent, No 2516. Toutefois, les "Sailing Directions" expliquent que le courant ne suit pas ces deux lignes en même temps. (*Voir* St. Lawrence Pilot" vol. I, p. 20, édition de 1894.)

Ainsi donc, l'on peut considérer ces lignes comme routes alternatives que le courant peut prendre. La première de ces lignes représente assez bien la direction ordinaire du courant sur la côte de Gaspé. La plus grande vitesse de ce courant durant les mois de juillet et septembre 1895, a été de 2·80 nœuds à l'heure, d'après des observations prises à cinq milles de la Pointe Renommée.

Lorsque le courant suit l'autre route au milieu du passage, la direction du courant le long de la côte de Gaspé peut même être renversée. Ce fait est arrivé les 27 et 30 de juillet 1895. L'on constata alors que le courant à la hauteur de la Pointe Renommée venait du sud-est avec une vitesse de près de 1½ nœuds, ou contrairement à sa direction ordinaire.

Ce changement dans la direction du courant est probablement dû à l'influence du vent, mais le rapport entre le courant et le vent n'a pas encore été définitivement établi.

La vitesse du courant est sujette à une fluctuation qui semble correspondre à la marée. Il arrive aussi parfois qu'il change de direction de façon à courir directement à terre ou au large pendant 2 ou 4 heures. Ceci a été observé tant sur le côté de Gaspé au sud-est de la Pointe Renommée que sur le côté d'Anticosti entre les pointes sud-ouest et ouest, à des distances de 4 ou 7 milles du rivage ; le courant avait alors une vitesse variant d'un demi-nœud à près de 1½ nœuds par heure, et se dirigeait soit à terre ou au large.

Cet avis affecte les cartes de l'Amirauté Nos. 232*b* et 282 du détroit de Belle-Ile ; et les Nos. 1621 et 2516 du Saint-Laurent. Aussi, le "St. Lawrence Pilot," 6e édition, 1894, vol. I, Courants, pp. 17 et 20.

AVIS AUX MARINS.

No. 66 de 1895.

AMÉLIORATION AU FEU SUR LE QUAI DES ÉBOULEMENTS.

En juin 1894, le feu sur le quai des Eboulements, sur la rive nord du fleuve Saint-Laurent en aval de Québec, a été amélioré.

Le feu de tête de mât jusque là en usage a été abandonné, et le mât enlevé, et le feu a été exhibé d'une lanterne carrée en bois construite sur le toit de l'appenti qui recouvre la descente à l'extrémité du quai.

Le feu reste blanc fixe comme auparavant. Il est à 23 pieds au-dessus de la marque des hautes eaux, et devrait être visible à 5 milles de tous les points d'approche par eau. L'appareil d'éclairage consiste d'une lentille en verre pressé.

L'appenti et la chambre d'attente auprès, ainsi que la nouvelle lanterne sont peinturés en brun avec garnitures en blanc. La hauteur depuis le plancher du quai jusqu'à la girouette de la lanterne est de 20 pieds.

Cet avis affecte les cartes de l'amirauté Nos. 314 et 2516, et la Liste des phares canadiens No. 622.

ORDRES GÉNÉRAUX DE MILICE.

1896.

QUARTIERS GÉNÉRAUX,
17 janvier 1896.

O. G. 2.

EFFECTIFS.

1. L'ordre général 33 de 1892, est par le présent modifié en en retranchant les mots "ou aides-chirurgiens" dans la deuxième ligne.

2. Les corps de la Milice Active qui, antérieurement au 19 d'août 1892, avaient droit d'avoir un aide-chirurgien continueront à les porter sur leur cadre.

3. Toutefois, lorsqu'un corps de la Milice Active reçoit l'ordre de joindre un camp d'instruction, pour les exercices annuels, il ne sera accompagné que d'un seul officier médical. L'officier régimentaire de ce corps désignera l'officier médical qui remplira ce devoir.

4. Il ne sera retiré de solde que pour un seul officier médical en vertu du présent ordre pour exercices annuels dans une même année ; et le taux de cette solde sera fixé selon le grade de l'officier médical désigné pour le service (B.A.G. 58786).

AUX ANNONCEURS DANS LA *GAZETTE*.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser "Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.
3. Transmettre invariablement le prix de l'annonce ainsi que le prix d'un exemplaire de la *Gazette*, tels que donnés plus bas ; sans cela l'annonce ne sera pas publiée. Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 nsertions.

Les avis de demandes de lettres patentes—6 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage a 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

PROCLAMATION.

ABERDEEN.
[L.S.]

CANADA.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c., &c., &c.

To all to whom these presents shall come, or whom the same may in anywise concern,—GREETING :

A PROCLAMATION.

E. L. NEWCOMBE, Deputy of the Minister of Justice, Canada.

WHEREAS in and by the Revised Statutes of Canada, chaptered 182, intituled "An Act respecting Penitentiaries," it is amongst other things in effect enacted, that the Governor in Council may declare, from time to time, by proclamation to be published in the *Canada Gazette*, that any tract of land within Canada, of which the boundaries shall be particularly defined in the proclamation, is a penitentiary and is to be so held within the meaning of the said Act, and by such proclamation may declare for what part of Canada the same shall be a penitentiary ;

And whereas We have seen fit to ordain and declare that the tracts of land situate in the Province of Manitoba, and hereinafter described, are a Penitentiary and are to be so held within the meaning of the Act, as a Penitentiary for the Province of Manitoba, the North-west Territories, and the District of Keewatin :

Now KNOW YE, that by and with the advice of Our Privy Council for Canada, We do hereby declare in virtue of the said Act, that the tracts of land situate in the Province of Manitoba, and described as follows, to wit :—

(*a*.) The south-east quarter of Section Two, in the Thirteenth Township and Second Range east of the Principal Meridian, in Manitoba, containing one hundred and sixty acres, more or less ;

(*b*.) The south-west quarter of Section Two, in the Thirteenth Township and Second Range east of the Principal Meridian, in Manitoba, containing one hundred and sixty acres, more or less, and

(*c*) The north-west quarter of Section Two in the Thirteenth Township and Second Range east of the Principal Meridian in Manitoba, containing one hundred and sixty acres, more or less, are a Penitentiary and are to be so held within the meaning of the said Act, as a Penitentiary for the Province of Manitoba, the North-west Territories and the District of Keewatin, in Our Dominion of Canada.

Of all which Our loving subjects and all others whom these presents may concern, are hereby required to take notice and to govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. WITNESS, Our Right Trusty and Right Well-Beloved Cousin and Councillor the Right Honourable Sir JOHN CAMPBELL HAMILTON-GORDON, Earl of Aberdeen ; Viscount Formartine, Baron Haddo, Methlic, Tarves and Kellie, in the Peerage of Scotland ; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom ; Baronet of Nova Scotia, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, etc., etc., Governor General of Canada.

At Our Government House, in Our City of OTTAWA, this TWENTY-THIRD day of JANUARY, in the year of Our Lord one thousand eight hundred and ninety-six, and in the Fifty-ninth year of Our Reign.

By Command,

CHARLES TUPPER,
Secretary of State.

31-4

DESPATCHES.

AT THE COURT AT WINDSOR.

The 21st day of November, 1895.

PRESENT :

The Queen's Most Excellent Majesty in Council.

WHEREAS by an Order in Council dated the 29th day of February, 1868, made by Her Majesty in exercise of the powers conferred upon Her by The Merchant Shipping Act Amendment Act, 1862, Her Majesty was pleased to direct that the ships of Denmark the certificates of Danish nationality and registry of which were dated on and after the 1st October, 1867, should be deemed to be of the tonnage denoted in the said certificates of Danish nationality and registry ;

And whereas by another Order in Council dated the 30th day of December, 1878, Her Majesty was pleased to direct as regards Danish steamships that if the owner or master of any merchant ship belonging to the Kingdom of Denmark and measured after the 1st day of October, 1878, which is propelled by steam or any other power requiring engine-room, should desire the allowance for engine-room in his ship to be estimated under the rules for engine-room measurement and allowance applicable to British ships instead of under the Danish rule, the engine-room should be measured and the allowance calculated according to the British rules ;

And whereas by another Order in Council dated the 20th day of April, 1883, Her Majesty was further pleased to direct that in the event of the net registered tonnage of merchant ships belonging to the said Kingdom of Denmark, which are propelled by steam or any other power requiring engine-room estimated under the British rules, being denoted in the said certificates of Danish nationality and registry issued on or after the 1st day of September, 1882, such ships should be deemed to be of the tonnage so denoted in the said certificates ;

And whereas by section 84 of The Merchant Shipping Act, 1894, it is enacted that whenever it appears to Her Majesty the Queen in Council that the tonnage regulations of that Act have been adopted by any foreign country and are in force there, Her Majesty in Council may order that the ships of that country shall, without being remeasured in Her Majesty's Dominions be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship ;

And whereas it has been made to appear to Her Majesty that the tonnage regulations of The Merchant Shipping Act, 1894, have been adopted by the Government of His Majesty the King of Denmark, and that such regulations are now in force in that country, having come into operation on the 1st day of April, 1895 ;

And whereas there still are or may be ships belonging to the King of Denmark to which the hereinbefore recited Orders of the 29th February, 1868, the 30th December, 1878, and the 20th April, 1883, may respectively apply, and it is expedient not to revoke the same, but to let the said recited Orders remain in force so long as there are any ships to which the same may so respectively apply ;

And whereas the provisions of section one of The Rules of Publication Act, 1893, have been complied with :

Now, therefore, Her Majesty (in pursuance and exercise of the powers hereinbefore mentioned) is hereby pleased by and with the advice of Her Privy Council, to decree that the merchant ships of the Kingdom of Denmark the measurement whereof shall on or after the 1st day of April, 1895, have been ascertained and denoted in the certificates of registry or other national papers of such ships, shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 18th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 13th January, 1896, from the Minister of the Interior, stating that the Calgary Water Power Company, of Calgary, in the District of Alberta, have applied to the Department of the Interior for a license or authorization under The Northwest Irrigation Act, to use the waters of the Bow River in connection with works which they have constructed under the authority of the Dominion Act, 53 Victoria, chapter 95.

The Minister further states that Mr. J. S. Dennis, chief inspector of surveys, has inspected the works constructed by the company and has certified to the quantity of water for which they are entitled to receive a license. A copy of his report is annexed hereto.

The Minister recommends that a license be issued to the company in accordance with the report and certificate made by Mr. Dennis, and that public notice of the approval which may be given by Your Excellency be published in two successive issues of the *Canada Gazette*.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

DEPARTMENT OF THE INTERIOR.

CERTIFICATE issued in accordance with the provisions of section 3 of the Regulations regarding the measurement and use of water, the disposal of reservoir sites and right of way for irrigation works, the establishment of gauge rods and rating flumes of irrigation canals and ditches, and the license and certificates to be issued, approved by His Excellency the Governor General in Council on the 29th April, 1895.

I, John S. Dennis, chief inspector of surveys, do hereby certify that I have inspected the dams, flumes, power wheels and the structures connected therewith constructed by the Calgary Water Power Company, in the Bow River, on Sections 16, 21 and 22, Township 24, Range 1 west of the 5th Meridian, as shown by the memorial filed in the Department of the Interior by the said company on the 6th day of September, 1895, and that I find the said dams, flumes and power wheels and the works connected therewith, to have been constructed and completed in accordance with the memorial above mentioned.

I further certify that the dams, flumes and power wheels and structures connected therewith are in good order and repair, and that the said company are now using these structures and power wheels for the generation of power by the use of the waters of the Bow River, and that the above named company is therefore entitled to a license for the undermentioned quantity of water from the Bow River for use in the manner mentioned and in accordance with the rights and privileges granted them by the Act 53 Victoria, chapter 95, viz. :—

At flood level, a quantity of water equal to the ordinary low-water flow of the stream.

At high water, a quantity of water equal to the ordinary low-water flow of the stream.

At low water, the total low-water flow of the stream.

J. S. DENNIS,
Chief inspector of surveys.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 17th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS, in view of the reported presence of Asiatic Cholera in epidemic form in certain districts of Japan from which the importation of bulbs and plants was excluded from vessels bound directly to the United States, and which were subsequently to be sent forward by one of the steamship lines, to a Canadian port, it is advisable that such bulbs and plants, not susceptible of being disinfected, should be prevented from passing through the Canadian Quarantines :—

His Excellency, in virtue of the provisions of chapter 68, Revised Statutes, intituled "An Act respecting Quarantine," and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that the importation into Canada of bulbs and growing plants in earth, from the infected cholera districts of Japan, shall be and the same is hereby prohibited.

His Excellency, is further pleased to order that the present order shall be and the same is hereby declared to be a Quarantine regulation.

Wednesday, the 8th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 26th December, 1895, from the Minister of the Interior, stating that, by an Order in Council of date the 10th of November, 1863, the Indians of "The Gambler's" Band, resident on their Reserve at Silver Creek, on the east side of the Assiniboine River, about nine miles north of Fort Ellice, made a surrender to the Crown of a portion of that Reserve in consideration of receiving a corresponding area of land on Valley River, lying south of Duck Mountain, in the northern part of Manitoba. At the time when the Reserve for the Indians of "The Gambler's" Band was laid out at Silver Creek, a portion of the Band was residing on this Valley River, and objected to removing to Silver Creek.

The Minister further states that the Department of Indian Affairs has caused a survey to be made of the lands occupied by the Indians at Valley River, and has filed in the Department of the Interior a plan of the same, a copy of which is hereto attached.

The Minister recommends that the area of land bordered with "pink" on the annexed tracing be set apart and reserved for the purposes of "The Gambler's" Band of Indians.

The Committee submit the foregoing recommendation for Your Excellency's approval.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 7th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 27th December, 1895, from the Minister of the Interior, stating that on the 10th January, 1885, the Honourable Sir David Macpherson, acting for the Minister of the Interior, authorized the reopening to general settlement of the lands comprised in the Regina Reserve. The withdrawal of these lands from homesteading was originally made by Departmental order, but was subsequently confirmed by the Order in Council of the 29th November, 1883, which defined the terms and conditions on which the even-numbered sections therein might be sold. In view of the provisions of that Order in Council it would seem that the reopening of this Reserve to general settlement, authorized by the Acting Minister of the Interior as above mentioned, should have been sanctioned by Order in Council.

The Minister, therefore, recommends that the action taken on the 10th January, 1885, in throwing open the lands known as the Regina Reserve to general settlement upon the ordinary terms then in force, be confirmed.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
28–4 Clerk of the Privy Council.

[3781]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report, dated 20th December 1895, from the Minister of the Interior, stating that a certain Island in the Bow River, comprising parts of Sections 21 and 22, in Township 24, Range 1 west of the 5th Meridian, of the Dominion Lands system of survey, is the property of the Calgary Water Power Company, and that that Company has made application through the Lieutenant-Governor of the North-west Territories, for permission to close up that portion of the road allowance between Sections 21 and 22 which crosses the said Island. and likewise the same road allowance lying to the south of the log drive, for a distance of sixty-six feet, as shown on the accompanying plan on which the road allowances proposed to be closed are coloured pink.

The Minister further states that the Calgary Water Power Company owns the land on both sides of the road allowance proposed to be closed, and a description of the same by James A. Macmillan, D.L.S., is hereto attached.

There appears to be no objection to the closing of this road allowance, and the Minister therefore recommends that the assent of Your Excellency be given to the closing of the road in question and its transfer to the Calgary Water Power Company (Limited) under the provisions of clause 21, of the Act 57-58 Victoria, chapter 17.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

DESCRIPTION.

All and singular that certain parcel or tract of land situate. lying and being that part of the road allowance between Sections twenty-one and twenty-two, Township twenty-four, Range one west of the 5th Meridian, lying south of the main channel of Bow River, and north of a line at right angles to the east boundary of said Section twenty-one, from a point on said boundary, seven chains sixty-six links north from the south-east angle of said Section twenty-one.

28–4 Clerk of the Privy Council.

[3646]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 3rd day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 10th December 1895, from the Minister of the Interior, submitting that by the Order in Council of the 25th of July last, the licensees of timber berths situate in the Railway Belt in the Province of British Columbia were permitted to pay dues on the timber cut by them at the rate of fifty cents per thousand feet B.M. instead of a royalty of five per cent on the sales of lumber, and they were also entitled to receive a rebate of forty cents per thousand feet on manufactured lumber exported from the Province, except upon lumber shipped to Manitoba or the North-west Territories.

That representations have been made to the Minister of the Interior by the licensees, that this new regulation makes the dues on the lumber sold in the Province and shipped to Manitoba and the North-west Territories, higher than formerly when they paid a royalty of five per cent on the sales, instead of a fixed rate of fifty cents per thousand feet.

The Minister states that lumber at the present time is selling in the Province of British Columbia at from $7 to $9 per thousand feet. The royalty thereon at five per cent would therefore amount to from thirty-five to forty-five cents per thousand feet, being from five to ten cents per thousand feet less than the dues of fifty cents per thousand prescribed by the Order in Council of 25th July last, above referred to.

The Minister recommends, as it was the intention in passing the said Order to give relief to the licensees instead of burdening them with an additional tax on the lumber cut by them, that the dues on lumber sold in the Province and exported to Manitoba and the North-west Territories be five per cent royalty on the sales, and that the dues on lumber otherwise exported from the Province be at the same rate less a rebate of forty cents per thousand feet.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
28-4 Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 1 of 1896.

TIDE TABLES FOR HALIFAX AND QUEBEC.

These tide tables are prepared by the Tidal Survey Office of the Department of Marine and Fisheries, Ottawa, and supplied to the leading Almanacs for publication. They are based upon direct observations of the tides at the above harbours, and this is the first time that tables derived from direct observation of the tides have been available for any Canadian ports.

Up to the present time, such tide tables as were published have been based upon fixed differences from distant ports, usually on the other side of the Atlantic; and the time of high water has consequently been seriously in error during the course of the lunar month, more especially at the quadratures. Also the time of high water only has been given, and not the height of the tide.

The records on which the present tables are based, have been obtained from self-registering tide-gauges, which are especially provided with heating to prevent freezing in winter, in order to obtain a continuous record day and night throughout the year. Seven of these gauges have been established by this Department, since 1893. They are situated as follows:—

Quebec Harbour, at the Lévis Dry Dock.
Father Point, near the Lighthouse.
South West Point, Anticosti.
Forteau Bay, Strait of Belle Isle.
St. Paul Island, off Cape Breton.
Halifax, at the Marine and Fisheries wharf.
St. John, N.B., at Reed's wharf.

The records from these gauges, after careful tabulation and reduction to low water datum, are forwarded to the Nautical Almanac Office, London. The tidal constants are there determined from them by the latest methods of analysis, and the tidal predictions for the ensuing year are made by means of a tidal computing machine of special design.

The time used in these tide tables is Standard Time in all cases, which differs from Greenwich Mean Time by an even number of hours. The height of the tide at both high and low water is now given for the first time in these tables; which is valuable with reference to the depth of water available in the tidal portion of the St. Lawrence Ship Channel, and also for vessels entering the dry docks at Halifax and Quebec.

Halifax Tides for 1896. These are based upon records of the tide during the two years 1860 and 1861; and before the calculations are made for 1897 the record of two other years, 1851 and 1852 will be added, to extend the basis from which the predictions are made. These are the only existing records which are known; but when a sufficient record is obtained from the new tide-gauge erected at Halifax this season, a further improvement in closer accuracy will be possible.

The tidal differences from Halifax, which are given for the Atlantic coast of Nova Scotia, are the differences of the Establishments taken from the Admiralty list. They will be correct at full and change of the moon, and should be closely approximate also throughout the course of the month, as the differences themselves are small.

At St. Paul Island, where the tides enter the Gulf of St. Lawrence, they have an unusual amount of diurnal inequality. The two tides of the same day are out of time with respect to each other by more than an hour, early or late, when the moon's declination is at its maximum. This diurnal inequality is also noticeable in the tides at Pictou. It is probably for this reason that tidal differences from Halifax or New York are so unsatisfactory when applied to the Gulf coasts of New Brunswick, Nova Scotia and Prince Edward Island. Tidal differences for these coasts are not therefore given at present with the tables of this Department, until better determinations can be obtained.

Quebec Tides for 1896. These are based upon the record obtained since November, 1893; and their accuracy will be approved as the record becomes longer. As they stand they are far in advance of any tables yet published. The height of the tide is referred to the original low water datum of the Admiralty chart of Quebec harbour.

The tidal differences for the Lower St. Lawrence are derived from the Admiralty list of Establishments; and they have since been compared with the record obtained throughout the year 1895, from the tide gauges at Father Point and Anticosti. From these it appears that the tidal differences from Quebec are remarkably constant throughout the course of the month. Hence the caution that they are correct at full and change only is unnecessary. It is to be noted however that both the time and height of the tide in the Lower St. Lawrence are subject to irregularity during severe storms.

The records from the tide gauges in the Strait of Belle Isle and at St. John, N. B. have not yet been reduced; and no data for the Bay of Fundy have yet been issued by this Department.

The tide tables for Halifax and Quebec have been supplied to the following Almanacs:—

The Canadian Almanac, published by the Copp, Clark Co., of Toronto.

The Star Almanac, published at the Montreal Star Office, Montreal.

Greenwood's Almanac, published by W. N. Greenwood, Lancaster, England.

Cogswell's Almanac, published by R. H. Cogswell, Halifax; containing the Halifax tables only.

The tide tables for Quebec will also be embodied in the "Tide Tables and other information connected with the Ship Channel between Montreal and Quebec," issued by the Harbour Commissioners of Montreal.

The tide tables were also offered to Belcher's Almanac for 1896, but were not published; and the tables for Halifax in that Almanac are at times in error by as much as 40 minutes, early or late, as compared with the tide tables supplied by this Department.

NOTICE TO MARINERS.

No. 68 of 1895.

I. IMPROVEMENT OF WESTHAVER ISLAND LIGHT.

The light on Westhaver Island, at the entrance to Mahone Harbour, Mahone Bay, Atlantic Coast of Nova Scotia, is being improved by the substitution for the mast light now maintained, of a more powerful light in an enclosed tower.

Lat. N. 44° 26' 15"
Long. W. 64° 20' 2"

The new tower is erected on the summit of the island, near its south-east end, on a site about 30 feet above high water mark. It is a square wooden building painted white, surmounted by a hexagonal iron lantern painted red, and attached to its north-west side is a small white wooden dwelling. The height of the tower from its base to the vane on the lantern is 27 feet.

The light will be a fixed white light elevated 54 feet above high water mark, and should be visible 12 miles from all points of approach. The illuminating apparatus will be dioptric of the seventh order. The change from the mast to the tower will be made on the 15th January next, and the mast will then be removed.

This notice affects Admiralty charts Nos. 343, 730, 2666 and 2670, and Canadian List of Lights and Fog Signals No. 179.

II. CHANGE IN ILLUMINANT OF REEDS POINT LIGHTS.

The illuminant in the three lights shown from a lamp post on Reeds Point, in the City of St. John, New Brunswick, has been changed from gas to electricity. A 64-candle power incandescent lamp has been placed in each of the three street lanterns heretofore used. In case of any accident happening to the electric supply, illumination by gas will be temporarily resumed.

This notice affects Canadian List of Lights and Fog Signals No. 41.

III. PALMER'S LANDING LIGHT BUILDING BURNT DOWN.

The mast and shed, from which a light was shown, on the outer end of the old wharf at Palmer's Landing, River St. John, New Brunswick, were burnt down on the 19th October last.

From that time till the close of navigation a temporary light, from a lantern on a pole, was maintained.

It is proposed to replace this light next season by a light in an enclosed tower, established near the outer end of a new wharf built by Government about 1,000 feet farther up the river than that on which the light has heretofore been maintained.

This notice affects Canadian List of Lights No. 53.

NOTE.—This will be the last notice issued in 1895.

WM. SMITH,
Deputy-Minister of Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 30th December, 1895.

☞ All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Deputy-Minister of Marine and Fisheries, Ottawa, Canada. 29-3

TO ADVERTISERS IN THE *GAZETTE.*

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. Invariably remit the fees for such advertisements, together with the price of one Gazette, as below. Otherwise they will not be inserted. The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent—6 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped from them at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

Queen's Printer and Controller of Stationery.
Department of Public Printing and Stationery,
Ottawa, November, 1891.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz :

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No Petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

EDOUARD J. LANGEVIN,
Clerk of the Senate.
JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses.*

51*a.* All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b.* No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a.*) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or autho-

rized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b.*) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :--

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed, and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Act respecting Extra-Judicial Oaths.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

PROCLAMATION.

ABERDEEN.
[L.S.]

CANADA.

VICTORIA, par la Grâce de Dieu, Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Défenseur de la Foi, etc., etc., etc.

A tous ceux qui les présentes verront ou qu'icelles pourront concerner,—SALUT :

PROCLAMATION.

E. L. NEWCOMBE, Sous-ministre de la Justice, Canada. } CONSIDÉRANT que dans et par les Statuts Revisés du Canada, chapitre 182, intitulé "Acte concernant les pénitenciers," il est entre autres choses en substance statué, que le Gouverneur en conseil pourra, à toute époque, déclarer par proclamation publiée dans la *Gazette du Canada*, qu'un immeuble situé dans le Canada, et dont les limites seront déterminées avec précision dans la proclamation, est constitué en pénitencier, et doit être réputé tel aux termes du présent acte, et par la dite proclamation pourra déclarer pour quelle partie du Canada est créé ce pénitencier ;

Et considérant que Nous avons jugé à propos d'ordonner et déclarer que les étendues de terrain situées dans la province du Manitoba, et ci-dessous décrites, sont un pénitencier, et seront censées être un pénitencier aux termes du dit acte pour la province du Manitoba, les Territoires du Nord-Ouest et le district de Kéwatin :

SACHEZ DONC, que par et avec l'avis de Notre Conseil Privé pour le Canada Nous déclarons par les présentes, en vertu du dit acte, que les étendues de terrain situées dans la province du Manitoba, et décrites comme suit, savoir :

(*a*.) Le quart sud-est de la section Deux, dans le treizième township et le second rang à l'est du principal méridien, dans le Manitoba, contenant cent soixante acres, plus ou moins ;

(*b*.) Le quart sud-ouest de la section Deux, dans le treizième township et le second rang à l'est du principal méridien, dans le Manitoba, contenant cent soixante acres, plus ou moins, et—

(*c*.) Le quart nord-ouest de la section Deux, dans le treizième township et le second rang à l'est du principal méridien dans le Manitoba, contenant cent soixante acres, plus ou moins, sont constituées en pénitencier et seront réputées être un pénitencier aux termes du dit acte, pour la province du Manitoba, les Territoires du Nord-Ouest, et le District de Kéwatin, dans Notre Puissance du Canada.

De ce qui précède Nos féaux sujets et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

EN FOI DE QUOI, Nous avons fait émettre Nos présentes Lettres Patentes et à icelles fait apposer le Grand Sceau du Canada. TÉMOIN, Notre Très-fidèle et Bien-aimé Cousin et Conseiller le Très-honorable Sir JOHN CAMPBELL HAMILTON-GORDON, Comte d'Aberdeen ; Vicomte Formartine, Baron Haddo, Methlic, Tarves et Kellie, dans la pairie d'Ecosse ; Vicomte Gordon d'Aberdeen, comté d'Aberdeen, dans la pairie du Royaume-Uni, Baronnet de la Nouvelle-Ecosse, Chevalier Grand-croix de Notre Ordre Très-distingué de Saint-Michel et Saint-George, etc., etc., Gouverneur Général du Canada.

A Notre Hôtel du Gouvernement, en Notre CITÉ d'OTTAWA, ce VINGT-TROISIÈME jour de JANVIER, dans l'année de Notre-Seigneur, mil huit cent quatre-vingt-seize, et de Notre Règne la cinquante-neuvième.

Par ordre,

CHARLES TUPPER,
Secrétaire d'Etat.

DÉPÊCHES.

AU CHATEAU DE WINDSOR.

21 de novembre 1895.

PRÉSENTE :

Sa Très Excellente Majesté la Reine en conseil.

CONSIDÉRANT que par un arrêté daté le 29 de février 1868, rendu par Sa Majesté dans l'exercice des pouvoirs qui lui sont conférés par l'*Acte modifiant l'Acte de la marine marchande*, 1862, il a plu à Sa Majesté d'ordonner que les navires du Danemark dont les certificats de nationalité danoise et d'enregistrement auront été datés dès et après le 1er d'octobre 1867, seront censés être du tonnage inscrit dans les dits certificats de nationalité et d'enregistrement danois ;

Et considérant que par un arrêté en conseil daté le 30e jour de décembre 1878, il a plu à Sa Majesté, au sujet des vapeurs danois, d'ordonner que si le propriétaire ou capitaine d'un navire marchand appartenant au royaume du Danemark, et mesuré après le 1er jour d'octobre 1878, qui est mû par la vapeur ou autre force motrice exigeant un espace pour les machines, désire que la déduction pour la chambre des machines dans son navire soit évaluée suivant les règlements concernant le mesurage de la chambre des machines et la déduction applicables aux navires britanniques, plutôt que d'après les règlements danois, la chambre des machines sera mesurée et la déduction sera calculée suivant les règlements britanniques ;

Et considérant que par un autre arrêté en conseil daté du 20e jour d'avril 1883, il a en outre plu à Sa Majesté d'ordonner que dans le cas où le tonnage de registre net de navires marchands appartenant au dit royaume du Danemark, qui sont mûs par la vapeur ou toute autre force motrice exigeant un espace pour les machines et dont le mesurage est suivant les règlements britanniques serait inscrit sur les dits certificats de nationalité et d'enregistrement danois délivrés le ou avant le 1er de septembre 1882, ces navires seront censés être du tonnage inscrit dans les dits certificats ;

Et considérant que par l'article 84 de l'*Acte de la marine marchande* 1894, il est statué que lorsqu'il appert à Sa Majesté la Reine en conseil que les règlements de tonnage du dit acte ont été adoptés par un pays étranger, et y sont en force, Sa Majesté en conseil pourra ordonner que les navires du dit pays, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage indiqué dans leurs certificats d'enregistrement ou autres papiers nationaux, de la même manière, au même degré et pour les mêmes fins que le tonnage indiqué dans le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire ;

Et considérant qu'il a été démontré à Sa Majesté que les règlements de tonnage de l'*Acte de la marine marchande* 1894, ont été adoptés par le gouvernement de Sa Majesté le roi de Danemark, et que ces règlements y sont actuellement en vigueur, étant devenus exécutoires le 1er jour d'avril 1895 ;

Et considérant qu'il existe ou peut encore exister des navires appartenant au roi de Danemark auxquels les arrêtés précités du 29 de février 1868, du 30 de décembre 1878, et du 20 d'avril 1883, peuvent s'appliquer respectivement, et qu'il est à propos de ne pas révoquer ces arrêtés, mais de les laisser en vigueur aussi longtemps qu'il restera des navires auxquels ces arrêtés peuvent s'appliquer respectivement ;

Et considérant que les dispositions du premier article de l'*Acte concernant les règles de publication*, 1893, ont été remplies :

Sachez donc qu'il plaît à Sa Majesté, en vertu des pouvoirs ci-dessus mentionnés, et par et avec l'avis de Son Conseil privé, de décréter que les navires marchands du royaume de Danemark, dont le mesurage le 1er jour d'avril 1895, a été déterminé et inscrit dans les registres et autres documents nationaux du bord, seront censés être du tonnage inscrit dans ces registres ou autres documents nationaux, de la même manière, au même degré, et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire.

Vendredi, le 17e jour de janvier 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

VU que le choléra asiatique est réputé exister sous forme épidémique dans certaines régions du Japon d'où l'importation de bulbes et de plantes a été exclue de vaisseaux en destination directe des Etats-Unis, et qui devaient être subséquemment expédiés par l'une des lignes de paquebots à un port canadien, il est prudent que ces bulbes et plantes, n'étant pas susceptibles d'être désinfectés, soient empêchés de franchir le cordon quarantenaire canadien,—

Il plaît à Son Excellence, en vertu des dispositions du chapitre 68 des Statuts Revisés, intitulé "Acte concernant la quarantaine," et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner, que l'importation en Canada de bulbes et plantes croissantes en terre, des régions du Japon infectées du choléra, soit, et elle est par le présent défendue.

Il plaît en outre à Son Excellence d'ordonner que le présent arrêté soit et il est par le présent déclaré un réglement quarantenaire.

AVIS AUX MARINS.

N° 1 de 1896.

INDICATEURS DES MARÉES POUR HALIFAX ET QUÉBEC.

Ces indicateurs des marées sont préparés par la division hydrographique du ministère de la Marine et des Pêcheries, Ottawa, et sont fournis aux principaux almanachs pour publicité. Ils sont basés sur des observations des marées prises directement aux susdits havres, et c'est la première fois que des indicateurs préparés d'après l'observation directe des marées sont publiés pour des ports canadiens.

Les indicateurs des marées publiés jusqu'ici étaient basés sur des différences fixes de ports éloignés, ordinairement de l'autre côté de l'Atlantique ; et par suite l'époque de l'eau haute a été gravement erronée dans le cours du mois lunaire, plus particulièrement aux quadratures. Aussi l'époque de l'eau haute seule a été donnée, et non la hauteur de la marée.

Les observations sur lesquelles sont basés les présents indicateurs ont été prises des colonnes indicatrices automatiques, spécialement munies d'appareils réchauffants pour les empêcher de geler en hiver, afin d'obtenir une série continue d'observations jour et nuit pendant l'année. Sept de ces colonnes indicatrices ont été établies par ce ministère depuis 1893. Elles sont situées comme suit :—

Havre de Québec, au bassin de radoub de Lévis.
Pointe-au-Père, près du phare.
Pointe Sud-Ouest, Anticosti.
Baie Forteau, détroit de Belle-Ile.
Ile Saint-Paul, au large du Cap-Breton.
Halifax, au quai de la Marine et des Pêcheries.
Saint-Jean, N.-B., au quai de Reed.

Les relevés de ces colonnes indicatrices après avoir été soigneusement mis en tableaux et réduits au niveau de l'eau basse, sont expédiés au *Nautical Almanac Office*, Londres. Là, les constants de marée sont déterminés au moyen des plus récentes méthodes d'analyse, et les prédictions des marées pour l'année suivante sont faites au moyen d'une machine à computer les marées d'une forme spéciale.

Le temps employé dans ces indicateurs des marées est toujours le temps universel, lequel diffère du temps moyen de Greenwich d'un égal nombre d'heures. La hauteur de la marée à l'eau haute de même qu'à l'eau basse est aujourd'hui donnée pour la première fois dans ces indicateurs ; cela est d'un grand avantage pour connaître la profondeur d'eau praticable dans la partie du chenal des navires du Saint-Laurent soumise à la marée, et aussi pour les navires entrant dans les bassins de radoub à Halifax et Québec.

Marées à Halifax pour 1896.—Celles-ci sont basées sur les observations de la marée pendant les deux années 1860 et 1861 ; et avant de faire les calculs pour 1897, les observations de deux autres années 1851 et 1852 seront ajoutées, afin d'étendre la base des prédictions. Ce sont les seules observations connues ; mais avec la nouvelle colonne indicatrice érigée à Halifax cette saison, il sera possible d'arriver à une plus grande exactitude.

Les différences des marées de Halifax, qui sont données pour la côte Atlantique de la Nouvelle-Ecosse, sont les différences des Etablissements prises de la liste de l'Amirauté. Elles seront exactes à la pleine et la nouvelle lune, et seront très approximatives aussi dans tout le cours du mois, vu que les différences mêmes sont minimes.

A l'île Saint-Paul, où la marée entre dans le golfe Saint-Laurent, elles ont une inégalité diurne exceptionnelle. Les deux marées du même jour, varient de plus d'une heure, tôt ou tard, lorsque le déclin de la lune est à son maximum. Cette inégalité diurne est aussi remarquable dans les marées à Pictou. C'est probablement pour cette raison que les différences de marées de Halifax ou New-York sont si imparfaites lorsqu'on les applique aux côtes du Nouveau-Brunswick, de la Nouvelle-Ecosse et de l'Ile du Prince-Edouard. Les différences de marées pour ces côtes ne sont donc pas données aujourd'hui avec les indicateurs de ce ministère, tant que de meilleures déterminations ne pourront être obtenues.

Marées de Quebec pour 1896.—Elles sont basées sur les observations obtenues depuis novembre 1893, et leur exactitude sera perfectionnée à mesure que les observations augmenteront. Telles qu'elles sont elles surpassent de beaucoup les autres tables déjà publiées. La hauteur de la marée est renvoyée au niveau des basses eaux sur la carte de l'Amirauté du havre de Québec.

Les différences des marées pour le bas Saint-Laurent sont prises de la liste des Etablissements de l'Amirauté ; et depuis elles ont été comparées avec les observations obtenues dans l'année 1895, des colonnes indicatrices à la Pointe-au-Père et Anticosti. Elles font voir que les différences de marées de Québec sont remarquablement constantes dans tout le cours du mois. L'avertissement qu'elles ne sont exactes qu'à la pleine et la nouvelle lune seulement est donc inutile. Toutefois il est bon de noter que l'époque et la hauteur de la marée dans le bas Saint-Laurent sont soumises à des irrégularités pendant les fortes tempêtes.

Les observations des colonnes indicatrices dans le district de Belle-Ile et à Saint-Jean, N.-B., n'ont pas encore été réduites ; et ce ministère n'a pas encore publié de données pour la Baie de Fundy.

Les indicateurs des marées pour Halifax et Québec ont été fournis aux almanachs ci-dessous :—

Le *Canadian Almanac*, publié par la Cie Copp-Clark, de Toronto.

Le *Star Almanac*, publié par l'imprimerie du *Star* de Montréal.

Le *Greenwood's Almanac*, publié par W. N. Greenwood, Lancaster, Angleterre.

Le *Cogswell's Almanac*, publié par R. H. Cogswell, contenant les indicateurs de Halifax seulement.

Les indicateurs des marées pour Québec seront aussi incorporés dans les "Indicateurs des marées et autres renseignements relatifs au chenal des navires entre Montréal et Québec," publiés par les Commissaires du Havre de Montréal.

Les indicateurs des marées furent aussi offerts à l'Almanach Belcher pour 1896, mais ne furent pas publiés ; et les indicateurs pour Halifax dans ce même almanach font quelquefois un écart de 40 minutes, tôt ou tard, comparés aux indicateurs fournis par ce ministère.

AUX ANNONCEURS DANS LA *GAZETTE*.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser " Gazette du Canada, Ottawa, Canada."
2. Indiquer le nombre voulu d'insertions.
3. Transmettre invariablement le prix de l'annonce ainsi que le prix d'un exemplaire de la *Gazette*, tels que donnés plus bas ; sans cela l'annonce ne sera pas publiée. Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 insertions.

Les avis de demandes de lettres patentes—6 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage a 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

PROCLAMATION.

ABERDEEN.
[L.S.]

CANADA.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, &c., &c., &c.

To all to whom these presents shall come, or whom the same may in anywise concern,—Greeting :

A PROCLAMATION.

E. L. NEWCOMBE,
Deputy of the Minister of
Justice, Canada.

WHEREAS in and by the Revised Statutes of Canada, chaptered 182, intituled "An Act respecting Penitentiaries," it is amongst other things in effect enacted, that the Governor in Council may declare, from time to time, by proclamation to be published in the *Canada Gazette*, that any tract of land within Canada, of which the boundaries shall be particularly defined in the proclamation, is a penitentiary and is to be so held within the meaning of the said Act, and by such proclamation may declare for what part of Canada the same shall be a penitentiary ;

And whereas We have seen fit to ordain and declare that the tracts of land situate in the Province of Manitoba, and hereinafter described, are a Penitentiary and are to be so held within the meaning of the Act, as a Penitentiary for the Province of Manitoba, the North-west Territories, and the District of Keewatin :

Now Know Ye, that by and with the advice of Our Privy Council for Canada, We do hereby declare in virtue of the said Act, that the tracts of land situate in the Province of Manitoba, and described as follows, to wit :—

(*a.*) The south-east quarter of Section Two, in the Thirteenth Township and Second Range east of the Principal Meridian, in Manitoba, containing one hundred and sixty acres, more or less ;

(*b.*) The south-west quarter of Section Two, in the Thirteenth Township and Second Range east of the Principal Meridian, in Manitoba, containing one hundred and sixty acres, more or less, and

(*c*) The north-west quarter of Section Two in the Thirteenth Township and Second Range east of the Principal Meridian in Manitoba, containing one hundred and sixty acres, more or less, are a Penitentiary and are to be so held within the meaning of the said Act, as a Penitentiary for the Province of Manitoba, the North-west Territories and the District of Keewatin, in Our Dominion of Canada.

Of all which Our loving subjects and all others whom these presents may concern, are hereby required to take notice and to govern themselves accordingly.

In Testimony Whereof, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. Witness, Our Right Trusty and Right Well-Beloved Cousin and Councillor the Right Honourable Sir John Campbell Hamilton-Gordon, Earl of Aberdeen; Viscount Formartine, Baron Haddo, Methlic, Tarves and Kellie, in the Peerage of Scotland; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom; Baronet of Nova Scotia, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, etc., etc., Governor General of Canada.

At Our Government House, in Our City of OTTAWA, this TWENTY-THIRD day of JANUARY, in the year of Our Lord one thousand eight hundred and ninety-six, and in the Fifty-ninth year of Our Reign.

By Command,

CHARLES TUPPER,
Secretary of State.

DESPATCHES.

AT THE COURT AT WINDSOR.

The 21st day of November, 1895.

PRESENT:

The Queen's Most Excellent Majesty in Council.

WHEREAS by an Order in Council dated the 29th day of February, 1868, made by Her Majesty in exercise of the powers conferred upon Her by The Merchant Shipping Act Amendment Act, 1862, Her Majesty was pleased to direct that the ships of Denmark the certificates of Danish nationality and registry of which were dated on and after the 1st October, 1867, should be deemed to be of the tonnage denoted in the said certificates of Danish nationality and registry;

And whereas by another Order in Council dated the 30th day of December, 1878, Her Majesty was pleased to direct as regards Danish steamships that if the owner or master of any merchant ship belonging to the Kingdom of Denmark and measured after the 1st day of October, 1878, which is propelled by steam or any other power requiring engine-room, should desire the allowance for engine-room in his ship to be estimated under the rules for engine-room measurement and allowance applicable to British ships instead of under the Danish rule, the engine-room should be measured and the allowance calculated according to the British rules;

And whereas by another Order in Council dated the 20th day of April, 1883, Her Majesty was further pleased to direct that in the event of the net registered tonnage of merchant ships belonging to the said Kingdom of Denmark, which are propelled by steam or any other power requiring engine-room estimated under the British rules, being denoted in the said certificates of Danish nationality and registry issued on or after the 1st day of September, 1882, such ships should be deemed to be of the tonnage so denoted in the said certificates;

And whereas by section 84 of The Merchant Shipping Act, 1894, it is enacted that whenever it appears to Her Majesty the Queen in Council that the tonnage regulations of that Act have been adopted by any foreign country and are in force there, Her Majesty in Council may order that the ships of that country shall, without being remeasured in Her Majesty's Dominions be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship;

And whereas it has been made to appear to Her Majesty that the tonnage regulations of The Merchant Shipping Act, 1894, have been adopted by the Government of His Majesty the King of Denmark, and that such regulations are now in force in that country, having come into operation on the 1st day of April, 1895;

And whereas there still are or may be ships belonging to the King of Denmark to which the hereinbefore recited Orders of the 29th February, 1868, the 30th December, 1878, and the 20th April, 1883, may respectively apply, and it is expedient not to revoke the same, but to let the said recited Orders remain in force so long as there are any ships to which the same may so respectively apply;

And whereas the provisions of section one of The Rules of Publication Act, 1893, have been complied with:

Now, therefore, Her Majesty (in pursuance and exercise of the powers hereinbefore mentioned) is hereby pleased by and with the advice of Her Privy Council, to decree that the merchant ships of the Kingdom of Denmark the measurement whereof shall on or after the 1st day of April, 1895, have been ascertained and denoted in the certificates of registry or other national papers of such ships, shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 18th day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th January, 1896, from the Minister of the Interior, stating that by Order in Council of the 13th December, 1886, the fractional west half, and a strip of five chains in width along the east side of St. Mary's River, in the south-east quarter of Section 18, Township 7, Range 21 west of the 4th Dominion Lands Meridian, were reserved for stock watering purposes.

The Minister further states that Mr. George Russell, the owner of the fractional east half of Section 18, has applied to be permitted to acquire the said reserved lands and has offered in exchange therefor that portion of the north-east quarter of Section 18, situated north of Pot Hole River, and a strip off the southerly portion of the south-east quarter of the said section lying east of the St. Mary's River, shown coloured *red* on the annexed map, the total area of the two blocks to be equal to the area of the land he desires to acquire. Mr. Russell has also offered to incur the expense of making any survey which may be found necessary.

Mr. William Pearce, the superintendent of mines, has examined the said lands, and has reported that there is no objection to meeting Mr. Russell's wishes in this matter.

The Minister recommends that the proposed exchange be sanctioned.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
32-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 21st December, 1895, from the Minister of the Interior, stating that the British Columbia Drainage and Dyking Company, as the successors of Messrs. Nathan and Mohun, have been authorized under the several Orders in Council in that behalf to purchase a tract of about 15,000 acres in extent known as the Pitt River Meadows, at the rate of $5.75 per acre, so soon as they shall have reclaimed these lands by dyking and drainage.

The Minister states that by an Order in Council of the 7th March, 1893, for the reasons therein stated, this company was required to consent to the inclusion of that portion of the lands lying south of the Lillooet River, and containing about 2,034 acres, in the reclamation scheme of the Maple Ridge Dyking Commissioners who were dyking and draining certain adjacent lands under the provisions of The British Columbia Drainage, Dyking and Irrigation Act of 1894. A question thereupon arose as to the power of commissioners working under a Provincial Statute to levy assessments upon Dominion lands, and the Minister of Justice expressed the opinion that assessments to defray the cost of dyking which might be levied upon any lands brought under the operation of the said British Columbia Drainage Act, would constitute a tax within the meaning of section 125 of The British North America Act. An Order in Council was therefore passed on the 13th July, 1895, permitting the British Columbia Drainage and Dyking Company to make a division of the tract of 2,034 acres lying south of the Lillooet River, amongst its shareholders for the purpose of enabling them individually to bring these lands under the operation of the local Drainage Act. By that Order in Council the Minister of the Interior was authorized to convey to such shareholders, individually, without waiting for the completion of the drainage, such portions of the tract in question as may fall to them respectively, upon filing in the Department of the Interior, certified copies of resolutions, under the seal of the company, duly authorizing the division of the said 2,034 acres as well as conveyances executed in proper form by the company to each individual purchaser, as aforesaid, and upon payment of the price originally stipulated, namely, $5.75 per acre.

The Minister further states that it has been represented to him that in the reclamation of the said 2,034 acres the Maple Ridge Dyking Commissioners have expended a very large sum of money in erecting a dyke, which, however, was found insufficient to protect the land against the floods of 1894; that an additional expenditure of about $46,000 has been found necessary to further raise the dyke, and that on account of this heavy expenditure it has been found necessary to greatly increase the rate of the assessments levied by the Commissioners. The President of the British Columbia Drainage and Dyking Company therefore, acting on behalf of the shareholders of that company amongst whom the said 2,034 acres have been divided, and on whom the burden of the increased assessments falls, asks that the price of these lands be reduced to $1 an acre.

The Minister is of opinion that, in view of the position in which the shareholders of the British Columbia Drainage and Dyking Company find themselves, as above stated, and also of the fact that the price of Dominion lands in the New Westminster District, which was $5 per acre when the company tendered for the Pitt River Meadow lands, has been reduced by an Order in Council of the 11th July, 1895, to $1 an acre, this application is deserving of favourable consideration, he therefore recommends that the Order in Council of the 13th July, 1895, be amended by reducing the price of that portion of the tract to be reclaimed, lying south of the Lillooet River, as shown coloured green on the annexed map, and containing about 2,034 acres, from $5.75 to $1 per acre.

The Committee submit the above for Your Excellency's approval.

JOHN J. McGEE,
32-4 Clerk of the Privy Council.

[356]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 29th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, by and with the advice of the Queen's Privy Council for Canada, has been this day pleased to approve of the following regulations, passed under Section 76 of the Indian Act by the Gibson Band of Indians whose reserve is situated in the District of Muskoka, for the purpose of providing for the repairs and maintenance of roads on the reserve and the same are hereby approved accordingly.

JOHN J. McGEE,
Clerk of the Privy Council.

Whereas it is expedient for the more efficient repair and improvement of the roads of the Watha (Gibson) Reserve that every adult male member of the Watha Band of Indians should perform his proper share of labour on the said roads. Therefore it is this day resolved with the sanction of the Governor in Council and in accordance with section seventy-six of the Indian Act that each and every adult male member of the Watha Band of Indians, under sixty years of age, shall work for the space of two days in each year on the roads of the Watha Reserve aforesaid.

2. That the Chief of the Watha Band, in Council, shall on the first Monday in April in each year appoint a Pathmaster or Road Overseer who shall have charge of all the roads in the said reserve and who shall hold such office for one year or till his successor shall be appointed.

3. That it shall be the duty of the Chief of the said band to deliver to such Pathmaster on or before the first day of June in each year a list of persons who are liable to perform road work.

4. That every member of the said band liable to perform such road work shall perform the same when required so to do by the Pathmaster and in the case of wilful neglect or refusal to perform such work after six days notice requiring him to do the same shall incur a penalty of $5 and upon summary conviction thereof before a Justice of the Peace of the District of Muskoka such Justice shall order the same together with the costs of prosecution and distress to be levied by distress of the defenders goods and chattels, and in case there is no sufficient distress such offender may be committed to the common gaol of the district aforesaid and there put to hard labour for any time not exceeding ten days unless such penalty and costs and the costs of the warrant of commitment and of conveying the said person to gaol are sooner paid.

It is further resolved that any member of the band aforesaid liable to perform such road work may, when called on by the Pathmaster to perform such work, pay such Pathmaster the sum of one dollar per day as commutation of such road work, and it shall be the duty of such Pathmaster to expend all such money received by him as commutation of road work in the repair of the roads of the reserve aforesaid.

Passed in Council of the Watha Band of Indians this sixth day of January, A.D. 1896.

32-1 CHIEF FRANCIS DECAIER.

CERTIFICATE issued in accordance with the provisions of section 3 of the Regulations regarding the measurement and use of water, the disposal of reservoir sites and right of way for irrigation works, the establishment of gauge rods and rating flumes of irrigation canals and ditches, and the license and certificates to be issued, approved by His Excellency the Governor General in Council on the 29th April, 1895.

I, John S. Dennis, chief inspector of surveys, do hereby certify that I have inspected the dams, flumes, power wheels and the structures connected therewith constructed by the Calgary Water Power Company, in the Bow River, on Sections 16, 21 and 22, Township 24, Range 1 west of the 5th Meridian, as shown by the memorial filed in the Department of the Interior by the said company on the 6th day of September, 1895, and that I find the said dams, flumes and power wheels and the works connected therewith, to have been constructed and completed in accordance with the memorial above mentioned.

I further certify that the dams, flumes and power wheels and structures connected therewith are in good order and repair, and that the said company are now using these structures and power wheels for the generation of power by the use of the waters of the Bow River, and that the above named company is therefore entitled to a license for the undermentioned quantity of water from the Bow River for use in the manner mentioned and in accordance with the rights and privileges granted them by the Act 53 Victoria, chapter 95, viz. :—

At flood level, a quantity of water equal to the ordinary low-water flow of the stream.

At high water, a quantity of water equal to the ordinary low-water flow of the stream.

At low water, the total low-water flow of the stream.

J. S. DENNIS,
Chief inspector of surveys.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 17th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS, in view of the reported presence of Asiatic Cholera in epidemic form in certain districts of Japan from which the importation of bulbs and plants was excluded from vessels bound directly to the United States, and which were subsequently to be sent forward by one of the steamship lines, to a Canadian port, it is advisable that such bulbs and plants, not susceptible of being disinfected, should be prevented from passing through the Canadian Quarantines :—

His Excellency, in virtue of the provisions of chapter 68, Revised Statutes, intituled "An Act respecting Quarantine," and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that the importation into Canada of bulbs and growing plants in earth, from the infected cholera districts of Japan, shall be and the same is hereby prohibited.

His Excellency, is further pleased to order that the present order shall be and the same is hereby declared to be a Quarantine regulation.

JOHN J. McGEE,
30–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 26th December, 1895, from the Minister of the Interior, stating that, by an Order in Council of date the 10th of November, 1863, the Indians of "The Gambler's" Band, resident on their Reserve at Silver Creek, on the east side of the Assiniboine River, about nine miles north of Fort Ellice, made a surrender to the Crown of a portion of that Reserve in consideration of receiving a corresponding area of land on Valley River, lying south of Duck Mountain, in the northern part of Manitoba. At the time when the Reserve for the Indians of "The Gambler's" Band was laid out at Silver Creek, a portion of the Band was residing on this Valley River, and objected to removing to Silver Creek.

The Minister further states that the Department of Indian Affairs has caused a survey to be made of the lands occupied by the Indians at Valley River, and has filed in the Department of the Interior a plan of the same, a copy of which is hereto attached.

The Minister recommends that the area of land bordered with "pink" on the annexed tracing be set apart and reserved for the purposes of "The Gambler's" Band of Indians.

The Committee submit the foregoing recommendation for Your Excellency's approval.

JOHN J. McGEE,
30–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in accordance with The Montreal Harbour Commissioners Act, 1894, 57-58 Vict., chapter 48, and by and with the advice of the Queen's Privy Council for Canada, is pleased to appoint Frank J. Hart, of Montreal, Esquire, to be a Member of the Corporation of the Harbour Commissioners of Montreal, *vice* the Honourable Edward Murphy, deceased.

JOHN J. McGEE,
29–4 Clerk of the Privy Council.

[3781]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a report, dated 20th December 1895, from the Minister of the Interior, stating that a certain Island in the Bow River, comprising parts of Sections 21 and 22, in Township 24, Range 1 west of the 5th Meridian, of the Dominion Lands system of survey, is the property of the Calgary Water Power Company, and that that Company has made application through the Lieutenant-Governor of the North-west Territories, for permission to close up that portion of the road allowance between Sections 21 and 22 which crosses the said Island, and likewise the same road allowance lying to the south of the log drive, for a distance of sixty-six feet, as shown on the accompanying plan on which the road allowances proposed to be closed are coloured pink.

The Minister further states that the Calgary Water Power Company owns the land on both sides of the road allowance proposed to be closed, and a description of the same by James A. Macmillan, D.L.S., is hereto attached.

There appears to be no objection to the closing of this road allowance, and the Minister therefore recommends that the assent of Your Excellency be given to the closing of the road in question and its transfer to the Calgary Water Power Company (Limited) under the provisions of clause 21, of the Act 57-58 Victoria, chapter 17.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

DESCRIPTION.

All and singular that certain parcel or tract of land situate, lying and being that part of the road allowance between Sections twenty-one and twenty-two, Township twenty-four, Range one west of the 5th Meridian, lying south of the main channel of Bow River, and north of a line at right angles to the east boundary of said Section twenty-one, from a point on said boundary, seven chains sixty-six links north from the south-east angle of said Section twenty-one.

NOTICE TO MARINERS.

No. 1 of 1896.

TIDE TABLES FOR HALIFAX AND QUEBEC.

These tide tables are prepared by the Tidal Survey Office of the Department of Marine and Fisheries, Ottawa, and supplied to the leading Almanacs for publication. They are based upon direct observations of the tides at the above harbours, and this is the first time that tables derived from direct observation of the tides have been available for any Canadian ports.

Up to the present time, such tide tables as were published have been based upon fixed differences from distant ports, usually on the other side of the Atlantic; and the time of high water has consequently been seriously in error during the course of the lunar month, more especially at the quadratures. Also the time of high water only has been given, and not the height of the tide.

The records on which the present tables are based, have been obtained from self-registering tide-gauges, which are especially provided with heating to prevent freezing in winter, in order to obtain a continuous record day and night throughout the year. Seven of these gauges have been established by this Department, since 1893. They are situated as follows:—

Quebec Harbour, at the Lévis Dry Dock.
Father Point, near the Lighthouse.
South West Point, Anticosti.
Forteau Bay, Strait of Belle Isle.
St. Paul Island, off Cape Breton.
Halifax, at the Marine and Fisheries wharf.
St. John, N.B., at Reed's wharf.

The records from these gauges, after careful tabulation and reduction to low water datum, are forwarded to the Nautical Almanac Office, London. The tidal constants are there determined from them by the latest methods of analysis, and the tidal predictions for the ensuing year are made by means of a tidal computing machine of special design.

The time used in these tide tables is Standard Time in all cases, which differs from Greenwich Mean Time by an even number of hours. The height of the tide at both high and low water is now given for the first time in these tables; which is valuable with reference to the depth of water available in the tidal portion of the St. Lawrence Ship Channel, and also for vessels entering the dry docks at Halifax and Quebec.

Halifax Tides for 1896. These are based upon records of the tide during the two years 1860 and 1861; and before the calculations are made for 1897 the record of two other years, 1851 and 1852 will be added, to extend the basis from which the predictions are made. These are the only existing records which are known; but when a sufficient record is obtained from the new tide-gauge erected at Halifax this season, a further improvement in closer accuracy will be possible.

The tidal differences from Halifax, which are given for the Atlantic coast of Nova Scotia, are the differences of the Establishments taken from the Admiralty list. They will be correct at full and change of the moon, and should be closely approximate also throughout the course of the month, as the differences themselves are small.

At St. Paul Island, where the tides enter the Gulf of St. Lawrence, they have an unusual amount of diurnal inequality. The two tides of the same day are out of time with respect to each other by more than an hour, early or late, when the moon's declination is at its maximum. This diurnal inequality is also noticeable in the tides at Pictou. It is probably for this reason that tidal differences from Halifax or New York are so unsatisfactory when applied to the Gulf coasts of New Brunswick, Nova Scotia and Prince Edward Island. Tidal differences for these coasts are not therefore given at present with the tables of this Department, until better determinations can be obtained.

Quebec Tides for 1896. These are based upon the record obtained since November, 1893; and their accuracy will be approved as the record becomes longer. As they stand they are far in advance of any tables yet published. The height of the tide is referred to the original low water datum of the Admiralty chart of Quebec harbour.

The tidal differences for the Lower St. Lawrence are derived from the Admiralty list of Establishments; and they have since been compared with the record obtained throughout the year 1895, from the tide gauges at Father Point and Anticosti. From these it appears that the tidal differences from Quebec are remarkably constant throughout the course of the month. Hence the caution that they are correct at full and change only is unnecessary. It is to be noted however that both the time and height of the tide in the Lower St. Lawrence are subject to irregularity during severe storms.

The records from the tide gauges in the Strait of Belle Isle and at St. John, N.B. have not yet been reduced; and no data for the Bay of Fundy have yet been issued by this Department.

The tide tables for Halifax and Quebec have heen supplied to the following Almanacs:—

The Canadian Almanac, published by the Copp, Clark Co., of Toronto.

The Star Almanac, published at the Montreal Star Office, Montreal.

Greenwood's Almanac, published by W. N. Greenwood, Lancaster, England.

Cogswell's Almanac, published by R. H. Cogswell, Halifax; containing the Halifax tables only.

The tide tables for Quebec will also be embodied in the "Tide Tables and other information connected with the Ship Channel between Montreal and Quebec," issued by the Harbour Commissioners of Montreal.

The tide tables were also offered to Belcher's Almanac for 1896, but were not published; and the tables for Halifax in that Almanac are at times in error by as much as 40 minutes, early or late, as compared with the tide tables supplied by this Department.

TO ADVERTISERS IN THE *GAZETTE*.

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. Invariably remit the fees for such advertisements, together with the price of one Gazette, as below. Otherwise they will not be inserted. The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent—6 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped from them at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz :

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No Petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

EDOUARD J. LANGEVIN,
Clerk of the Senate.
JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses.*

51*a*. All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b*. No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a.*) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or autho-

rized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same;

(*b.*) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future:—

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed, and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Act respecting Extra-Judicial Oaths.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

[L.S.]

CANADA.

VICTORIA, par la Grâce de Dieu, Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Défenseur de la Foi, etc., etc., etc.

A tous ceux qui les présentes verront ou qu'icelles pourront concerner,—SALUT :

PROCLAMATION.

E. L. NEWCOMBE,
Sous-ministre de la
Justice, Canada.

CONSIDÉRANT que dans et par les Statuts Revisés du Canada, chapitre 182, intitulé " Acte concernant les pénitenciers," il est entre autres choses en substance statué, que le Gouverneur en conseil pourra, à toute époque, déclarer par proclamation publiée dans la *Gazette du Canada*, qu'un immeuble situé dans le Canada, et dont les limites seront déterminées avec précision dans la proclamation, est constitué en pénitencier, et doit être réputé tel aux termes du présent acte, et par la dite proclamation pourra déclarer pour quelle partie du Canada est créé ce pénitencier ;

Et considérant que Nous avons jugé à propos d'ordonner et déclarer que les étendues de terrain situées dans la province du Manitoba, et ci-dessous décrites, sont un pénitencier, et seront censées être un pénitencier aux termes du dit acte pour la province du Manitoba, les Territoires du Nord-Ouest et le district de Kéwatin :

SACHEZ DONC, que par et avec l'avis de Notre Conseil Privé pour le Canada Nous déclarons par les présentes, en vertu du dit acte, que les étendues de terrain situées dans la province du Manitoba, et décrites comme suit, savoir :

(*a.*) Le quart sud-est de la section Deux, dans le treizième township et le second rang à l'est du principal méridien, dans le Manitoba, contenant cent soixante acres, plus ou moins ;

(*b.*) Le quart sud-ouest de la section Deux, dans le treizième township et le second rang à l'est du principal méridien, dans le Manitoba, contenant cent soixante acres, plus ou moins, et—

(*c.*) Le quart nord-ouest de la section Deux, dans le treizième township et le second rang à l'est du principal méridien dans le Manitoba, contenant cent soixante acres, plus ou moins, sont constituées en pénitencier et seront réputées être un pénitencier aux termes du dit acte, pour la province du Manitoba, les Territoires du Nord-Ouest, et le District de Kéwatin, dans Notre Puissance du Canada.

De ce qui précède Nos féaux sujets et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

EN FOI DE QUOI, Nous avons fait émettre Nos présentes Lettres Patentes et à icelles fait apposer le Grand Sceau du Canada. TÉMOIN, Notre Très-fidèle et Bien-aimé Cousin et Conseiller le Très-honorable Sir JOHN CAMPBELL HAMILTON-GORDON, Comte d'Aberdeen ; Vicomte Formartine, Baron Haddo, Methlic, Tarves et Kellie, dans la pairie d'Ecosse ; Vicomte Gordon d'Aberdeen, comté d'Aberdeen, dans la pairie du Royaume-Uni, Baronnet de la Nouvelle-Ecosse, Chevalier Grand-croix de Notre Ordre Très-distingué de Saint-Michel et Saint-George, etc., etc., Gouverneur Général du Canada.

A Notre Hôtel du Gouvernement, en Notre CITÉ d'OTTAWA, ce VINGT-TROISIÈME jour de JANVIER, dans l'année de Notre-Seigneur, mil huit cent quatre-vingt-seize, et de Notre Règne la cinquante-neuvième.

Par ordre,
CHARLES TUPPER,
31-4 Secrétaire d'Etat.

DÉPÊCHES.

AU CHATEAU DE WINDSOR.

21 de novembre 1895.

PRÉSENTE :

Sa Très Excellente Majesté la Reine en conseil.

CONSIDÉRANT que par un arrêté daté le 29 de février 1868, rendu par Sa Majesté dans l'exercice des pouvoirs qui lui sont conférés par l'*Acte modifiant l'Acte de la marine marchande*, 1862, il a plu à Sa Majesté d'ordonner que les navires du Danemark dont les certificats de nationalité danoise et d'enregistrement auront été datés dès et après le 1er d'octobre 1867, seront censés être du tonnage inscrit dans les dits certificats de nationalité et d'enregistrement danois ;

Et considérant que par un arrêté en conseil daté le 30e jour de décembre 1878, il a plu à Sa Majesté, au sujet des vapeurs danois, d'ordonner que si le propriétaire ou capitaine d'un navire marchand appartenant au royaume du Danemark, et mesuré après le

1er jour d'octobre 1878, qui est mû par la vapeur ou autre force motrice exigeant un espace pour les machines, désire que la déduction pour la chambre des machines dans son navire soit évaluée suivant les règlements concernant le mesurage de la chambre des machines et la déduction applicables aux navires britanniques, plutôt que d'après les règlements danois, la chambre des machines sera mesurée et la déduction sera calculée suivant les règlements britanniques ;

Et considérant que par un autre arrêté en conseil daté du 20e jour d'avril 1883, il a en outre plu à Sa Majesté d'ordonner que dans le cas où le tonnage de registre net de navires marchands appartenant au dit royaume du Danemark, qui sont mûs par la vapeur ou toute autre force motrice exigeant un espace pour les machines et dont le mesurage est suivant les règlements britanniques serait inscrit sur les dits certificats de nationalité et d'enregistrement danois délivrés le ou avant le 1er de septembre 1882, ces navires seront censés être du tonnage inscrit dans les dits certificats ;

Et considérant que par l'article 84 de l'*Acte de la marine marchande* 1894, il est statué que lorsqu'il appert à Sa Majesté la Reine en conseil que les règlements de tonnage du dit acte ont été adoptés par un pays étranger, et y sont en force, Sa Majesté en conseil pourra ordonner que les navires du dit pays, seront, sans être remesurés dans les possessions de Sa Majesté, censés être du tonnage indiqué dans leurs certificats d'enregistrement ou autres papiers nationaux, de la même manière, au même degré et pour les mêmes fins que le tonnage indiqué dans le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire ;

Et considérant qu'il a été démontré à Sa Majesté que les règlements de tonnage de l'*Acte de la marine marchande* 1894, ont été adoptés par le gouvernement de Sa Majesté le roi de Danemark, et que ces règlements y sont actuellement en vigueur, étant devenus exécutoires le 1er jour d'avril 1895 ;

Et considérant qu'il existe ou peut encore exister des navires appartenant au roi de Danemark auxquels les arrêtés précités du 29 de février 1868, du 30 de décembre 1878, et du 20 d'avril 1883, peuvent s'appliquer respectivement, et qu'il est à propos de ne pas révoquer ces arrêtés, mais de les laisser en vigueur aussi longtemps qu'il restera des navires auxquels ces arrêtés peuvent s'appliquer respectivement ;

Et considérant que les dispositions du premier article de l'*Acte concernant les règles de publication*, 1893, ont été remplies :

Sachez donc qu'il plaît à Sa Majesté, en vertu des pouvoirs ci-dessus mentionnés, et par et avec l'avis de Son Conseil privé, de décréter que les navires marchands du royaume de Danemark, dont le mesurage le 1er jour d'avril 1895, a été déterminé et inscrit dans les registres et autres documents nationaux du bord, seront censés être du tonnage inscrit dans ces registres ou autres documents nationaux, de la même manière, au même degré, et pour toutes les fins pour lesquelles le tonnage inscrit sur le certificat d'enregistrement d'un navire britannique est censé être le tonnage de ce navire.

30-3 C. L. PEEL.

ARRÊTÉS EN CONSEIL.

HOTEL DU GOUVERNEMENT À OTTAWA.

Vendredi, le 17e jour de janvier 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

VU que le choléra asiatique est réputé exister sous forme épidémique dans certaines régions du Japon d'où l'importation de bulbes et de plantes a été exclue de vaisseaux en destination directe des Etats-Unis, et qui devaient être subséquemment expédiés par l'une des lignes de paquebots à un port canadien, il est prudent que ces bulbes et plantes, n'étant pas susceptibles d'être désinfectés, soient empêchés de franchir le cordon quarantenaire canadien,—

Il plaît à Son Excellence, en vertu des dispositions du chapitre 68 des Statuts Revisés, intitulé "Acte concernant la quarantaine," et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner, que l'importation en Canada de bulbes et plantes croissantes en terre, des régions du Japon infectées du choléra, soit, et elle est par le présent défendue.

Il plaît en outre à Son Excellence d'ordonner que le présent arrêté soit et il est par le présent déclaré un réglement quarantenaire.

30-4 Greffier du Conseil privé.

AVIS AUX MARINS.

N° 1 de 1896.

INDICATEURS DES MARÉES POUR HALIFAX ET QUÉBEC.

Ces indicateurs des marées sont préparés par la division hydrographique du ministère de la Marine et des Pêcheries, Ottawa, et sont fournis aux principaux almanachs pour publicité. Ils sont basés sur des observations des marées prises directement aux susdits havres, et c'est la première fois que des indicateurs préparés d'après l'observation directe des marées sont publiés pour des ports canadiens.

Les indicateurs des marées publiés jusqu'ici étaient basés sur des différences fixes de ports éloignés, ordinairement de l'autre côté de l'Atlantique ; et par suite l'époque de l'eau haute a été gravement erronée dans le cours du mois lunaire, plus particulièrement aux quadratures. Aussi l'époque de l'eau haute seule a été donnée, et non la hauteur de la marée.

Les observations sur lesquelles sont basés les présents indicateurs ont été prises des colonnes indicatrices automatiques, spécialement munies d'appareils réchauffants pour les empêcher de geler en hiver, afin d'obtenir une série continue d'observations jour et nuit pendant l'année. Sept de ces colonnes indicatrices ont été établies par ce ministère depuis 1893. Elles sont situées comme suit :—

Havre de Québec, au bassin de radoub de Lévis.
Pointe-au-Père, près du phare.
Pointe Sud-Ouest, Anticosti.
Baie Forteau, détroit de Belle-Ile.
Ile Saint-Paul, au large du Cap-Breton.
Halifax, au quai de la Marine et des Pêcheries.
Saint-Jean, N.-B., au quai de Reed.

Les relevés de ces colonnes indicatrices après avoir été soigneusement mis en tableaux et réduits au niveau de l'eau basse, sont expédiés au *Nautical Almanac Office*, Londres. Là, les constants de marée sont déterminés au moyen des plus récentes méthodes d'analyse, et les prédictions des marées pour l'année suivante sont faites au moyen d'une machine à computer les marées d'une forme spéciale.

Le temps employé dans ces indicateurs des marées est toujours le temps universel, lequel diffère du temps moyen de Greenwich d'un égal nombre d'heures. La hauteur de la marée à l'eau haute de même qu'à l'eau basse est aujourd'hui donnée pour la première fois dans ces indicateurs ; cela est d'un grand avantage pour connaître la profondeur d'eau praticable dans la partie du chenal des navires du Saint-Laurent soumise à la marée, et aussi pour les navires entrant dans les bassins de radoub à Halifax et Québec.

Marées à Halifax pour 1896.—Celles-ci sont basées sur les observations de la marée pendant les deux années 1860 et 1861 ; et avant de faire les calculs pour 1897, les observations de deux autres années 1851 et 1852 seront ajoutées, afin d'étendre la base des prédictions. Ce sont les seules observations connues ; mais avec la nouvelle colonne indicatrice érigée à Halifax cette saison, il sera possible d'arriver à une plus grande exactitude.

Les différences des marées de Halifax, qui sont données pour la côte Atlantique de la Nouvelle-Ecosse, sont les différences des Etablissements prises de la liste de l'Amirauté. Elles seront exactes à la pleine et la nouvelle lune, et seront très approximatives aussi dans tout le cours du mois, vu que les différences mêmes sont minimes.

A l'île Saint-Paul, où la marée entre dans le golfe Saint-Laurent, elles ont une inégalité diurne exceptionnelle. Les deux marées du même jour, varient de plus d'une heure, tôt ou tard, lorsque le déclin de la lune est à son maximum. Cette inégalité diurne est aussi remarquable dans les marées à Pictou. C'est probablement pour cette raison que les différences de marées de Halifax ou New-York sont si imparfaites lorsqu'on les applique aux côtes du Nouveau-Brunswick, de la Nouvelle-Ecosse et de l'Ile du Prince-Edouard. Les différences de marées pour ces côtes ne sont donc pas données aujourd'hui avec les indicateurs de ce ministère, tant que de meilleures déterminations ne pourront être obtenues.

Marées de Quebec pour 1896.—Elles sont basées sur les observations obtenues depuis novembre 1893, et leur exactitude sera perfectionnée à mesure que les observations augmenteront. Telles qu'elles sont elles surpassent de beaucoup les autres tables déjà publiées. La hauteur de la marée est renvoyée au niveau des basses eaux sur la carte de l'Amirauté du havre de Québec.

Les différences des marées pour le bas Saint-Laurent sont prises de la liste des Etablissements de l'Amirauté ; et depuis elles ont été comparées avec les observations obtenues dans l'année 1895, des colonnes indicatrices à la Pointe-au-Père et Anticosti. Elles font voir que les différences de marées de Québec sont remarquablement constantes dans tout le cours du mois. L'avertissement qu'elles ne sont exactes qu'à la pleine et la nouvelle lune seulement est donc inutile. Toutefois il est bon de noter que l'époque et la hauteur de la marée dans le bas Saint-Laurent sont soumises à des irrégularités pendant les fortes tempêtes.

Les observations des colonnes indicatrices dans le district de Belle-Ile et à Saint-Jean, N.-B., n'ont pas encore été réduites ; et ce ministère n'a pas encore publié de données pour la Baie de Fundy.

Les indicateurs des marées pour Halifax et Québec ont été fournis aux almanachs ci-dessous :—

Le *Canadian Almanac*, publié par la Cie Copp-Clark, de Toronto.

Le *Star Almanac*, publié par l'imprimerie du *Star* de Montréal.

Le *Greenwood's Almanac*, publié par W. N. Greenwood, Lancaster, Angleterre.

Le *Cogswell's Almanac*, publié par R. H. Cogswell, contenant les indicateurs de Halifax seulement.

Les indicateurs des marées pour Québec seront aussi incorporés dans les "Indicateurs des marées et autres renseignements relatifs au chenal des navires entre Montréal et Québec," publiés par les Commissaires du Havre de Montréal.

Les indicateurs des marées furent aussi offerts à l'Almanach Belcher pour 1896, mais ne furent pas publiés ; et les indicateurs pour Halifax dans ce même almanach font quelquefois un écart de 40 minutes, tôt ou tard, comparés aux indicateurs fournis par ce ministère.

AUX ANNONCEURS DANS LA *GAZETTE*.

CEUX qui envoient des annonces pour être insérées dans la *Gazette du Canada*, voudront bien se conformer aux règles ci-dessous :

1. Adresser “ Gazette du Canada, Ottawa, Canada.”
2. Indiquer le nombre voulu d'insertions.
3. Transmettre invariablement le prix de l'annonce ainsi que le prix d'un exemplaire de la *Gazette*, tels que donnés plus bas ; sans cela l'annonce ne sera pas publiée. Les prix sont de dix cts. pour la première insertion, et cinq cts. pour chaque insertion subséquente par ligne de neuf mots, chaque chiffre comptant pour un mot. Aucune annonce n'est insérée pour moins d'une piastre.

D'après la pratique établie et reconnue, telle que prescrite par la loi, les règlements du parlement et les décisions du ministère de la Justice, les avis reçoivent le nombre d'insertions ci-dessous :—

Les avis de demandes de divorce—27 insertions.

Les avis de retrait de dépôts des compagnies d'assurances—13 insertions.

Les avis de demandes ordinaires au parlement—9 insertions.

Les avis de demandes de lettres patentes—6 insertions.

Les avis de dividendes et d'assemblées de banques et de compagnies d'assurances,—1 mois de calendrier ou 5 insertions.

Les abonnés observeront aussi que le prix d'abonnement, $4 par année, est invariablement payable d'avance, et que l'envoi de la *Gazette* sera arrêté à l'expiration de la période payée. Chaque exemplaire coûte dix cts., et quand les annonceurs en veulent plus qu'un, ils devront faire une remise en conséquence.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos “ Demande de bill privé.”

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

—

Ordre spécial de la Chambre des Communes.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage a 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

ABERDEEN.
[L.S.]

CANADA.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, &c., &c., &c.

To all to whom these presents shall come, or whom the same may in anywise concern,—Greeting :

A PROCLAMATION.

E. L. NEWCOMBE,
Deputy of the Minister of Justice, Canada.

Whereas in and by the Revised Statutes of Canada, chaptered 182, intituled "An Act respecting Penitentiaries," it is amongst other things in effect enacted, that the Governor in Council may declare, from time to time, by proclamation to be published in the *Canada Gazette*, that any tract of land within Canada, of which the boundaries shall be particularly defined in the proclamation, is a penitentiary and is to be so held within the meaning of the said Act, and by such proclamation may declare for what part of Canada the same shall be a penitentiary ;

And whereas We have seen fit to ordain and declare that the tracts of land situate in the Province of Manitoba, and hereinafter described, are a Penitentiary and are to be so held within the meaning of the Act, as a Penitentiary for the Province of Manitoba, the North-west Territories, and the District of Keewatin :

Now Know Ye, that by and with the advice of Our Privy Council for Canada, We do hereby declare in virtue of the said Act, that the tracts of land situate in the Province of Manitoba, and described as follows, to wit :—

(*a.*) The south-east quarter of Section Two, in the Thirteenth Township and Second Range east of the Principal Meridian, in Manitoba, containing one hundred and sixty acres, more or less ;

(*b.*) The south-west quarter of Section Two, in the Thirteenth Township and Second Range east of the Principal Meridian, in Manitoba, containing one hundred and sixty acres, more or less, and

(*c*) The north-west quarter of Section Two in the Thirteenth Township and Second Range east of the Principal Meridian in Manitoba, containing one hundred and sixty acres, more or less, are a Penitentiary and are to be so held within the meaning of the said Act, as a Penitentiary for the Province of Manitoba, the North-west Territories and the District of Keewatin, in Our Dominion of Canada.

Of all which Our loving subjects and all others whom these presents may concern, are hereby required to take notice and to govern themselves accordingly.

In Testimony Whereof, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. Witness, Our Right Trusty and Right Well-Beloved Cousin and Councillor the Right Honourable Sir John Campbell Hamilton-Gordon, Earl of Aberdeen ; Viscount Formartine, Baron Haddo, Methlic, Tarves and Kellie, in the Peerage of Scotland ; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom ; Baronet of Nova Scotia, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, etc., etc., Governor General of Canada.

At Our Government House, in Our City of OTTAWA, this TWENTY-THIRD day of JANUARY, in the year of Our Lord one thousand eight hundred and ninety-six, and in the Fifty-ninth year of Our Reign.

By Command,

CHARLES TUPPER,
Secretary of State.

[312]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 29th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 23rd January, 1896, from the Minister of the Interior, stating that the Department of Indian Affairs has made application for an additional area of land on Lake Winnipeg, at the mouth of the Saskatchewan River, to be set apart and added to the present reserve at Grand Rapids, for the use of the Band of Indians located at that point.

The Minister further states that the tract proposed to be added to the present Reserve, embracing an area of 1899 acres, is coloured "green" on the accompanying plan. In asking for this additional grant the Deputy Superintendent General of Indian Affairs points out the fact that the Surveyor employed by the Department of Indian Affairs to lay off the addition to the reserve reports that fully one-half of both the original and the new reserve is composed of muskeg, and is therefore valueless for purposes of cultivation. The lands in question are situate in unsurveyed territory, and there would appear to be no objection to their appropriation for the purpose stated.

The Minister, therefore, recommends that the area coloured "green" on the accompanying map, be set apart and secured for the purposes of an additional reserve for the Indians of Grand Rapids, Saskatchewan River.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 18th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th January, 1896, from the Minister of the Interior, stating that by Order in Council of the 13th December, 1886, the fractional west half, and a strip of five chains in width along the east side of St. Mary's River, in the south-east quarter of Section 18, Township 7, Range 21 west of the 4th Dominion Lands Meridian, were reserved for stock watering purposes.

The Minister further states that Mr. George Russell, the owner of the fractional east half of Section 18, has applied to be permitted to acquire the said reserved lands and has offered in exchange therefor that portion of the north-east quarter of Section 18, situated north of Pot Hole River, and a strip off the southerly portion of the south-east quarter of the said section lying east of the St. Mary's River, shown coloured *red* on the annexed map, the total area of the two blocks to be equal to the area of the land he desires to acquire. Mr. Russell has also offered to incur the expense of making any survey which may be found necessary.

Mr. William Pearce, the superintendent of mines, has examined the said lands, and has reported that there is no objection to meeting Mr. Russell's wishes in this matter.

The Minister recommends that the proposed exchange be sanctioned.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 21st December, 1895, from the Minister of the Interior, stating that the British Columbia Drainage and Dyking Company, as the successors of Messrs. Nathan and Mohun, have been authorized under the several Orders in Council in that behalf to purchase a tract of about 15,000 acres in extent known as the Pitt River Meadows, at the rate of $5.75 per acre, so soon as they shall have reclaimed these lands by dyking and drainage.

The Minister states that by an Order in Council of the 7th March, 1893, for the reasons therein stated, this company was required to consent to the inclusion of that portion of the lands lying south of the Lillooet River, and containing about 2,034 acres, in the reclamation scheme of the Maple Ridge Dyking Commissioners who were dyking and draining certain adjacent lands under the provisions of The British Columbia Drainage, Dyking and Irrigation Act of 1894. A question thereupon arose as to the power of commissioners working under a Provincial Statute to levy assessments upon Dominion lands, and the Minister of Justice expressed the opinion that assessments to defray the cost of dyking which might be levied upon any lands brought under the operation of the said British Columbia Drainage Act, would constitute a tax within the meaning of section 125 of The British North America Act. An Order in Council was therefore passed on the 13th July, 1895, permitting the British Columbia Drainage and Dyking Company to make a division of the tract of 2,034 acres lying south of the Lillooet River, amongst its shareholders for the purpose of enabling them individually to bring these lands under the operation of the local Drainage Act. By that Order in Council the Minister of the Interior was authorized to convey to such shareholders, individually, without waiting for the completion of the drainage, such portions of the tract in question as may fall to them respectively, upon filing in the Department of the Interior, certified copies of resolutions, under the seal of the company, duly authorizing the division of the said 2,034 acres as well as conveyances executed in proper form by the company to each individual purchaser, as aforesaid, and upon payment of the price originally stipulated, namely, $5.75 per acre.

The Minister further states that it has been represented to him that in the reclamation of the said 2,034 acres the Maple Ridge Dyking Commissioners have expended a very large sum of money in erecting a dyke, which, however, was found insufficient to protect the land against the floods of 1894; that an additional expenditure of about $46,000 has been found necessary to further raise the dyke, and that on account of this heavy expenditure it has been found necessary to greatly increase the rate of the assessments levied by the Commissioners. The President of the British Columbia Drainage and Dyking Company therefore, acting on behalf of the shareholders of that company amongst whom the said 2,034 acres have been divided, and on whom the burden of the increased assessments falls, asks that the price of these lands be reduced to $1 an acre.

The Minister is of opinion that, in view of the position in which the shareholders of the British Columbia Drainage and Dyking Company find themselves, as above stated, and also of the fact that the price of Dominion lands in the New Westminster District, which was $5 per acre when the company tendered for the Pitt River Meadow lands, has been reduced by an Order in Council of the 11th July, 1895, to $1 an acre, this application is deserving of favourable consideration, he therefore recommends that the Order in Council of the 13th July, 1895, be amended by reducing the price of that portion of the tract to be reclaimed, lying south of the Lillooet River, as shown coloured green on the annexed map, and containing about 2,034 acres, from $5.75 to $1 per acre.

The Committee submit the above for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of January, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 26th December, 1895, from the Minister of the Interior, stating that, by an Order in Council of date the 10th of November, 1863, the Indians of "The Gambler's" Band, resident on their Reserve at Silver Creek, on the east side of the Assiniboine River, about nine miles north of Fort Ellice, made a surrender to the Crown of a portion of that Reserve in consideration of receiving a corresponding area of land on Valley River, lying south of Duck Mountain, in the northern part of Manitoba. At the time when the Reserve for the Indians of "The Gambler's" Band was laid out at Silver Creek, a portion of the Band was residing on this Valley River, and objected to removing to Silver Creek.

The Minister further states that the Department of Indian Affairs has caused a survey to be made of the lands occupied by the Indians at Valley River, and has filed in the Department of the Interior a plan of the same, a copy of which is hereto attached.

The Minister recommends that the area of land bordered with "pink" on the annexed tracing be set apart and reserved for the purposes of "The Gambler's" Band of Indians.

The Committee submit the foregoing recommendation for Your Excellency's approval.

WHEREAS, in view of the reported presence of Asiatic Cholera in epidemic form in certain districts of Japan from which the importation of bulbs and plants was excluded from vessels bound directly to the United States, and which were subsequently to be sent forward by one of the steamship lines, to a Canadian port, it is advisable that such bulbs and plants, not susceptible of being disinfected, should be prevented from passing through the Canadian Quarantines:—

His Excellency, in virtue of the provisions of chapter 68, Revised Statutes, intituled "An Act respecting Quarantine," and by and with the advice of the Queen's Privy Council forCanada, is pleased to order that the importation into Canada of bulbs and growing plants in earth, from the infected cholera districts of Japan, shall be and the same is hereby prohibited.

His Excellency, is further pleased to order that the present order shall be and the same is hereby declared to be a Quarantine regulation.

TO ADVERTISERS IN THE *GAZETTE.*

PARTIES sending advertisements to be inserted in the *Canada Gazette* will please observe the following rules :

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. Invariably remit the fees for such advertisements, together with the price of one Gazette, as below. Otherwise they will not be inserted. The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By settled or understood practice as prescribed by law, the rules of Parliament or decisions of the Department of Justice, notices receive the following insertions :—

Notices of applications for divorce—27 insertions.

Notices of the withdrawal of deposits of Insurance Companies—13 insertions.

Notices of ordinary applications to Parliament—9 insertions.

Notices of applications for Letters Patent—6 insertions.

Notices of dividends and meetings of Banks and Insurance Companies—1 calendar month, or 5 insertions.

Subscribers will also notice that the subscription, $4 per annum, is invariably payable in advance, and that the "Gazette" will be stopped from them at the end of the period paid for. Single numbers will be charged ten cents each, and when more than one are required by advertisers, must be remitted for likewise.

APPLICATIONS TO PARLIAMENT.

CONDENSED RULES *in re* NOTICES FOR PRIVATE BILLS.

All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of The British North America Act, 1867, for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community ; or for making any amendment to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application ; such notice except in the case of existing corporations) shall be signed by, or on behalf of the applicants, and be published as follows, viz :

In the Provinces of Quebec and Manitoba.

In the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District in which a newspaper is published.

In any other Province or Territory.

In the *Canada Gazette*, and in one newspaper published in the County or District, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County or District in which a newspaper is published. Such Notices shall be continued in each case, for a period of at least two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. Marked copies of all the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House, endorsed "Application for a Private Bill."

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioners shall also, at the same time and in the same manner, give notice of the proposed rates of toll, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and, if a drawbridge, the dimensions of the same.

Any person seeking to obtain a Private Bill shall, at least eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the Bill is to originate, a copy of such Bill in the English or French language, with a sum sufficient to pay for translating and printing the same. The applicant shall also, after the second reading, and before the consideration of the Bill by any Committee, pay the Clerk of the Senate, or the Accountant of the House of Commons (as the case may be) a fee of $200, and a sum sufficient to pay the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred.

The fee of $200 payable on any Private Bill is paid only in the House in which such Bill originates ; but the charges for reprinting and translation consequent thereon are paid in the House in which such charges are incurred.

No Petition for a Private Bill is received by the Senate or by the House of Commons after the first three weeks of the Session.

No Private Bill may be presented to the Senate or to the House of Commons after the first four weeks of the Session.

EDOUARD J. LANGEVIN,
Clerk of the Senate.
JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL RULE OF THE SENATE.

49. (*c.*) When a Bill is to operate in more than one Province, Territory or District, the notices shall be published in the *Canada Gazette* and in a leading newspaper published in each Province, Territory or District in which the Bill is to operate.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

ADDITIONAL RULES OF THE HOUSE OF COMMONS RESPECTING PRIVATE BILLS.

All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bill ;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from ;—Bills which are not framed in accordance with this *Rule*, shall be recast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses.*

51*a.* All Private Bills for Acts of incorporation of, or in amendment of Acts incorporating Railway Companies, shall be drawn in accordance with the Model Bill, copies of which may be obtained from the Clerk of the House.

(*a.*) The provisions contained in any Bill which are not in accord with the Model Bill, shall be inserted between brackets, and when revised by the proper officer shall be so printed, and Bills which are not in accordance with this Rule shall be returned to the promoters to be recast before being revised and printed ;

(*b.*) Any sections of existing Acts which are proposed to be amended shall be reprinted in full with the amendments inserted in their proper places and between brackets ;

(*c.*) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the Notice of Application for the same.

51*b.* No Bill for the incorporation of a Railway Company, or for changing the route of the railway of any company already incorporated, shall be considered by the Railway Committee until there has been filed with the Committee, at least one week before the consideration of the Bill :—

(*a.*) A Map or Plan drawn upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the lines of existing or autho-

rized works of a similar character within, or in any way affecting the district, or any part thereof, which the proposed work is intended to serve, and such map or plan shall be signed by the Engineer or other person making the same ;

(*b.*) An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking, and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures, or other securities, and the amount of each, respectively.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SPECIAL ORDER OF THE HOUSE OF COMMONS.

Resolved, That the Clerk of the House do have a copy of the new Rule 49 sent to those persons giving notice in the *Canada Gazette* of their intention to apply to Parliament for the passing of a Private Bill, together with a notification that the said Rule will be strictly adhered to for the future :—

49. Petitions for Private Bills shall only be received by the House within the first *three weeks* of the session, and Private Bills may only be presented to the House within the first *four weeks* of the session, and it shall be the duty of any Committee to which any Private Bill may be referred to consider and report the same to the House with all convenient speed.

2. That it be an instruction to all Committees on Private Bills, in the event of promoters not being ready to proceed with their measures when the same have been twice called *on two separate occasions* for consideration by the Committee, that such measures shall be reported back to the House forthwith, together with a statement of the facts and with the recommendation that such Bills be withdrawn.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during six months before the presentation of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the District in Quebec, Manitoba, British Columbia or the North-west Territories, or in the County or Union of Counties in other Provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining District or County or Union of Counties. Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the District, but otherwise shall be published in each newspaper in both languages.

A copy of the said Notice shall, not less than one month before the date of the presentation of the Petition, at the instance of the applicant, be served personally on the person from whom the divorce is sought, when that can be done.

No petition for divorce shall be received after the first thirty days of each session.

The petition of an applicant for divorce must be fairly written and must be signed by the Petitioner, and should briefly set forth the marriage, when, where and by whom the ceremony was performed, the grounds on which relief is asked and the nature of the relief prayed, and should also negative condonation, collusion and connivance. The allegations of the petition must be verified by declaration of the Petitioner, under The Act respecting Extra-Judicial Oaths.

The applicant shall deposit with the Clerk of the Senate, eight days before the opening of Parliament, a copy, in the English or French language, of the proposed Bill of Divorce, and therewith a sum sufficient to pay for translating and printing 600 copies thereof in English and 200 copies in French.

No petition for a Bill of Divorce shall be presented unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred dollars ($200).

The petition when presented shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy thereof, and by a copy of the proposed Bill.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

MISCELLANEOUS.

THE DOMINION ATLANTIC RAILWAY COMPANY.

Incorporated by Act of Parliament of Canada, 58-59 *Victoria, Chapter* 47.

NOTICE is hereby given that a special meeting of the shareholders of the above-named company will be held at the head office of the company, situate at 6 Great Winchester Street, London, England, on Tuesday, the 17th day of March, 1896, at twelve o'clock noon, to consider, and, if thought fit, to pass resolutions:—

(1.) Authorizing the directors to create and issue a four pounds per cent first debenture stock for five hundred thousand pounds, to be secured by a trust deed framed so that, at any time after the 1st of October, 1924, the company, on giving 6 months' notice, may redeem such stock at not less than one hundred and ten pounds per cent, and may pay off at par the whole or any unredeemed part of such stock on the 1st of October, 1944, or otherwise, in accordance with the terms and conditions of the said trust deed, and to exchange the same, or so much thereof as may be required, for a like amount of the five hundred thousand pounds four pounds per cent terminable debenture stock of the Windsor and Annapolis Railway Company (Limited), with all necessary ancillary powers, and to dispose of any balance of such stock as the directors may think fit.

(2.) Authorizing the directors to create and issue a four pounds per cent second debenture stock for one hundred thousand pounds, repayable at par on the 1st July, 1956, or redeemable on or after the 1st July, 1916, by the company on six months' previous notice, such stock being secured (subject to the five hundred thousand pounds first debenture stock) by a trust deed which shall provide for the issue of additional like stock, in all respects entitled to rank equally with the said one hundred thousand pounds second debenture stock, and entitled *pari passu* with it to the benefit of the said trust deed, but so that the total amount of second debenture stock shall not exceed in all four hundred and forty thousand pounds, and that no additional issue thereof beyond the said one hundred thousand pounds shall be created without the sanction of the shareholders, under The General Railway Act, with power to the directors to dispose of the said one hundred thousand pounds of the said stock as they may determine; which said resolutions, if passed, will not need confirmation at any subsequent meeting.

PROCLAMATION.

ABERDEEN.

[L.S.]

CANADA.

VICTORIA, par la Grâce de Dieu, Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Défenseur de la Foi, etc., etc., etc.

A tous ceux qui les présentes verront ou qu'icelles pourront concerner,—Salut :

PROCLAMATION.

E. L. NEWCOMBE,
Sous-ministre de la Justice, Canada.

CONSIDÉRANT que dans et par les Statuts Revisés du Canada, chapitre 182, intitulé "Acte concernant les pénitenciers," il est entre autres choses en substance statué, que le Gouverneur en conseil pourra, à toute époque, déclarer par proclamation publiée dans la *Gazette du Canada*, qu'un immeuble situé dans le Canada, et dont les limites seront déterminées avec précision dans la proclamation, est constitué en pénitencier, et doit être réputé tel aux termes du présent acte, et par la dite proclamation pourra déclarer pour quelle partie du Canada est créé ce pénitencier ;

Et considérant que Nous avons jugé à propos d'ordonner et déclarer que les étendues de terrain situées dans la province du Manitoba, et ci-dessous décrites, sont un pénitencier, et seront censées être un pénitencier aux termes du dit acte pour la province du Manitoba, les Territoires du Nord-Ouest et le district de Kéwatin :

Sachez donc, que par et avec l'avis de Notre Conseil Privé pour le Canada Nous déclarons par les présentes, en vertu du dit acte, que les étendues de terrain situées dans la province du Manitoba, et décrites comme suit, savoir :

(*a*.) Le quart sud-est de la section Deux, dans le treizième township et le second rang à l'est du principal méridien, dans le Manitoba, contenant cent soixante acres, plus ou moins ;

(*b*.) Le quart sud-ouest de la section Deux, dans le treizième township et le second rang à l'est du principal méridien, dans le Manitoba, contenant cent soixante acres, plus ou moins, et—

(*c*.) Le quart nord-ouest de la section Deux, dans le treizième township et le second rang à l'est du principal méridien dans le Manitoba, contenant cent soixante acres, plus ou moins, sont constituées en pénitencier et seront réputées être un pénitencier aux termes du dit acte, pour la province du Manitoba, les Territoires du Nord-Ouest, et le District de Kéwatin, dans Notre Puissance du Canada.

De ce qui précède Nos féaux sujets et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

En foi de quoi, Nous avons fait émettre Nos présentes Lettres Patentes et à icelles fait apposer le Grand Sceau du Canada. Témoin, Notre Très-fidèle et Bien-aimé Cousin et Conseiller le Très-honorable Sir John Campbell Hamilton-Gordon, Comte d'Aberdeen ; Vicomte Formartine, Baron Haddo, Methlic, Tarves et Kellie, dans la pairie d'Ecosse ; Vicomte Gordon d'Aberdeen, comté d'Aberdeen, dans la pairie du Royaume-Uni, Baronnet de la Nouvelle-Ecosse, Chevalier Grand-croix de Notre Ordre Très-distingué de Saint-Michel et Saint-George, etc., etc., Gouverneur Général du Canada.

A Notre Hôtel du Gouvernement, en Notre CITÉ d'OTTAWA, ce VINGT-TROISIÈME jour de JANVIER, dans l'année de Notre-Seigneur, mil huit cent quatre-vingt-seize, et de Notre Règne la cinquante-neuvième.

Par ordre,

CHARLES TUPPER,
Secrétaire d'Etat.

Lundi, le 27e jour de janvier 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que le Lieutenant-gouverneur de la province du Manitoba en conseil a, le 13e jour de septembre 1895, établi un chemin public traversant le quart nord-est de la section 35, et le quart nord-ouest de la section 36, tous deux dans le township 13, rang 27 à l'ouest du principal méridien, et demande aujourd'hui que la sanction nécessaire, en vertu des dispositions de l'acte concernant les chemins et réserves de chemin, soit accordée, et que le terrain non patenté formant le dit chemin public soit tout de suite transféré et attribué à la province du Manitoba.

Il plaît à Son Excellence, en vertu des dispositions de l'acte 58-59 Victoria, chapitre 30, intitulé "Acte à l'effet de modifier l'Acte concernant les chemins et réserves de chemins dans la province du Manitoba," et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que l'ouverture de cette partie du dit chemin traversant le quart nord-ouest de la section 36, coloré "rose" sur le plan ci-joint, soit et elle est par le présent accordée, et le terrain non patenté formant le dit chemin public transféré et attribué à la province du Manitoba.

JOHN J. McGEE,
Greffier du Conseil privé.

Mercredi, le 29e jour de janvier 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport en date du 23 de janvier 1896, du Ministre de l'Intérieur, énonçant que le département des affaires des Sauvages avait demandé qu'une étendue additionnelle de terrain sur le lac Winnipeg, à l'embouchure de la rivière Saskatchewan, soit mise à part et ajoutée à la présente réserve aux Grands Rapides pour l'usage de la bande de Sauvages qui y est fixée.

Le Ministre dit de plus que la lisière qu'il est proposé d'ajouter à la réserve actuelle, comprenant une étendue de 1899 acres, est colorée "vert" sur le plan ci-joint. En demandant cet octroi additionnel, le Sous-Surintendant Général des Affaires des Sauvages fait remarquer que l'arpenteur employé par le département des affaires des Sauvages pour disposer l'addition à la réserve, rapporte qu'une bonne moitié tant de la réserve primitive que de la nouvelle se compose de marais, et est conséquemment d'aucune valeur pour la culture. Les terres en question sont situées dans un territoire non arpenté, et il ne semble pas exister d'objection à ce qu'elles soient appropriées à l'objet mentionné.

Le Ministre recommande donc que l'étendue colorée "vert" sur le plan ci-joint, soit mise à part et réservée pour les fins d'une réserve additionnelle pour les Sauvages des Grands Rapides, rivière Saskatchewan.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

VU que le choléra asiatique est réputé exister sous forme épidémique dans certaines régions du Japon d'où l'importation de bulbes et de plantes a été exclue de vaisseaux en destination directe des Etats-Unis, et qui devaient être subséquemment expédiés par l'une des lignes de paquebots à un port canadien, il est prudent que ces bulbes et plantes, n'étant pas susceptibles d'être désinfectés, soient empêchés de franchir le cordon quarantenaire canadien,—

Il plaît à Son Excellence, en vertu des dispositions du chapitre 68 des Statuts Revisés, intitulé "Acte concernant la quarantaine," et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner, que l'importation en Canada de bulbes et plantes croissantes en terre, des régions du Japon infectées du choléra, soit, et elle est par le présent défendue.

Il plaît en outre à Son Excellence d'ordonner que le présent arrêté soit et il est par le présent déclaré un réglement quarantenaire.

JOHN J. McGEE,
Greffier du Conseil privé.
